JOURNAL OF THE HOUSE

VETO SESSION

Second Regular Session, 100th GENERAL ASSEMBLY

WEDNESDAY, SEPTEMBER 16, 2020

Speaker Haahr in the Chair.

Prayer by Reverend Monsignor Robert A. Kurwicky, Chaplain.

Behold, God is my salvation, I will trust and not be afraid. (Isaiah 12:2)

Almighty God, and loving Creator, whom to know is life eternal, whom to love is life glorified and whom to serve is life fulfilled. Today, we come in spirit and in truth, and we bow in this beautiful House Chamber, offering unto You once again the devotion of our hearts. We acknowledge that in days past we have done what we should not have done and we have not done what we should have done. We now have the opportunity to go forward with Your spirit of humility and compassion for our citizens. Forgive us, O God, when we did not pay attention because we were too tired, too lazy or just overwhelmed. Renew a generous and a good spirit within us, that we may witness a renewed purpose to struggle for social harmony, that poverty, violence and misunderstanding may disappear, and that justice, peace and understanding may appear in our state and in our own hearts during this pandemic.

And the House says, "Amen!"

The Pledge of Allegiance to the flag was recited.

MESSAGES FROM THE GOVERNOR

July 14, 2020

TO THE SECRETARY OF STATE
OF THE STATE OF MISSOURI
100th GENERAL ASSEMBLY
SECOND REGULAR SESSION

Herewith I return to you **Senate Substitute No. 2 for Senate Committee Substitute for House Committee Substitute for House Bill No. 1854**, entitled:

AN ACT

To repeal sections 29.230, 36.155, 50.166, 50.327, 54.140, 59.021, 59.100, 64.805, 67.730, 67.1360, 67.1545, 94.838, 94.900, 94.902, 105.145, 115.127, 115.621, 115.646, 137.180, 138.434, 144.757, 205.202, 238.207, 238.235, 238.237, 321.015, 321.190, 321.300, 321.552, 321.603, 506.384, 610.021, 620.2005, and 620.2010, RSMo, and section 49.266 as enacted by senate bill no. 672, ninety-seventh general assembly, second regular session, and section 49.266 as enacted by house bill no. 28, ninety-seventh general assembly, first regular session, and to enact in lieu thereof fifty-two new sections relating to political subdivisions, with penalty provisions.

I disapprove of Senate Substitute No. 2 for Senate Committee Substitute for House Committee Substitute for House Bill 1854. My reasons for disapproval are as follows:

While I recognize and applaud the General Assembly and local governments in their effort to improve the laws governing political subdivisions of this state, I cannot approve this bill as presented to me.

This bill contains thirty-seven (37) different subjects, many of which did not receive a public hearing. Not all of the aforementioned subjects relate to the bill's original purpose as required by Article III, Section 21 of the Missouri Constitution. The underlying bill's original purpose was to allow for the elimination of outstanding penalties and fees for political subdivisions that are delinquent in reference to the requirement they submit financial disclosure statements. Many of the subsequent amendments resulting in the numerous subjects in the final bill are not germane to this original purpose in that they do not relate to excusing fees and penalties owed by political subdivisions. The constitutional requirement that a bill maintain its original purpose was intended to guard against hasty legislation and afford legislators and the public an opportunity to fairly consider and comment on a bill's provisions and amendments.

Moreover, the fact that the bill contains thirty-seven different subjects violates the requirement that each bill contain a single subject as found in Article III, Section 23 of the Missouri Constitution. This constitutional requirement, that a bill contain no more than a single subject, was intended to protect the people of this state and the General Assembly from compromising in one bill diverse and inapposite subjects that would not achieve the requisite majority independently of one another. It is my judgment that the intent of these constitutional requirements was not fulfilled in this instance due to the constraints imposed upon the General Assembly by the recent outbreak of COVID-19.

Section 115.646 criminalizes a school district or charter school advocating in support or opposition of ballot measures. If convicted, a person could face punishment by imprisonment of not more than one year or by a fine of not more than two thousand five hundred dollars or by both such imprisonment and fine. Often, these individuals serve their communities and are best situated to know when ballot issues need to be put to the voters in their districts. Criminalizing their advocacy of these measures limits the flexibility of the democratic process and reduces public awareness of the issues facing our school districts.

Section 115.127 modifies the candidate declaration deadline for political subdivisions. There is significant concern that this provision will disproportionately impact the Kansas City Public School Board of Directors election, shortening the candidate filing period to only five days immediately preceding the Christmas holiday. While this outcome was likely not intended, it may need to be modified for future consideration.

In furtherance of improving government for the benefit of citizens, I am concerned about the effect of modifying Sections 620.2005 and 620.2010 of the Missouri Works Program to allow for part-time jobs. One of the primary goals of economic development incentive programs is to provide meaningful and gainful employment to citizens, and to encourage and support full-time positions that benefit families for the long term. Inclusion of part-time jobs without further requirements or definitions adversely impacts and dilutes these existing programs.

Sections 67.1545, 238.207, 238.235, and 238.237 modify provisions relating to establishing Community Improvement Districts (CIDs) and Transportation Development Districts (TDDs) in order to ensure greater accountability to taxpayers. While the intent behind the legislative modification has merit, the provisions of the act conflict with unamended current law and have unintended consequences that is likely to result in extensive litigation and the need for further amendment. For example, while section 67.1545 seeks to require that all qualified voters within the municipality in which the district is located shall be required to vote on any resolution to form a CID, the definitions of “qualified voter” and “municipality” were unamended in section 67.1401. Thus, it is unclear who the qualified voters are, and in what area they must reside geographically to be allowed to vote on such resolution. Similar issues persist with provisions relating to TDDs. Further, if the intent of the legislation is to ensure greater accountability from taxpayers and qualified voters, the ability to submit a mail-in ballot should be reconsidered. Lastly, it is unclear how this legislation may affect projects that are in the planning stages or underway. It would be inopportune to infuse these processes with ambiguity, especially when investments and commitments have been made under the current state of the law.

Sections 620.2250 and 620.2010 also create economic incentives for Targeted Industrial Manufacturing Enhancement (TIME) Zones. While this program is similar to the Missouri Works Program, it does not contain similar job retention requirements. It also may allow a TIME Zone to be formed within an Advanced Industrial Manufacturing (AIM) Zone. This would allow multiple tax incentive structures to be overlapped with the Missouri Works Program. Stacking of tax benefit programs should be limited in order to ensure program efficacy.

Section 105.145, the underlying bill, also may need to be improved for future consideration. Under this act, the Missouri Department of Revenue may file disincorporation petitions against political subdivisions for failing to file financial transaction reports. While political subdivisions should be held accountable for such reports, the Department should not be allowed to disincorporate a political subdivision, as such political subdivision may provide vital services to citizens.

Currently, when county officials do not perform their job duties, they are punished upon conviction of a misdemeanor and must vacate office. Section 54.140 removes the ability to require that the county official vacate their office. As such, taxpayers would be paying for an elected official to refuse to do their job. This provision should remain current law, as elected officers of county government should be required to do the jobs that they were elected to do.

Section 29.230, this act would prohibit the State Auditor from performing such audits of third class counties if they elected to not be audited, or if they had been audited by a certified public accountant in the past two years. However, performance audits are not financial audits as they also include subjective measures of effectiveness, results, efficiency, internal control, and compliance. Performance audits are able to assist the audited entity to make improvements for taxpaying citizens. While the intent of reducing the number of audits for any entity is a worthy cause, performance audits should be preserved to ensure government accountability.

There are many other provisions contained within this bill of which I approve, including support for early childhood education and property tax reforms. I will look forward to working with the General Assembly on these items in the future.

In accordance with the above stated reasons for disapproval, I am returning **Senate Substitute No. 2 for Senate Committee Substitute for House Committee Substitute for House Bill No. 1854** without my approval.

Respectfully submitted,

/s/ Michael L. Parson

CONSTITUTIONAL OBJECTION – Senate Substitute for Senate Committee Substitute for House Committee Substitute for House Bill No. 1414

Missouri's Constitution states in Article III, Section 23, "No bill shall contain more than one subject which shall be clearly expressed in its title...."

The original purpose of SS SCS HCS HB 1414 was “relating to protection of children.” While the bill’s title was not changed, one significant change was made during deliberation in the Senate which the House bill handler admitted to not being vetted. The amendment broadened the scope of the legislation.

Keeping with the bill’s original purpose of protecting children, amendments were added to include the protection of foster children, homeless youth, child care facility background checks, children of military families, foster care reform, and foster parent’s rights.

The Senate amendment added the topic of a substance abuse treatment waiver. During House debate, no substantive explanation was offered to justify the inclusion of the subject in the bill.

Article III, Section 21 states, “... no bill shall be so amended in its passage through either house as to change its original purpose.” What is the purpose of the addition of the substance abuse treatment waiver was not clearly defined.

As such, it appears that SS SCS HCS HB 1414 is in violation of the provisions authorized by the state Constitution.

CONSTITUTIONAL OBJECTION – Senate Committee Substitute for House Committee Substitute for House Bill No. 1655

Missouri’s Constitution states in Article III, Section 23, “No bill shall contain more than one subject which shall be clearly expressed in its title....”

The original purpose of SCS HCS HB 1655 was “relating to the secretary of state.” The original bill requires the Secretary of State to allow public inspection of the original rolls of laws passed by the General Assembly.

During the amending process, the bill was changed to include provisions “relating to official documents.” This new purpose added at least 10 separate elements related to the responsibilities of public notaries.

Article III, Section 21 states, “... no bill shall be so amended in its passage through either house as to change its original purpose.” Clearly, responsibilities and functions of the Secretary of State are different as separate from public notaries.

As such, it appears that SCS HCS HB 1655 is in violation of the provisions authorized by the state Constitution.

CONSTITUTIONAL OBJECTION – Senate Substitute for Senate Committee Substitute for House Committee Substitute for House Bill No. 1682

Missouri’s Constitution states in Article III, Section 23, “No bill shall contain more than one subject which shall be clearly expressed in its title....”

The original purpose of SS SCS HCS HB 1682 was “relating to permissible usage of vapor products in public schools.”

During the amending process, the bill was changed to include provisions “relating to health care.” This new purpose designated the month of May as Mental Health Awareness Month, July as Minority Mental Awareness Month, August as Minority Organ Donor Month, and September as Deaf Awareness Month and Infant and Maternal Mortality Awareness Month. Clearly these additions do not have anything to do with vaping in government schools!

Additional amendments include the “Long-term Care Dignity Act,” the requirement for training in CPR using an automated external defibrillator, do not resuscitate orders, the “Postpartum Depression Care Act,” telehealth, long-term care, controlled substances, prescription drugs, marijuana, epinephrine injectors, opioid settlements, hospital district dissolutions, personal care assistants, pharmacies, nursing home licensing requirements, speech pathologist, audiologists, health care reimbursements, cancer screening insurance, health care contracts, credentialing of health care practitioners, health record confidentiality, health testing, and mental health waivers.

Article III, Section 21 states, “... no bill shall be so amended in its passage through either house as to change its original purpose.”

During the Fall of 2019, I conducted an exercise in a Lawrence County High School class. The exercise included a mock bill passage which offered the students an opportunity to introduce and amend a bill. Amendments offered were purposely broadly related, however, not specifically related to bill’s original purpose. A final amendment required changing the original title (purpose). During the exercise, several students questioned the direct relationship between the amendments and the original bill.

Following the exercise, the students were informed about Article III, Sections 21 and 23 of the Missouri Constitution and asked whether or not the law was violated. The students overwhelmingly answered, “YES!”

If high school students, untrained in the law, are wise enough to understand our State Constitution, we should be able to do so as well.

Due to the wide-ranging scope, it appears that SS SCS HCS HB 1682 is in violation of the provisions authorized by the state Constitution.

RE: Appropriation Bills 2006 and 2019

Dear Clerk Miller:

Conference Committee Substitute for Senate Substitute for Senate Committee Substitute for House Substitute for House Committee Substitute for House Bill No. 2006 and House Committee Substitute for House Bill No. 2019 contain appropriations for the Department of Conservation that directly conflict with Article IV, Section 43(b) of the Missouri Constitution, which states that Conservation Commission funds “shall be expended and used by the conservation commission, department of conservation, for the control, management, restoration, conservation and regulation of the bird, fish, game, forestry and wildlife resources of the state, including the purchase or other acquisition of property for said purposes, and for the administration of the laws pertaining thereto, and for no other purpose.” The appropriations in House Bill No. 2006 and House Bill No. 2019 are unconstitutional to the extent they contain items that direct, limit, or prohibit the use of conservation funds by the Conservation Commission in ways that were not requested or approved by the Conservation Commission.

Please let me know if you have any questions.

Sincerely,

CONSTITUTIONAL OBJECTION – **Senate Substitute for Senate Committee Substitute for Senate Bill No. 569**

Missouri’s Constitution states in Article III, Section 23, “No bill shall contain more than one subject which shall be clearly expressed in its title....”

The original purpose of SS SCS SB 569 was “relating to evidentiary collection kits.”

During the amending process, the bill was changed to “relating to victims of sexual offenses” in order to include the “Justice for Survivors Act,” the “Sexual Assault Survivor’s Bill of Rights” and, the creation of the “Missouri Rights of Victims of Sexual Assault Task Force.”

Article III, Section 21 states, “... no bill shall be so amended in its passage through either house as to change its original purpose.”

While the amendments relate to victims of sexual assault, the additions to the bill broadened the scope of the bill (necessitating the change of title), it appears that SS SCS SB 569 is in violation of the provisions authorized by the state Constitution.

CONSTITUTIONAL OBJECTION – **Senate Substitute No. 2 for Senate Committee Substitute for Senate Bill No. 591**

Missouri’s Constitution states in Article III, Section 23, “No bill shall contain more than one subject which shall be clearly expressed in its title....”

The original purpose of SS#2 SCS SB 591 was “relating to punitive damages.” The bill’s purpose was changed to “civil action” in order to broaden the scope of the legislation.

Amendments added to the original bill's focus of general and medical malpractice (punitive damages) include unlawful merchandising practices for new residents.

As such, it appears that SS#2 SCS SB 591 is in violation of the provisions authorized by the state Constitution.

CONSTITUTIONAL OBJECTION – House Committee Substitute for Senate Committee Substitute for Senate Bill No. 599

Missouri's Constitution states in Article III, Section 23, "No bill shall contain more than one subject which shall be clearly expressed in its title...."

The original purpose of SB 599 was "relating to investments in linked deposits by the state treasurer." The bill's subject title was amended by House Committee Substitute to "relating to financial instruments" in order to broaden the scope of the legislation.

During the amending process, the bill was amended to include the uniformity of convenience fees charged by installment loan lenders. There appears to be no relationship between these entities and the office of the state treasurer.

Article III, Section 21 states, "... no bill shall be so amended in its passage through either house as to change its original purpose."

Due to the changes made in the bill, it appears HCS SCS SB 599 is in violation of the provisions authorized by the state Constitution.

In addition, in Article III, Section 21, “no bill shall be so amended in its passage through either house as to change its original purpose.”

The original purpose of SCS SB 631 was “relating to the political activity of certain state employees.” The bill’s subject title was amended by Senate Committee Substitute to “relating to elections” in order to broaden the scope of the legislation.

As the bill was moved through the legislative process, amendments were adopted to include “political committees, candidate financial disclosures, absent uniformed services voters, absentee voting, voter identification, and initiative and referendum petitions.” While the amendments may merit passage by both Houses as independent bills, they do not fit under the original purpose of the bill.

As such, it appears that CCS SCS SB 631 is in violation of the provisions authorized by the state Constitution.

In addition, in Article III, Section 21, “no bill shall be so amended in its passage through either house as to change its original purpose.”

The original purpose of HCS SB 656 was “relating to the designation of the Missouri Korean War veterans memorial.” The bill’s subject title was amended by Senate Committee Substitute to “relating to veterans” in order to broaden the scope of the legislation.

As the bill was moved through the legislative process, amendments were adopted to include “Ghost Army Recognition Day,” “Buddy Check 22 Day,” the official recognition of “Gold Star Memorial Monuments,” legal aid to military families, military family teacher certificate reciprocity, long-term care for veterans in Missouri Veterans Homes, MO Healthnet coverage for military families, abuse and neglect of children of military families, license plate designations for Purple Heart recipients, Military Honor flight, and Meritorious Medal honorees, and CCW permits for military family members. While the amendments may merit passage by both Houses as independent bills, they do not fit under the original purpose of the bill.

As such, it appears that HCS SB 656 is in violation of the provisions authorized by the state Constitution.

CONSTITUTIONAL OBJECTION – House Committee Substitute for Senate Bill No. 676

Missouri’s Constitution states in Article III, Section 23, “No bill shall contain more than one subject which shall be clearly expressed in its title....”

In addition, in Article III, Section 21, “no bill shall be so amended in its passage through either house as to change its original purpose.”

The original purpose of HCS SB 676 was “relating to property tax assessments.” The bill’s subject title was amended by Senate Committee Substitute to “relating to taxation” in order to broaden the scope of the legislation.

As the bill was moved through the legislative process, amendments, unrelated to the original purpose, were adopted to include income taxes, taxation of partnerships, and a provision to offer tax relief for victim who die as a result of a terrorist attack.

As such, it appears that HCS SB 676 is in violation of the provisions authorized by the state Constitution.

CONSTITUTIONAL OBJECTION – Senate Substitute for Senate Committee Substitute for Senate Bill No. 718

In addition, in Article III, Section 21, “no bill shall be so amended in its passage through either house as to change its original purpose.”

The original purpose of SS SCS SB 718 was “relating to military families.” The bill’s subject title was amended by Senate Committee Substitute to “relating to military affairs” in order to broaden the scope of the legislation.

As the bill was moved through the legislative process, amendments were adopted to include the designation of the month of November as “Military Family Month,” “Buddy Check 22 Day,” requiring the Attorney General to assist military families in retaining legal counsel, the creation of the state Military Forces department, military family teacher certificate reciprocity, addresses concerns for the long-term care for veterans in Missouri Veterans Homes,

LETTER OF OBJECTION

May 27, 2020

Dana Rademan Miller
Chief Clerk of the Missouri House of Representatives
State Capitol, Room 310
Jefferson City, MO 65101

Mrs. Miller:

I hereby object that **House Committee Substitute for Senate Bill No. 782, as amended**, which was truly agreed and finally passed by the Senate on May 14, 2020, was not presented to me, as the Speaker of the House of Representatives, for my signature.

House Committee Substitute for Senate Bill No. 782, as amended, having been approved by a majority of the members of the House of Representatives and the Senate, was truly agreed and finally passed. Article III, Section 31 of the Missouri Constitution requires that “every bill which shall have passed the house of representatives and the senate shall be presented to and considered by the governor”. Any bill not returned by the Governor within the time limits prescribed in that Section shall become law in like manner as if the Governor had signed it. The Senate failed to present House Committee Substitute for Senate Bill No. 782, as amended and ordered enrolled to the House of Representatives, thereafter to be delivered to the Governor for his consideration.

As you know, House Committee Substitute for Senate Bill No. 782 was taken up by the House of Representatives on May 13, 2020, amended, and was read the third time and passed. Such action was reported to the Senate and recorded in the Senate journal the same day.

On May 14, 2020, House Committee Substitute for Senate Bill No. 782, as amended, was read the third time and passed by the Senate in a vote of 28-3. The President declared the bill passed and the bill was ordered enrolled. The House of Representatives thereafter received a message from the Senate that House Committee Substitute for Senate Bill No. 782, as amended, had been truly agreed and finally passed. No further message from the Senate was received.

Thereafter, the Senate purported to reconsider the vote by which House Committee Substitute for Senate Bill No. 782 was third read and finally passed. Such action, however, is not allowed. Article IX of the Rules of the Senate is entitled “Final Passage – yeas and nays” and details the procedures to effect the final passage of a bill and certain actions that may be taken after final passage. Senate Rule 66 states that “if a majority of the senators elected vote in favor thereof, the bill shall be declared passed. No senator shall be allowed to cast or change his or her vote after the

senate's action on said question is announced by the president". As mentioned above, the President of the Senate declared House Committee Substitute for Senate Bill No. 782, as amended, passed. Therefore, any vote cast or changed after such action was invalid.

To reiterate the point, the Rules of the Senate only allow for a motion to reconsider when a bill is put upon its final passage and it fails to pass. Senate Rule 67 states "When a bill is put upon its final passage and, failing to pass, a motion is made to reconsider the vote by which it was defeated, the presiding officer shall briefly state the nature of the bill. Thereupon the vote on the motion to reconsider shall be immediately taken..." Other Rules of the Senate relating to reconsideration, such as Senate Rule 92, are only applicable to bills before their third reading and passage and are certainly not applicable to bills after their final passage. The actions taken by the Senate after House Committee Substitute for Senate Bill No. 782, as amended, was truly agreed and finally passed are invalid and of no legal consequence.

The extreme and unprecedented actions by the Senate after a bill's final passage are alarming. It appears that such an action has not been taken by either chamber in 100 general assemblies and for good reason. As its name implies, to truly agree and finally pass a bill is the final action by the General Assembly in regards to legislation. No further actions are allowed other than to deliver the bill to the Governor for his approval, or to a vote of the people in the event of a referendum or Constitutional amendment.

Please note my objection to the Senate's failure to deliver House Committee Substitute for Senate Bill No. 782, as amended, which was truly agreed and finally passed, to the House of Representatives in the House Journal.

Sincerely,

/s/ Elijah J. L. Haahr
Speaker of the Missouri House of Representatives

SIGNING OF SENATE JOINT RESOLUTION

All other business of the House was suspended while **SS#3 SJR 38** was read at length and was signed by the Speaker to the end that the same may become law.

CONSTITUTIONAL OBJECTIONS

Representatives offered objections to **SS#3 SJR 38**, which were appended to the resolution.

Dear Colleagues:

Pursuant to Article III Section 30 of the Missouri Constitution, I write to express my objections to **Senate Substitute No. 3 for Senate Joint Resolution No. 38** ("SJR 38") as unconstitutional and against public policy, for the following reasons:

SJR 38 would directly undo the will of the Missouri voters. In 2018, Missourians overwhelmingly voted in favor of Amendment 1, which passed with 62 percent of the vote, and garnered popular support in 149 of 163 of the Missouri's House districts (many of which have Republican majorities). SJR 38 would undo many of the changes instituted by Amendment 1—changes that Missourians voted for *less than two years ago*.

SJR 38 significantly weakens protections afforded to communities of color. Amendment 1 provided robust state-law protections for communities of color, ensuring that minority communities would be able to participate in the political process and elect representatives of their choice. SJR 38 significantly weakens these protections, leaving communities of color more vulnerable to being underrepresented in the redistricting process.

SJR 38 undermines the independence of the map-drawing process. Amendment 1 made Missouri's redistricting process more independent by entrusting the map-drawing process to a nonpartisan demographer, who would be selected on a bipartisan basis by Democrats and Republicans. SJR 38 would reverse course by reinstituting map drawing by partisan demographers that, as history has taught us, will likely result in a deadlocked process.

SJR 38 enables partisan gerrymandering. Amendment 1 prioritized partisan fairness. By contrast, SJR 38 deemphasizes it, demoting it to the bottom of the list of redistricting criteria to be considered. Thus, instead of requiring districts to be drawn as fairly as practicable, SJR 38 permits map drawers to engage in partisan gerrymandering. This is precisely what Missourians overwhelmingly voted to change in 2018.

SJR 38 might be construed as allowing children and noncitizens to be excluded when district lines are drawn. SJR 38 would erase language in Missouri's Constitution that expressly requires districts to be established on the basis of total population. Instead, the resolution provides that districts be drawn on the basis of "one person, one vote." This language appears in no other state constitution and, because some have argued that it allows for districts to be drawn based on citizens or adult citizens, would open the door to efforts to disregard children and others when district boundaries are drawn.

SJR 38 would discriminate against communities of color if map drawers choose an apportionment base other than total population. Use of an apportionment base that only includes eligible voters would be discriminatory. Over 90 percent of the Missourians who would be excluded from such narrow apportionment base would be children who are United States citizens—many of whom will become voters before the decade is out. This would have an overwhelmingly disproportionate impact on communities of color. While only 21 percent of the members of Missouri's white communities are younger than eighteen, 26.7 percent of the members of our Black communities and 37 percent of the members of our Latino communities are. This means that over one-quarter of Missouri's Black community, and more than one-third of Missouri's Latino community, would not be counted if SJR 38 is interpreted to allow for the exclusion of people under eighteen-years-old from the apportionment base.

Further, under Missouri's current Senate map, two out of the four districts that elected members of the Missouri Legislative Black Caucus would become more underpopulated under adult citizen-based apportionment. This would make it significantly more difficult for Missouri's communities of color to elect candidates of their choice and secure equal representation. Over time, Missouri's maps would shift representation away from communities of color and discriminatorily favor older white communities with fewer children.

Likewise, as we have heard from experts, even if children were counted, apportioning on the basis of citizens alone would mean that Missouri's 130,000 noncitizens—who pay taxes and contribute to their communities just like everyone else—would be completely ignored in the redistricting process, even though as elected representatives we serve every resident of our districts and not just those eligible or registered to vote. An apportionment base that counts citizen children but excludes noncitizens would expose as mere pretext any defense of SJR 38 as giving more weight to "people that are able to vote." It also would violate one of the fundamental tenets of our country: "no taxation without representation." Simply put, there is no justification for excluding noncitizen individuals from the apportionment base that is not rooted in a discriminatory, anti-immigrant sentiment.

SJR 38 would be a step backwards for the state of Missouri. It threatens communities of color, invites partisan politics back into the redistricting process, and invites the drawing of maps that are less fair and less representative of Missouri. For these reasons, we strongly oppose the passage of this resolution.

Sincerely,

/s/ Representative Peter Merideth

CONSTITUTIONAL OBJECTION – Senate Substitute No. 3 for Senate Joint Resolution No. 38

Missouri’s Constitution states in Article III, Section 50, “... Petitions for laws shall contain no more than one subject which shall be clearly expressed in its title...”

The original purpose of SJR 38 was “relating to regulating the legislature to limit the influence of partisan or other special interests.” Although broad, the purpose of the bill requires Missouri voters to decide multiple questions with only one answer.

The measure presented to voters will include whether or not a ban on all lobbyists gifts should be instituted, whether or not further restrictions on campaign contributions should be implemented, and decisions on legislative district boundaries.

These ballot questions will require a single vote of “yes” or “no.” Voters may indeed support or reject all questions. However, if a voter supports one and rejects another, a simple “yes” or “no” will not suffice. SJR 38 will place an unwarranted burden on Missouri voters by requiring a single answer for multiple questions.

As such, it appears that SJR 38 is in violation of the provisions authorized by the state Constitution.

On motion of Representative Henderson, the title of **HCS SCS SB 725** was agreed to.

Representative Eggleston offered **House Amendment No. 1**.

House Amendment No. 1

AMEND House Committee Substitute for Senate Committee Substitute for Senate Bill No. 725, Pages 34-39, Section 137.115, Lines 1-198, by deleting all of said section and lines and inserting the following:

"137.115. 1. All other laws to the contrary notwithstanding, the assessor or the assessor's deputies in all counties of this state including the City of St. Louis shall annually make a list of all real and tangible personal property taxable in the assessor's city, county, town or district. Except as otherwise provided in subsection 3 of this section and section 137.078, the assessor shall annually assess all personal property at thirty-three and one-third percent of its true value in money as of January first of each calendar year. The assessor shall annually assess all real property, including any new construction and improvements to real property, and possessory interests in real property at the percent of its true value in money set in subsection 5 of this section. The true value in money of any possessory interest in real property in subclass (3), where such real property is on or lies within the ultimate airport boundary as shown by a federal airport layout plan, as defined by 14 CFR 151.5, of a commercial airport having a FAR Part 139 certification and owned by a political subdivision, shall be the otherwise applicable true value in money of any such possessory interest in real property, less the total dollar amount of costs paid by a party, other than the political subdivision, towards any new construction or improvements on such real property completed after January 1, 2008, and which are included in the above-mentioned possessory interest, regardless of the year in which such costs were incurred or whether such costs were considered in any prior year. The assessor shall annually assess all real property in the following manner: new assessed values shall be determined as of January first of each odd-numbered year and shall be entered in the assessor's books; those same assessed values shall apply in the following even-numbered year, except for new construction and property improvements which shall be valued as though they had been completed as of January first of the preceding odd-numbered year. The assessor may call at the office, place of doing business, or residence of each person required by this chapter to list property, and require the person to make a correct statement of all taxable tangible personal property owned by the person or under his or her care, charge or management, taxable in the county. On or before January first of each even-numbered year, the assessor shall prepare and submit a two-year assessment maintenance plan to the county governing body and the state tax commission for their respective approval or modification. The county governing body shall approve and forward such plan or its alternative to the plan to the state tax commission by February first. If the county governing body fails to forward the plan or its alternative to the plan to the state tax commission by February first, the assessor's plan shall be considered approved by the county governing body. If the state tax commission fails to approve a plan and if the state tax commission and the assessor and the governing body of the county involved are unable to resolve the differences, in order to receive state cost-share funds outlined in section 137.750, the county or the assessor shall petition the administrative hearing commission, by May first, to decide all matters in dispute regarding the assessment maintenance plan. Upon agreement of the parties, the matter may be stayed while the parties proceed with mediation or arbitration upon terms agreed to by the parties. The final decision of the administrative hearing commission shall be subject to judicial review in the circuit court of the county involved. In the event a valuation of subclass (1) real property within any county with a charter form of government, or within a city not within a county, is made by a computer, computer-assisted method or a computer program, the burden of proof, supported by clear, convincing and cogent evidence to sustain such valuation, shall be on the assessor at any hearing or appeal. In any such county, unless the assessor proves otherwise, there shall be a presumption that the assessment was made by a computer, computer-assisted method or a computer program. Such evidence shall include, but shall not be limited to, the following:

(1) The findings of the assessor based on an appraisal of the property by generally accepted appraisal techniques; and

(2) The purchase prices from sales of at least three comparable properties and the address or location thereof. As used in this subdivision, the word "comparable" means that:

(a) Such sale was closed at a date relevant to the property valuation; and

(b) Such properties are not more than one mile from the site of the disputed property, except where no similar properties exist within one mile of the disputed property, the nearest comparable property shall be used. Such property shall be within five hundred square feet in size of the disputed property, and resemble the disputed property in age, floor plan, number of rooms, and other relevant characteristics.

2. Assessors in each county of this state and the City of St. Louis may send personal property assessment forms through the mail.

3. The following items of personal property shall each constitute separate subclasses of tangible personal property and shall be assessed and valued for the purposes of taxation at the following percentages of their true value in money:

- (1) Grain and other agricultural crops in an unmanufactured condition, one-half of one percent;
- (2) Livestock, twelve percent;
- (3) Farm machinery, twelve percent;
- (4) Motor vehicles which are eligible for registration as and are registered as historic motor vehicles pursuant to section 301.131 and aircraft which are at least twenty-five years old and which are used solely for noncommercial purposes and are operated less than ~~[fifty]~~ **two hundred** hours per year or aircraft that are home built from a kit, five percent;
- (5) Poultry, twelve percent; and
- (6) Tools and equipment used for pollution control and tools and equipment used in retooling for the purpose of introducing new product lines or used for making improvements to existing products by any company which is located in a state enterprise zone and which is identified by any standard industrial classification number cited in subdivision (5) of section 135.200, twenty-five percent.

4. The person listing the property shall enter a true and correct statement of the property, in a printed blank prepared for that purpose. The statement, after being filled out, shall be signed and either affirmed or sworn to as provided in section 137.155. The list shall then be delivered to the assessor.

5. (1) All subclasses of real property, as such subclasses are established in Section 4(b) of Article X of the Missouri Constitution and defined in section 137.016, shall be assessed at the following percentages of true value:

- (a) For real property in subclass (1), nineteen percent;
- (b) For real property in subclass (2), twelve percent; and
- (c) For real property in subclass (3), thirty-two percent.

(2) A taxpayer may apply to the county assessor, or, if not located within a county, then the assessor of such city, for the reclassification of such taxpayer's real property if the use or purpose of such real property is changed after such property is assessed under the provisions of this chapter. If the assessor determines that such property shall be reclassified, he or she shall determine the assessment under this subsection based on the percentage of the tax year that such property was classified in each subclassification.

6. Manufactured homes, as defined in section 700.010, which are actually used as dwelling units shall be assessed at the same percentage of true value as residential real property for the purpose of taxation. The percentage of assessment of true value for such manufactured homes shall be the same as for residential real property. If the county collector cannot identify or find the manufactured home when attempting to attach the manufactured home for payment of taxes owed by the manufactured home owner, the county collector may request the county commission to have the manufactured home removed from the tax books, and such request shall be granted within thirty days after the request is made; however, the removal from the tax books does not remove the tax lien on the manufactured home if it is later identified or found. For purposes of this section, a manufactured home located in a manufactured home rental park, rental community or on real estate not owned by the manufactured home owner shall be considered personal property. For purposes of this section, a manufactured home located on real estate owned by the manufactured home owner may be considered real property.

7. Each manufactured home assessed shall be considered a parcel for the purpose of reimbursement pursuant to section 137.750, unless the manufactured home is real estate as defined in subsection 7 of section 442.015 and assessed as a realty improvement to the existing real estate parcel.

8. Any amount of tax due and owing based on the assessment of a manufactured home shall be included on the personal property tax statement of the manufactured home owner unless the manufactured home is real estate as defined in subsection 7 of section 442.015, in which case the amount of tax due and owing on the assessment of the manufactured home as a realty improvement to the existing real estate parcel shall be included on the real property tax statement of the real estate owner.

9. The assessor of each county and each city not within a county shall use the trade-in value published in the October issue of the National Automobile Dealers' Association Official Used Car Guide, or its successor publication, as the recommended guide of information for determining the true value of motor vehicles described in such publication. The assessor shall not use a value that is greater than the average trade-in value in determining the true value of the motor vehicle without performing a physical inspection of the motor vehicle. For vehicles two years old or newer from a vehicle's model year, the assessor may use a value other than average without performing a physical inspection of the motor vehicle. In the absence of a listing for a particular motor vehicle in such publication, the assessor shall use such information or publications which in the assessor's judgment will fairly estimate the true value in money of the motor vehicle.

10. Before the assessor may increase the assessed valuation of any parcel of subclass (1) real property by more than fifteen percent since the last assessment, excluding increases due to new construction or improvements, the assessor shall conduct a physical inspection of such property.

11. If a physical inspection is required, pursuant to subsection 10 of this section, the assessor shall notify the property owner of that fact in writing and shall provide the owner clear written notice of the owner's rights relating to the physical inspection. If a physical inspection is required, the property owner may request that an interior inspection be performed during the physical inspection. The owner shall have no less than thirty days to notify the assessor of a request for an interior physical inspection.

12. A physical inspection, as required by subsection 10 of this section, shall include, but not be limited to, an on-site personal observation and review of all exterior portions of the land and any buildings and improvements to which the inspector has or may reasonably and lawfully gain external access, and shall include an observation and review of the interior of any buildings or improvements on the property upon the timely request of the owner pursuant to subsection 11 of this section. Mere observation of the property via a drive-by inspection or the like shall not be considered sufficient to constitute a physical inspection as required by this section.

13. ~~The provisions of subsections 11 and 12 of this section shall only apply in any county with a charter form of government with more than one million inhabitants.~~

~~14.]~~ A county or city collector may accept credit cards as proper form of payment of outstanding property tax or license due. No county or city collector may charge surcharge for payment by credit card which exceeds the fee or surcharge charged by the credit card bank, processor, or issuer for its service. A county or city collector may accept payment by electronic transfers of funds in payment of any tax or license and charge the person making such payment a fee equal to the fee charged the county by the bank, processor, or issuer of such electronic payment.

~~15.]~~ 14. Any county or city not within a county in this state may, by an affirmative vote of the governing body of such county, opt out of the provisions of this section and sections 137.073, 138.060, and 138.100 as enacted by house bill no. 1150 of the ninety-first general assembly, second regular session and section 137.073 as modified by house committee substitute for senate substitute for senate committee substitute for senate bill no. 960, ninety-second general assembly, second regular session, for the next year of the general reassessment, prior to January first of any year. No county or city not within a county shall exercise this opt-out provision after implementing the provisions of this section and sections 137.073, 138.060, and 138.100 as enacted by house bill no. 1150 of the ninety-first general assembly, second regular session and section 137.073 as modified by house committee substitute for senate substitute for senate committee substitute for senate bill no. 960, ninety-second general assembly, second regular session, in a year of general reassessment. For the purposes of applying the provisions of this subsection, a political subdivision contained within two or more counties where at least one of such counties has opted out and at least one of such counties has not opted out shall calculate a single tax rate as in effect prior to the enactment of house bill no. 1150 of the ninety-first general assembly, second regular session. A governing body of a city not within a county or a county that has opted out under the provisions of this subsection may choose to implement the provisions of this section and sections 137.073, 138.060, and 138.100 as enacted by house bill no. 1150 of the ninety-first general assembly, second regular session, and section 137.073 as modified by house committee substitute for senate substitute for senate committee substitute for senate bill no. 960, ninety-second general assembly, second regular session, for the next year of general reassessment, by an affirmative vote of the governing body prior to December thirty-first of any year.

~~16.]~~ 15. The governing body of any city of the third classification with more than twenty-six thousand three hundred but fewer than twenty-six thousand seven hundred inhabitants located in any county that has exercised its authority to opt out under subsection 15 of this section may levy separate and differing tax rates for real and personal property only if such city bills and collects its own property taxes or satisfies the entire cost of the billing and collection of such separate and differing tax rates. Such separate and differing rates shall not exceed such city's tax rate ceiling.

~~17.]~~ 16. Any portion of real property that is available as reserve for strip, surface, or coal mining for minerals for purposes of excavation for future use or sale to others that has not been bonded and permitted under chapter 444 shall be assessed based upon how the real property is currently being used. Any information provided to a county assessor, state tax commission, state agency, or political subdivision responsible for the administration of tax policies shall, in the performance of its duties, make available all books, records, and information requested, except such books, records, and information as are by law declared confidential in nature, including individually identifiable information regarding a specific taxpayer or taxpayer's mine property. For purposes of this subsection, "mine property" shall mean all real property that is in use or readily available as a reserve for strip, surface, or coal mining for minerals for purposes of excavation for current or future use or sale to others that has been bonded and permitted under chapter 444."; and

Further amend said bill, Pages 39-40, Section 138.060, Lines 1-25, by deleting all of said section and lines and inserting in lieu thereof the following:

"138.060. 1. The county board of equalization shall, in a summary way, determine all appeals from the valuation of property made by the assessor, and shall correct and adjust the assessment accordingly. There shall be no presumption that the assessor's valuation is correct. In any county with a charter form of government with a population greater than two hundred eighty thousand inhabitants but less than two hundred eighty-five thousand inhabitants, ~~and~~ in any county with a charter form of government with greater than one million inhabitants, ~~and~~ in any city not within a county, **and in any other county for any property whose assessed valuation increased at least fifteen percent from the previous assessment unless the increase is due to new construction or improvement**, the assessor shall have the burden to prove that the assessor's valuation does not exceed the true market value of the subject property. In such county or city, in the event a physical inspection of the subject property is required by subsection 10 of section 137.115, the assessor shall have the burden to establish the manner in which the physical inspection was performed and shall have the burden to prove that the physical inspection was performed in accordance with section 137.115. In such county or city, in the event the assessor fails to provide sufficient evidence to establish that the physical inspection was performed in accordance with section 137.115, the property owner shall prevail on the appeal as a matter of law. At any hearing before the state tax commission or a court of competent jurisdiction of an appeal of assessment from a first class charter county or a city not within a county, the assessor shall not advocate nor present evidence advocating a valuation higher than that value finally determined by the assessor or the value determined by the board of equalization, whichever is higher, for that assessment period.

2. The county clerk shall keep an accurate record of the proceedings and orders of the board, and the assessor shall correct all erroneous assessments, and the clerk shall adjust the tax book according to the orders of such board and the orders of the state tax commission, except that in adding or deducting such percent to each tract or parcel of real estate as required by such board or state tax commission, he shall add or deduct in each case any fractional sum of less than fifty cents, so that the value of any separate tract shall contain no fractions of a dollar.

138.090. 1. Except as provided in subsection 2 of this section, the county board of equalization in first class counties shall meet on the ~~first~~ **third** Monday in July of each year.

2. Upon a finding by the board that it is necessary in order to fairly hear all cases arising from a general reassessment, the board may begin meeting after July first in any applicable year to timely consider any appeal or complaint resulting from an evaluation made during a general reassessment of all taxable real property and possessory interests in the county. There shall be no presumption that the assessor's valuation is correct."; and

The secretary and the treasurer, if members of the board of directors, may each receive such additional compensation for the performance of their respective duties as secretary and treasurer as the board shall deem reasonable and necessary, not to exceed one thousand dollars per year. The circuit court having jurisdiction over the district shall have power to remove directors or any of them for good cause shown upon a petition, notice and hearing.

321.300. 1. 2. The boundaries may be changed as follows:

(1) Twenty-five percent of the number of voters who voted in the most recent gubernatorial election in the area to be annexed may file with the board a petition in writing praying that such real property be included within the district; provided that in the case of a municipality having less than twenty percent of its total population in one fire protection district, the entire remaining portion may be included in another district so that none of the city is outside of a fire protection district at the time. The petition shall describe the property to be included in the district and shall describe the property owned by the petitioners and shall be deemed to give assent of the petitioners to the inclusion in the district of the property described in the petition; and such petition shall be in substantially the form set forth in section 321.495 dealing with referendums and verified in like manner; provided, however, that in the event that there are more than twenty-five property owners or taxpaying electors signing the petition, it shall be deemed sufficient description of their property in the petition as required in this section to list the addresses of such property; or

The petition shall describe the property owned by the petitioners and shall be deemed to give assent of the petitioners to the inclusion in the district of the property described in the petition;

(3) Notwithstanding any provision of law to the contrary, in any fire protection district which is partly or wholly located in a noncharter county of the first classification with a population of less than one hundred thousand which adjoins any county of the first classification with a charter form of government with a population of nine hundred thousand or more inhabitants, if such fire protection district serves any portion of a city which is located in both such counties, the boundaries of the district may be expanded so as to include the entire city within the fire protection district, but the boundaries of the district shall not be expanded beyond the city limits of such city, as the boundaries of such city existed on January 1, 1993. Such change in the boundaries of the district shall be accomplished only if twenty-five percent of the number of voters who voted in the most recent gubernatorial election in the area to be annexed file with the board a petition in writing praying that such real property be included within the district. The petition shall describe the property to be included in the district and shall describe the property owned by the petitioners and shall be deemed to give assent of the petitioners to the inclusion in the district of the property described in the petition; and such petition shall be in substantially the form set forth in section 321.495 dealing with referendums and verified in like manner.

(4) Notwithstanding any provision of law to the contrary, if one or more fire protection districts serve any portion of a city with a charter form of government that has a municipal fire department and is located in a county with a charter form of government with a population of nine hundred thousand or more inhabitants, the boundaries of any district may be expanded so as to include areas within the city into the boundaries of a fire protection district, but the boundaries of any district shall not be expanded beyond the city limits of such city, as the boundaries of such city existed on July 1, 2020. Such change in the district boundaries shall be accomplished pursuant to the provisions of this subdivision only if the governing body of such city shall file with the board of any such fire protection district a written consent for the board to seek approval of the circuit court having jurisdiction over the district for extension of the district's boundaries and to submit the question of extension of the district's boundaries to the registered voters of the area described in the city's consent with respect to that district. If the board of directors of the fire protection district or districts endorse the consent filed by such city, the district may petition the circuit court having jurisdiction over such district to order the extension of the district's boundaries to include the area described in the city's written consent with respect to that district subject to approval at an election held for that purpose. At such election, the question shall be submitted to the registered voters of the area to be included in a fire protection district in substantially the following form:

Shall the boundaries of the Fire Protection District be extended to include the following described property (Describe property)?

☐ YES

☐ NO

If a majority of the voters voting on the proposition vote in favor of the extension of the boundaries of that district, then the court shall enter an order declaring the extension of the boundaries of that fire protection district to be final and conclusive. In the event, however, that the court finds that a majority of the voters voting in the area to be included in a fire protection district voted against the proposition to extend the boundaries of that district, then the court shall enter its further order declaring the extension of boundaries of that district to be void and of no effect.

3. The secretary of the board shall cause notice of the filing of any petition filed pursuant to this section to be given and published in the county in which the property is located, which notice shall recite the filing of such petition, the number of petitioners, a general description of the boundaries of the area proposed to be included and the prayer of the petitioners; giving notice to all persons interested to appear at the office of the board at the time named in the notice and show cause in writing, if any they have, why the petition should not be granted. The board shall at the time and place mentioned, or at such time or times to which the hearing may be adjourned, proceed to hear the petition and all objections thereto presented in writing by any person showing cause why the petition should not be granted. The failure of any person interested to show cause in writing why such petition shall not be granted shall be deemed as an assent on his part to the inclusion of such lands in the district as prayed for in the petition.

4. If the board deems it for the best interest of the district, it shall grant the petition, but if the board determines that some portion of the property mentioned in the petition cannot as a practical matter be served by the district, or if it deems it for the best interest of the district that some portion of the property in the petition not be included in the district, then the board shall grant the petition in part only. AMEND House Committee Substitute for Senate Committee Substitute for Senate Bill No. 725, Pages 49-54, Section 620.2250, Lines 1-163, by deleting all of said section and inserting in lieu thereof the following:

"620.2250. 1. This section shall be known and may be cited as the "Targeted Industrial Manufacturing Enhancement Zones Act".

2. As used in this section, the following terms shall mean:

(1) "County average wage", the average wage in each county as determined by the department for the most recently completed full calendar year. However, if the computed county average wage is above the statewide average wage, the statewide average wage shall be deemed the county average wage for such county for the purpose of determining eligibility;

- (2) "Department", the Missouri department of economic development;
- (3) "New job", the number of full-time employees located at the project facility that exceeds the project facility base employment less any decrease in the number of full-time employees at related facilities below the related facility base employment. No job that was created prior to the date of the completion of an agreement pursuant to subsection 6 of this section and no job that is relocated from another location within this state shall be deemed a new job. An employee that spends less than fifty percent of the employee's work time at the facility is still considered to be located at a facility if the employee receives his or her directions and control from that facility, is on the facility's payroll, one hundred percent of the employee's income from such employment is Missouri income, and the employee is paid at or above the county average wage;
- (4) "Political subdivision", a town, village, city, or county located in this state;
- (5) "Related facility", a facility operated by a company or a related company prior to the establishment of the TIME zone in question, and which is directly related to the operations of the facility within the new TIME zone;
- (6) "TIME zone", an area identified through an ordinance or resolution passed pursuant to subsection 4 of this section that is being developed or redeveloped for any purpose so long as any infrastructure or building built or improved is in the development area;
- (7) "Zone board", the governing body of a TIME zone.

3. The governing bodies of at least two contiguous or overlapping political subdivisions in this state may establish one or more TIME zones, which shall be political subdivisions of the state, for the purposes of completing infrastructure projects to promote the economic development of the region. Such zones may only include the area within the governing bodies' jurisdiction, ownership, or control, and may include any such area. The governing bodies shall determine the boundaries for each TIME zone, and more than one TIME zone may exist within the governing bodies' jurisdiction or under the governing bodies' ownership or control, and may be expanded or contracted by resolution of the zone board.

4. (1) To establish a TIME zone, the governing bodies of at least two political subdivisions shall each propose an ordinance or resolution creating such zone. Such ordinance or resolution shall set forth the names of the political subdivisions which will form the TIME zone, the general nature of the proposed improvements, the estimated cost of such improvements, the boundaries of the proposed TIME zone, and the estimated number of new jobs to be created in the TIME zone. Prior to approving such ordinance or resolution, each governing body shall hold a public hearing to consider the creation of the TIME zone and the proposed improvements therein. The governing bodies shall hear and pass upon all objections to the TIME zone and the proposed improvements, if any, and may amend the proposed improvements, and the plans and specifications therefor.

(2) After the passage or adoption of the ordinance or resolution creating the TIME Zone, governance of the TIME zone shall be by the zone board, which shall consist of seven members selected from the political subdivisions creating the TIME zone. Members of a zone board shall receive no salary or other compensation for their services as members, but shall receive their necessary traveling and other expenses incurred while actually engaged in the discharge of their official duties. The zone board may expand or contract such TIME zone through an ordinance or resolution following a public hearing conducted to consider such expansion or contraction.

5. The boundaries of the proposed TIME zone shall be described by metes and bounds, streets, or other sufficiently specific description.

6. (1) Prior to retaining any state withholding tax pursuant to subsection 9 of this section, a zone board shall enter into an agreement with the department. Such agreement shall include, but shall not be limited to:

- (a) The estimated number of new jobs to be created;
 - (b) The estimated average wage of new jobs to be created;
 - (c) The estimated net fiscal impact of the new jobs;
 - (d) The estimated costs of the proposed improvements;
 - (e) The estimated amount of withholding tax to be retained pursuant to subsection 9 of this section over the period of the agreement; and
 - (f) A copy of the ordinance establishing the board and a list of its members.
- (2) The department shall not approve an agreement with a zone board unless the zone board commits to creating the following number of new jobs:

(a) For a TIME zone with a total population of less than five thousand inhabitants as determined by the most recent decennial census, a minimum of five new jobs with an average wage that equals or exceeds ninety percent of the county average wage;

(b) For a TIME zone with a total population of at least five thousand inhabitants but less than fifty thousand inhabitants as determined by the most recent decennial census, a minimum of ten new jobs with an average wage that equals or exceeds ninety percent of the county average wage;

(c) For a TIME zone with a total population of at least fifty thousand inhabitants but less than one hundred fifty thousand inhabitants as determined by the most recent decennial census, a minimum of fifteen new jobs with an average wage that equals or exceeds ninety percent of the county average wage; and

(d) For a TIME zone with a total population of at least one hundred fifty thousand inhabitants as determined by the most recent decennial census, a minimum of twenty-five new jobs with an average wage that equals or exceeds ninety percent of the county average wage.

7. (1) The term of the agreement entered into pursuant to subsection 6 of this section shall not exceed ten years. A zone board may apply to the department for approval to renew any agreement. Such application shall be made on forms provided by the department. In determining whether to approve the renewal of an agreement, the department shall consider:

(a) The number of new jobs created and the average wage and net fiscal impact of such jobs;

(b) The outstanding improvements to be made within the TIME zone and the funding necessary to complete such improvements; and

(c) Any other factor the department requires.

(2) The department may approve the renewal of an agreement for a period not to exceed ten years. If a zone board has not met the new job requirements pursuant to subdivision (2) of subsection 6 of this section by the end of the agreement, the department shall recapture from such zone board the amount of withholding tax retained by the zone board pursuant to this section and the department shall not approve the renewal of an agreement with such zone board.

(3) A zone board shall not retain any withholding tax pursuant to this section in excess of the costs of improvements completed by the zone board.

8. If a qualified company is retaining withholding tax pursuant to sections 620.2000 to 620.2020 for new jobs, as such terms are defined in section 620.2005, that also qualify for the retention of withholding tax pursuant to this section, the department shall not authorize an agreement pursuant to this section that results in more than fifty percent of the withholding tax for such new jobs being retained pursuant to this section and sections 620.2000 to 620.2020.

9. Upon the completion of an agreement pursuant to subsection 6 of this section, twenty-five percent of the state tax withholdings imposed by sections 143.191 to 143.265 on new jobs within a TIME zone after development or redevelopment has commenced shall not be remitted to the general revenue fund of the state of Missouri. Such moneys shall be deposited into the TIME zone fund established pursuant to subsection 10 of this section for the purpose of continuing to expand, develop, and redevelop TIME zones identified by the zone board, and may be used for managerial, engineering, legal, research, promotion, planning, and any other expenses.

10. There is hereby created in the state treasury the "TIME Zone Fund", which shall consist of money collected under this section. The state treasurer shall be custodian of the fund and may approve disbursements from the fund in accordance with sections 30.170 and 30.180 to the zone boards of the TIME zones from which the funds were collected, less the pro-rata portion appropriated by the general assembly to be used solely for the administration of this section, which shall not exceed ten percent of the total amount collected within the TIME zones of a zone board. Notwithstanding the provisions of section 33.080 to the contrary, any moneys remaining in the fund at the end of the biennium shall not revert to the credit of the general revenue fund. The state treasurer shall invest moneys in the fund in the same manner as other funds are invested. Any interest and moneys earned on such investments shall be credited to the fund.

11. The zone board shall approve projects consistent with the provisions of this section that begin construction and disburse any money collected under this section. The zone board shall submit an annual budget for the funds to the department explaining how and when such money will be spent.

12. A zone board shall submit an annual report by December thirty-first of each year to the department and the general assembly. Such report shall include, but shall not be limited to:

(1) The locations of the established TIME zones governed by the zone board;

(2) The number of new jobs created within the TIME zones governed by the zone board;

(3) The average wage of the new jobs created within the TIME zones governed by the zone board;
and

(4) The amount of withholding tax retained pursuant to subsection 9 of this section from new jobs created within the TIME zones governed by the zone board.

13. No political subdivision shall establish a TIME zone with boundaries that overlap the boundaries of an advanced industrial manufacturing zone established pursuant to section 68.075.

14. The total amount of withholding taxes retained by all TIME zones pursuant to the provisions of this section shall not exceed five million dollars per fiscal year.

15. The department may promulgate rules to implement the provisions of this section. Any rule or portion of a rule, as that term is defined in section 536.010, that is created under the authority delegated in this section shall become effective only if it complies with and is subject to all of the provisions of chapter 536 and, if applicable, section 536.028. This section and chapter 536 are nonseverable and if any of the powers vested with the general assembly pursuant to chapter 536 to review, to delay the effective date, or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after August 28, 2020, shall be invalid and void.

16. Pursuant to section 23.253 of the Missouri sunset act:

(1) The provisions of the new program authorized pursuant to this section shall sunset automatically on August 28, 2024, unless reauthorized by an act of the general assembly;

(2) If such program is reauthorized, the program authorized pursuant to this section shall sunset automatically twelve years after the effective date of the reauthorization; and

(3) This section shall terminate on September first of the calendar year immediately following the calendar year in which the program authorized pursuant to this section is sunset."; and

Further amend said bill, Page 85, Section 82.550, Line 3, by inserting after all of said line the following:

"[135.710. 1. As used in this section, the following terms mean:

"305.800. As used in sections 305.800 to 305.810, the following terms mean:

(1) "Abandoned aircraft", an aircraft left in a wrecked, inoperative, or partially dismantled condition at an airport; or an aircraft that has remained in an idle state at an airport for forty-five consecutive calendar days without a contractual agreement between the owner or operator of the aircraft and the airport for use of the airport premises;

(2) "Airport superintendent", the person or group of people authorized to make decisions on behalf of an airport, including but not limited to , an airport operated by a city, county, or other political subdivision;

(3) "Derelict aircraft", any aircraft that is not in a flyable condition, does not have a current certificate of airworthiness issued by the Federal Aviation Administration, and is not in the process of actively being repaired.

305.802. 1. If a derelict aircraft or abandoned aircraft is discovered on airport property, the airport superintendent shall:

- (1) Make a record of the date the aircraft was discovered on the airport property; and
- (2) Inquire as to the name and address of any person having an equitable or legal interest in the aircraft, including the owner and any lienholders, by:
 - (a) Contacting the Federal Aviation Administration, aircraft registration branch, and making a diligent search of the appropriate records; or
 - (b) Contacting an aircraft title search company.

2. Within ten business days of receiving the information requested under subsection 1 of this section, the airport superintendent shall notify the owner and all other interested parties by certified mail, return receipt requested:

- (1) Of the location of the derelict or abandoned aircraft on the airport property;
- (2) That fees and charges for the use of the airport by the aircraft have accrued and the amount of those fees and charges;
- (3) That the aircraft is subject to a lien under section 305.806 for any unpaid and accrued fees and charges for the use of the airport and for the transportation, storage, and removal of the aircraft;
- (4) That the lien is subject to enforcement under this section;
- (5) That the airport may use, trade, sell, or remove the aircraft as described in section 305.804 if, within thirty calendar days after the date of receipt of the notice, the owner or other interested party has not removed the aircraft from the airport and paid in full all accrued fees and charges for the use of the airport and for the transportation, storage, and removal of the aircraft; and
- (6) That the airport superintendent may remove the aircraft in less than thirty calendar days if the aircraft poses a danger to the health or safety of users of the airport, as determined by the airport superintendent.

3. (1) If the owner of the aircraft is unknown or cannot be found after the inquiry required under subdivision (1) of subsection 2 of this section, the airport superintendent shall place a notice upon the aircraft in a conspicuous place containing the information required under subdivisions (2), (3), (4), (5), and (6) of subsection 2 of this section.

(2) The notice required under subdivision (1) of this subsection shall be not less than eight inches by ten inches and shall be laminated or otherwise sufficiently weatherproof to withstand normal exposure to rain, snow, and other conditions.

305.804. 1. If the owner or other interested party has not removed the aircraft from the airport and paid in full all accrued fees and charges for the use of the airport and for the transportation, storage, and removal of the aircraft, or shown reasonable cause for the failure to do so within thirty calendar days of the airport superintendent posting notice under section 305.802, the airport superintendent may:

- (1) Retain the aircraft for use by the airport, the state, or the unit of local government owning or operating the airport;
- (2) Trade the aircraft to another unit of local government or a state agency;
- (3) Sell the aircraft; or
- (4) Dispose of the aircraft through an appropriate refuse removal company or a company that provides salvage services for aircraft.

If the airport superintendent elects to sell the aircraft in accordance with subdivision (3) of subsection 1 of this section, the aircraft shall be sold at public auction after giving notice of the time and place of sale, at least ten calendar days prior to the date of sale, in a newspaper of general circulation within the county where the airport is located and after providing written notice of the intended sale to all parties known to have an interest in the aircraft.

3. If the airport superintendent elects to dispose of the aircraft in accordance with subdivision (4) of subsection 1 of this section, the airport superintendent shall be entitled to negotiate with the company for a price to be received from the company in payment for the aircraft, or, if circumstances so warrant, a price to

be paid to the company by the airport superintendent for the costs of disposing of the aircraft. All information and records pertaining to the establishment of the price and the justification for the amount of the price shall be prepared and maintained by the airport superintendent.

4. If the sale price or the negotiated price is less than the airport superintendent's current fees and charges against the aircraft, the owner of the aircraft shall remain liable to the airport superintendent for the fees and charges that are not offset by the sale price or negotiated price.

5. All costs incurred by the airport superintendent in the removal, storage, and sale of any aircraft shall be recoverable against the owner of the aircraft.

305.808. 1. If the aircraft is sold, the airport superintendent shall satisfy the airport superintendent's lien, plus the reasonable expenses of notice, advertisement, and sale from the proceeds of the sale.

2. The balance of the proceeds of the sale, if any, shall be held by the airport superintendent and delivered on demand to the owner of the aircraft.

3. If no person claims the balance within twelve months of the date of sale, the airport shall retain the funds and use the funds for airport operations.

305.810. 1. Any person acquiring a legal interest in an aircraft under sections 305.800 to 305.810 shall be the lawful owner of the aircraft and all other legal or equitable interests in that aircraft shall be divested; provided that, the holder of any legal or equitable interest was notified of the intended disposal of the aircraft as required under sections 305.800 to 305.810.

2. The airport superintendent may issue documents of disposition to the purchaser or recipient of an aircraft disposed of under sections 305.800 to 305.810."; and

House Amendment No. 3

AMEND House Committee Substitute for Senate Bill No. 544, Pages 33-39, Section 137.115, Lines 1-198, by deleting all of said section and lines and inserting the following:

"137.115. 1. All other laws to the contrary notwithstanding, the assessor or the assessor's deputies in all counties of this state including the City of St. Louis shall annually make a list of all real and tangible personal property taxable in the assessor's city, county, town or district. Except as otherwise provided in subsection 3 of this section and section 137.078, the assessor shall annually assess all personal property at thirty-three and one-third percent of its true value in money as of January first of each calendar year. The assessor shall annually assess all real property, including any new construction and improvements to real property, and possessory interests in real property at the percent of its true value in money set in subsection 5 of this section. The true value in money of any possessory interest in real property in subclass (3), where such real property is on or lies within the ultimate airport boundary as shown by a federal airport layout plan, as defined by 14 CFR 151.5, of a commercial airport having a FAR Part 139 certification and owned by a political subdivision, shall be the otherwise applicable true value in money of any such possessory interest in real property, less the total dollar amount of costs paid by a party, other than the political subdivision, towards any new construction or improvements on such real property completed after January 1, 2008, and which are included in the above-mentioned possessory interest, regardless of the year in which such costs were incurred or whether such costs were considered in any prior year. The assessor shall annually assess all real property in the following manner: new assessed values shall be determined as of January first of each odd-numbered year and shall be entered in the assessor's books; those same assessed values shall apply in the following even-numbered year, except for new construction and property improvements which shall be valued as though they had been completed as of January first of the preceding odd-numbered year. The assessor may call at the office, place of doing business, or residence of each person required by this chapter to list property, and require the person to make a correct statement of all taxable tangible personal property owned by the person or under his or her care, charge or management, taxable in the county. On or before January first of each even-numbered year, the assessor shall prepare and submit a two-year assessment maintenance plan to the county governing body and the state tax commission for their respective approval or modification. The county governing body shall approve and forward such plan or its alternative to the plan to the state tax commission by February first. If the county governing body fails to forward the plan or its alternative to the plan to the state tax commission by February first, the assessor's plan shall be considered approved by the county governing body. If the state tax commission fails to approve a plan and if the state tax commission and the assessor and the governing body of the county involved are unable to resolve the differences, in order to receive state cost-share funds outlined in section 137.750, the county or the assessor shall petition the administrative hearing commission, by May first, to decide all matters in dispute regarding the assessment maintenance plan. Upon agreement of the parties, the matter may be stayed while the parties proceed with mediation or arbitration upon terms agreed to by the parties. The final decision of the administrative hearing commission shall be subject to judicial review in the circuit court of the county involved. In the event a valuation of subclass (1) real property within any county with a charter form of government, or within a city not within a county, is made by a computer, computer-assisted method or a computer program, the burden of proof, supported by clear, convincing and cogent evidence to sustain such valuation, shall be on the assessor at any hearing or appeal. In any such county, unless the assessor proves otherwise, there shall be a presumption that the assessment was made by a computer, computer-assisted method or a computer program. Such evidence shall include, but shall not be limited to, the following:

(1) The findings of the assessor based on an appraisal of the property by generally accepted appraisal techniques; and

(2) The purchase prices from sales of at least three comparable properties and the address or location thereof. As used in this subdivision, the word "comparable" means that:

(a) Such sale was closed at a date relevant to the property valuation; and

(b) Such properties are not more than one mile from the site of the disputed property, except where no similar properties exist within one mile of the disputed property, the nearest comparable property shall be used. Such property shall be within five hundred square feet in size of the disputed property, and resemble the disputed property in age, floor plan, number of rooms, and other relevant characteristics.

2. Assessors in each county of this state and the City of St. Louis may send personal property assessment forms through the mail.

3. The following items of personal property shall each constitute separate subclasses of tangible personal property and shall be assessed and valued for the purposes of taxation at the following percentages of their true value in money:

- (1) Grain and other agricultural crops in an unmanufactured condition, one-half of one percent;
- (2) Livestock, twelve percent;
- (3) Farm machinery, twelve percent;
- (4) Motor vehicles which are eligible for registration as and are registered as historic motor vehicles pursuant to section 301.131 and aircraft which are at least twenty-five years old and which are used solely for noncommercial purposes and are operated less than ~~[fifty]~~ **two hundred** hours per year or aircraft that are home built from a kit, five percent;
- (5) Poultry, twelve percent; and
- (6) Tools and equipment used for pollution control and tools and equipment used in retooling for the purpose of introducing new product lines or used for making improvements to existing products by any company which is located in a state enterprise zone and which is identified by any standard industrial classification number cited in subdivision (5) of section 135.200, twenty-five percent.

4. The person listing the property shall enter a true and correct statement of the property, in a printed blank prepared for that purpose. The statement, after being filled out, shall be signed and either affirmed or sworn to as provided in section 137.155. The list shall then be delivered to the assessor.

5. (1) All subclasses of real property, as such subclasses are established in Section 4(b) of Article X of the Missouri Constitution and defined in section 137.016, shall be assessed at the following percentages of true value:

- (a) For real property in subclass (1), nineteen percent;
- (b) For real property in subclass (2), twelve percent; and
- (c) For real property in subclass (3), thirty-two percent.

(2) A taxpayer may apply to the county assessor, or, if not located within a county, then the assessor of such city, for the reclassification of such taxpayer's real property if the use or purpose of such real property is changed after such property is assessed under the provisions of this chapter. If the assessor determines that such property shall be reclassified, he or she shall determine the assessment under this subsection based on the percentage of the tax year that such property was classified in each subclassification.

6. Manufactured homes, as defined in section 700.010, which are actually used as dwelling units shall be assessed at the same percentage of true value as residential real property for the purpose of taxation. The percentage of assessment of true value for such manufactured homes shall be the same as for residential real property. If the county collector cannot identify or find the manufactured home when attempting to attach the manufactured home for payment of taxes owed by the manufactured home owner, the county collector may request the county commission to have the manufactured home removed from the tax books, and such request shall be granted within thirty days after the request is made; however, the removal from the tax books does not remove the tax lien on the manufactured home if it is later identified or found. For purposes of this section, a manufactured home located in a manufactured home rental park, rental community or on real estate not owned by the manufactured home owner shall be considered personal property. For purposes of this section, a manufactured home located on real estate owned by the manufactured home owner may be considered real property.

7. Each manufactured home assessed shall be considered a parcel for the purpose of reimbursement pursuant to section 137.750, unless the manufactured home is real estate as defined in subsection 7 of section 442.015 and assessed as a realty improvement to the existing real estate parcel.

8. Any amount of tax due and owing based on the assessment of a manufactured home shall be included on the personal property tax statement of the manufactured home owner unless the manufactured home is real estate as defined in subsection 7 of section 442.015, in which case the amount of tax due and owing on the assessment of the manufactured home as a realty improvement to the existing real estate parcel shall be included on the real property tax statement of the real estate owner.

9. The assessor of each county and each city not within a county shall use the trade-in value published in the October issue of the National Automobile Dealers' Association Official Used Car Guide, or its successor publication, as the recommended guide of information for determining the true value of motor vehicles described in such publication. The assessor shall not use a value that is greater than the average trade-in value in determining the true value of the motor vehicle without performing a physical inspection of the motor vehicle. For vehicles two

years old or newer from a vehicle's model year, the assessor may use a value other than average without performing a physical inspection of the motor vehicle. In the absence of a listing for a particular motor vehicle in such publication, the assessor shall use such information or publications which in the assessor's judgment will fairly estimate the true value in money of the motor vehicle.

10. Before the assessor may increase the assessed valuation of any parcel of subclass (1) real property by more than fifteen percent since the last assessment, excluding increases due to new construction or improvements, the assessor shall conduct a physical inspection of such property.

11. If a physical inspection is required, pursuant to subsection 10 of this section, the assessor shall notify the property owner of that fact in writing and shall provide the owner clear written notice of the owner's rights relating to the physical inspection. If a physical inspection is required, the property owner may request that an interior inspection be performed during the physical inspection. The owner shall have no less than thirty days to notify the assessor of a request for an interior physical inspection.

12. A physical inspection, as required by subsection 10 of this section, shall include, but not be limited to, an on-site personal observation and review of all exterior portions of the land and any buildings and improvements to which the inspector has or may reasonably and lawfully gain external access, and shall include an observation and review of the interior of any buildings or improvements on the property upon the timely request of the owner pursuant to subsection 11 of this section. Mere observation of the property via a drive-by inspection or the like shall not be considered sufficient to constitute a physical inspection as required by this section.

~~13. [The provisions of subsections 11 and 12 of this section shall only apply in any county with a charter form of government with more than one million inhabitants.]~~

~~14.]~~ A county or city collector may accept credit cards as proper form of payment of outstanding property tax or license due. No county or city collector may charge surcharge for payment by credit card which exceeds the fee or surcharge charged by the credit card bank, processor, or issuer for its service. A county or city collector may accept payment by electronic transfers of funds in payment of any tax or license and charge the person making such payment a fee equal to the fee charged the county by the bank, processor, or issuer of such electronic payment.

~~[15]~~ 14. Any county or city not within a county in this state may, by an affirmative vote of the governing body of such county, opt out of the provisions of this section and sections 137.073, 138.060, and 138.100 as enacted by house bill no. 1150 of the ninety-first general assembly, second regular session and section 137.073 as modified by house committee substitute for senate substitute for senate committee substitute for senate bill no. 960, ninety-second general assembly, second regular session, for the next year of the general reassessment, prior to January first of any year. No county or city not within a county shall exercise this opt-out provision after implementing the provisions of this section and sections 137.073, 138.060, and 138.100 as enacted by house bill no. 1150 of the ninety-first general assembly, second regular session and section 137.073 as modified by house committee substitute for senate substitute for senate committee substitute for senate bill no. 960, ninety-second general assembly, second regular session, in a year of general reassessment. For the purposes of applying the provisions of this subsection, a political subdivision contained within two or more counties where at least one of such counties has opted out and at least one of such counties has not opted out shall calculate a single tax rate as in effect prior to the enactment of house bill no. 1150 of the ninety-first general assembly, second regular session. A governing body of a city not within a county or a county that has opted out under the provisions of this subsection may choose to implement the provisions of this section and sections 137.073, 138.060, and 138.100 as enacted by house bill no. 1150 of the ninety-first general assembly, second regular session, and section 137.073 as modified by house committee substitute for senate substitute for senate committee substitute for senate bill no. 960, ninety-second general assembly, second regular session, for the next year of general reassessment, by an affirmative vote of the governing body prior to December thirty-first of any year.

~~[16]~~ 15. The governing body of any city of the third classification with more than twenty-six thousand three hundred but fewer than twenty-six thousand seven hundred inhabitants located in any county that has exercised its authority to opt out under subsection 15 of this section may levy separate and differing tax rates for real and personal property only if such city bills and collects its own property taxes or satisfies the entire cost of the billing and collection of such separate and differing tax rates. Such separate and differing rates shall not exceed such city's tax rate ceiling.

~~[17]~~ 16. Any portion of real property that is available as reserve for strip, surface, or coal mining for minerals for purposes of excavation for future use or sale to others that has not been bonded and permitted under chapter 444 shall be assessed based upon how the real property is currently being used. Any information provided to a county assessor, state tax commission, state agency, or political subdivision responsible for the administration of tax policies shall, in the performance of its duties, make available all books, records, and information requested, except such books, records, and information as are by law declared confidential in nature, including individually

identifiable information regarding a specific taxpayer or taxpayer's mine property. For purposes of this subsection, "mine property" shall mean all real property that is in use or readily available as a reserve for strip, surface, or coal mining for minerals for purposes of excavation for current or future use or sale to others that has been bonded and permitted under chapter 444."; and

Further amend said bill, Pages 39-40, Section 138.060, Lines 1-25, by deleting all of said section and lines and inserting in lieu thereof the following:

"138.060. 1. The county board of equalization shall, in a summary way, determine all appeals from the valuation of property made by the assessor, and shall correct and adjust the assessment accordingly. There shall be no presumption that the assessor's valuation is correct. In any county with a charter form of government with a population greater than two hundred eighty thousand inhabitants but less than two hundred eighty-five thousand inhabitants, ~~and~~ in any county with a charter form of government with greater than one million inhabitants, ~~and~~ in any city not within a county, **and in any other county for any property whose assessed valuation increased at least fifteen percent from the previous assessment unless the increase is due to new construction or improvement**, the assessor shall have the burden to prove that the assessor's valuation does not exceed the true market value of the subject property. In such county or city, in the event a physical inspection of the subject property is required by subsection 10 of section 137.115, the assessor shall have the burden to establish the manner in which the physical inspection was performed and shall have the burden to prove that the physical inspection was performed in accordance with section 137.115. In such county or city, in the event the assessor fails to provide sufficient evidence to establish that the physical inspection was performed in accordance with section 137.115, the property owner shall prevail on the appeal as a matter of law. At any hearing before the state tax commission or a court of competent jurisdiction of an appeal of assessment from a first class charter county or a city not within a county, the assessor shall not advocate nor present evidence advocating a valuation higher than that value finally determined by the assessor or the value determined by the board of equalization, whichever is higher, for that assessment period.

2. The county clerk shall keep an accurate record of the proceedings and orders of the board, and the assessor shall correct all erroneous assessments, and the clerk shall adjust the tax book according to the orders of such board and the orders of the state tax commission, except that in adding or deducting such percent to each tract or parcel of real estate as required by such board or state tax commission, he shall add or deduct in each case any fractional sum of less than fifty cents, so that the value of any separate tract shall contain no fractions of a dollar.

138.090. 1. Except as provided in subsection 2 of this section, the county board of equalization in first class counties shall meet on the ~~first~~ **third** Monday in July of each year.

2. Upon a finding by the board that it is necessary in order to fairly hear all cases arising from a general reassessment, the board may begin meeting after July first in any applicable year to timely consider any appeal or complaint resulting from an evaluation made during a general reassessment of all taxable real property and possessory interests in the county. There shall be no presumption that the assessor's valuation is correct."; and

House Amendment No. 9

AMEND House Committee Substitute for Senate Bill No. 544, Page 33, Section 105.145, Line 148, by inserting after all of said section and line the following:

"137.084. 1. Notwithstanding the provisions of sections 137.075 and 137.080 to the contrary, a building or other structure that is used as commercial property, newly constructed and occupied on any parcel of real property, shall be assessed and taxed on such assessed valuation as of the first day of the month following the date of occupancy for the proportionate part of the remaining year at the tax rates established for that year, in all taxing jurisdictions located in the county adopting this section as provided in subsection 8 of this section. Newly constructed commercial property that has never been occupied shall not be assessed as improved real property until such occupancy or January first of the year following the year in which construction of the improvements is completed. The provisions of this subsection shall apply in any county in which the governing body has previously adopted or hereafter adopts the provisions of this subsection. For purposes of this section, the term "county" shall include any county and any city not within a county.

2. The assessor may consider a property commercially occupied upon personal verification or if any two of the following conditions have been met:

(1) An occupancy permit has been issued for the property;

(2) A deed transferring ownership from one party to another has been filed with the recorder of deeds' office subsequent to the date of the first permanent utility service;

(3) A utility company providing service in the county has verified a transfer of service for property from one party to another;

(4) The person or persons occupying the newly constructed property have registered a change of address with any local, state, or federal governmental office or agency.

3. In implementing the provisions of this section, the assessor may use occupancy permits, building permits, warranty deeds, utility connection documents including telephone connections, or other official documents as may be necessary to discover the existence of newly constructed properties. No utility company shall refuse to provide verification monthly to the assessor of a utility connection to a newly occupied commercial property.

4. In the event that the assessment under subsections 1 and 2 of this section is not completed until after the deadline for filing appeals in a given tax year, the owner of the newly constructed property who is aggrieved by the assessment of the property may appeal this assessment the following year to the county board of equalization in accordance with chapter 138 and may pay any taxes under protest in accordance with section 139.031; provided, however, that such payment under protest shall not be required as a condition of appealing to the county board of equalization. The collector shall impound such protested taxes and shall not disburse such taxes until resolution of the appeal.

5. The increase in assessed valuation resulting from the implementation of the provisions of this section shall be considered new construction and improvements under the provisions of this chapter.

6. In counties that adopt the provisions of subsections 1 to 7 of this section, an amount not to exceed ten percent of all ad valorem property tax collections on newly constructed and occupied commercial property allocable to each taxing authority within counties of the first classification having a population of nine hundred thousand or more, one-tenth of one percent of all ad valorem property tax collections allocable to each taxing authority within all other counties of the first classification and one-fifth of one percent of all ad valorem property tax collections allocable to each taxing authority within counties of the second, third and fourth classifications and any county of the first classification having a population of at least eighty-two thousand inhabitants, but less than eighty-two thousand one hundred inhabitants, in addition to the amount prescribed by section 137.720 shall be deposited into the assessment fund of the county for collection costs.

7. For purposes of calculating the tax due on such newly constructed commercial property, the assessor or the board of equalization shall place the full amount of the assessed valuation on the tax book upon the first day of the month following occupancy. Such assessed valuation shall be taxed for each month of the year following such date at its new assessed valuation, and for each month of the year preceding such date at its previous valuation. The percentage derived from dividing the number of months at which the property is taxed at its new valuation by twelve shall be applied to the total assessed valuation of the new construction and improvements, and such percentage shall be included in the next year's base for the purposes of calculating the next year's tax levy rollback. The untaxed percentage shall be considered as new construction and improvements in the following year and shall be exempt from the rollback provisions.

8. The provisions of subsections 1 to 7 of this section shall be effective in any county in which the governing body of such county elects to adopt a proposal to implement such provisions. Such subsections shall become effective in such county on January first of the year following the election.

9. In any county that adopts the provisions of subsections 1 to 7 of this section prior to June first in any year under subsection 8 of this section, the assessor of such county shall, upon application of the property owner, remove on a pro rata basis from the tax book for the current year any commercial real property improvements destroyed by a natural disaster if such property is unoccupied and uninhabitable due to such destruction. On or after the first day of July, the board of equalization shall perform such duties. Any person claiming such destroyed property shall provide a list of such destroyed property to the county assessor. The assessor may verify all such destroyed property listed to ensure that the person made a correct statement. Any person who completes such a list and, with intent to defraud, includes property on the list that was not destroyed by a natural disaster shall, in addition to any other penalties provided by law, be assessed double the value of any property fraudulently listed. The list shall be filed by the assessor, after he or she has provided a copy of the list to the county collector and the board of equalization, in the office of the county clerk who, after entering the filing thereof, shall preserve and safely keep them. If the assessor, subsequent to such destruction, considers such property occupied as provided in subsection 2 of this section,

the assessor shall consider such property new construction and improvements and shall assess such property accordingly as provided in subsection 1 of this section. For the purposes of this section, the term "natural disaster" means any disaster due to natural causes such as tornado, fire, flood, or earthquake.

10. Any political subdivision may recover the loss of revenue caused by subsection 9 of this section by adjusting the rate of taxation, to the extent previously authorized by the voters of such political subdivision, for the tax year immediately following the year of such destruction in an amount not to exceed the loss of revenue caused by this section."; and

House Amendment No. 13

AMEND House Committee Substitute for Senate Bill No. 544, Page 42, Section 173.2712, Line 15, by inserting after said section and line the following:

"205.202.1. The governing body of any hospital district established under sections 205.160 to 205.379 in any county of the third classification without a township form of government and with more than thirteen thousand five hundred but fewer than thirteen thousand six hundred inhabitants may, by resolution, abolish the property tax levied in such district under this chapter and impose a sales tax on all retail sales made within the district which are subject to sales tax under chapter 144. The tax authorized in this section shall be not more than one percent, and shall be imposed solely for the purpose of funding the hospital district. The tax authorized in this section shall be in addition to all other sales taxes imposed by law, and shall be stated separately from all other charges and taxes.

2. No such resolution adopted under this section shall become effective unless the governing body of the hospital district submits to the voters residing within the district at a state general, primary, or special election a proposal to authorize the governing body of the district to impose a tax under this section. If a majority of the votes cast on the question by the qualified voters voting thereon are in favor of the question, then the tax shall become effective on the first day of the second calendar quarter after the director of revenue receives notification of adoption of the local sales tax. If a majority of the votes cast on the question by the qualified voters voting thereon are opposed to the question, then the tax shall not become effective unless and until the question is resubmitted under this section to the qualified voters and such question is approved by a majority of the qualified voters voting on the question.

3. All revenue collected under this section by the director of the department of revenue on behalf of the hospital district, except for one percent for the cost of collection which shall be deposited in the state's general revenue fund, shall be deposited in a special trust fund, which is hereby created and shall be known as the "Hospital District Sales Tax Fund", and shall be used solely for the designated purposes. Moneys in the fund shall not be deemed to be state funds, and shall not be commingled with any funds of the state. The director may make refunds from the amounts in the fund and credited to the district for erroneous payments and overpayments made, and may redeem dishonored checks and drafts deposited to the credit of such district. Any funds in the special fund which are not needed for current expenditures shall be invested in the same manner as other funds are invested. Any interest and moneys earned on such investments shall be credited to the fund.

4. The governing body of any hospital district that has adopted the sales tax authorized in this section may submit the question of repeal of the tax to the voters on any date available for elections for the district. If a majority of the votes cast on the question by the qualified voters voting thereon are in favor of the repeal, that repeal shall become effective on December thirty-first of the calendar year in which such repeal was approved. If a majority of the votes cast on the question by the qualified voters voting thereon are opposed to the repeal, then the sales tax authorized in this section shall remain effective until the question is resubmitted under this section to the qualified voters and the repeal is approved by a majority of the qualified voters voting on the question.

5. Whenever the governing body of any hospital district that has adopted the sales tax authorized in this section receives a petition, signed by a number of registered voters of the district equal to at least ten percent of the number of registered voters of the district voting in the last gubernatorial election, calling for an election to repeal the sales tax imposed under this section, the governing body shall submit to the voters of the district a proposal to repeal the tax. If a majority of the votes cast on the question by the qualified voters voting thereon are in favor of the repeal, the repeal shall become effective on December thirty-first of the calendar year in which such repeal was approved. If a majority of the votes cast on the question by the qualified voters voting thereon are opposed to the repeal, then the sales tax authorized in this section shall remain effective until the question is resubmitted under this section to the qualified voters and the repeal is approved by a majority of the qualified voters voting on the question.

6. If the tax is repealed or terminated by any means **other than by a dissolution of a hospital district as described in subsection 7 of this section**, all funds remaining in the special trust fund shall continue to be used solely for the designated purposes, and the hospital district shall notify the director of the department of revenue of the action at least ninety days before the effective date of the repeal and the director may order retention in the trust fund, for a period of one year, of two percent of the amount collected after receipt of such notice to cover possible refunds or overpayment of the tax and to redeem dishonored checks and drafts deposited to the credit of such accounts. After one year has elapsed after the effective date of abolition of the tax in such district, the director shall remit the balance in the account to the district and close the account of that district. The director shall notify each district of each instance of any amount refunded or any check redeemed from receipts due the district.

7. Upon the dissolution of a hospital district levying a sales tax pursuant to this section, the sales tax shall be automatically repealed and all funds remaining in the special trust fund shall be distributed as follows:

(1) Twenty-five percent shall be distributed to the county public health center established pursuant to sections 205.010 to 205.150; and

(2) Seventy-five percent shall be distributed to a federally qualified health center, as defined in 42 U.S.C. Section 1396d(l)(1) and (2), located in the county."; and

VACANCIES: 001

On motion of Representative Eslinger, **House Amendment No. 13** was adopted.

Representative Andrews offered **House Amendment No. 14**.

House Amendment No. 14

AMEND House Committee Substitute for Senate Bill No. 544, Page 39, Section 137.115, Line 198, by inserting after all of said section and line the following:

"137.123. Beginning January 1, 2021, for purposes of assessing all real property, excluding land, or tangible personal property associated with a project that uses wind energy directly to generate electricity, the following depreciation tables shall be used to determine the true value in money of such property. The first year shown in the table shall be the year immediately following the year of construction of the property. The original costs shall reflect either:

(1) The actual and documented original property cost to the taxpayer, as shall be provided by the taxpayer to the assessor; or

(2) In the absence of actual and documented original property cost to the taxpayer, the estimated cost of the property by the assessor, using an authoritative cost guide.

For purposes of this section, and to estimate the value of all real property, excluding land, or tangible personal property associated with a project that uses wind energy directly to generate electricity, each assessor shall apply the percentage shown to the original cost for the first year following the year of construction of the property, and the percentage shown for each succeeding year shall be the percentage of the original cost used for January first of the respective succeeding year as follows:

Year	Percentage
1	40%
2	40%
3	37%
4	37%
5	35%

Any real property, excluding land, or tangible personal property associated with a project that uses wind energy directly to generate electricity shall continue in subsequent years to have the depreciation percentage last listed in the appropriate column in the table."; and

Further amend said bill, Page 40, Section 138.060, Line 25, by inserting after all of said section and line the following:

"153.030. 1. All bridges over streams dividing this state from any other state owned, used, leased or otherwise controlled by any person, corporation, railroad company or joint stock company, and all bridges across or over navigable streams within this state, where the charge is made for crossing the same, which are now constructed, which are in the course of construction, or which shall hereafter be constructed, and all property, real and tangible personal, owned, used, leased or otherwise controlled by telegraph, telephone, electric power and light companies, electric transmission lines, pipeline companies and express companies shall be subject to taxation for state, county, municipal and other local purposes to the same extent as the property of private persons.

2. And taxes levied thereon shall be levied and collected in the manner as is now or may hereafter be provided by law for the taxation of railroad property in this state, and county commissions, county boards of equalization and the state tax commission are hereby required to perform the same duties and are given the same powers, including punitive powers, in assessing, equalizing and adjusting the taxes on the property set forth in this section as the county commissions and boards of equalization and state tax commission have or may hereafter be empowered with, in assessing, equalizing, and adjusting the taxes on railroad property; and an authorized officer of any such bridge, telegraph, telephone, electric power and light companies, electric transmission lines, pipeline companies, or express company or the owner of any such toll bridge, is hereby required to render reports of the property of such bridge, telegraph, telephone, electric power and light companies, electric transmission lines, pipeline companies, or express companies in like manner as the authorized officer of the railroad company is now or may hereafter be required to render for the taxation of railroad property.

3. On or before the fifteenth day of April in the year 1946 and each year thereafter an authorized officer of each such company shall furnish the state tax commission and county clerks a report, duly subscribed and sworn to by such authorized officer, which is like in nature and purpose to the reports required of railroads under chapter 151 showing the full amount of all real and tangible personal property owned, used, leased or otherwise controlled by each such company on January first of the year in which the report is due.

4. If any telephone company assessed pursuant to chapter 153 has a microwave relay station or stations in a county in which it has no wire mileage but has wire mileage in another county, then, for purposes of apportioning the assessed value of the distributable property of such companies, the straight line distance between such microwave relay stations shall constitute miles of wire. In the event that any public utility company assessed pursuant to this chapter has no distributable property which physically traverses the counties in which it operates, then the assessed value of the distributable property of such company shall be apportioned to the physical location of the distributable property.

5. (1) Notwithstanding any provision of law to the contrary, beginning January 1, 2019, a telephone company shall make a one-time election within the tax year to be assessed:

- (a) Using the methodology for property tax purposes as provided under this section; or
- (b) Using the methodology for property tax purposes as provided under this section for property consisting of land and buildings and be assessed for all other property exclusively using the methodology utilized under section 137.122.

If a telephone company begins operations, including a merger of multiple telephone companies, after August 28, 2018, it shall make its one-time election to be assessed using the methodology for property tax purposes as described under paragraph (b) of subdivision (1) of this subsection within the year in which the telephone company begins its operations. A telephone company that fails to make a timely election shall be deemed to have elected to be assessed using the methodology for property tax purposes as provided under subsections 1 to 4 of this section.

(2) The provisions of this subsection shall not be construed to change the original assessment jurisdiction of the state tax commission.

(3) Nothing in subdivision (1) of this subsection shall be construed as applying to any other utility.

(4) (a) The provisions of this subdivision shall ensure that school districts may avoid any fiscal impact as a result of a telephone company being assessed under the provisions of paragraph (b) of subdivision (1) of this subsection. If a school district's current operating levy is below the greater of its most recent voter-approved tax rate or the most recent voter-approved tax rate as adjusted under subdivision (2) of subsection 5 of section 137.073, it shall comply with section 137.073.

(b) Beginning January 1, 2019, any school district currently operating at a tax rate equal to the greater of the most recent voter-approved tax rate or the most recent voter-approved tax rate as adjusted under subdivision (2) of subsection 5 of section 137.073 that receives less tax revenue from a specific telephone company under this subsection, on or before January thirty-first of the year following the tax year in which the school district received less revenue from a specific telephone company, may by resolution of the school board impose a fee, as determined under this subsection, in order to obtain such revenue. The resolution shall include all facts that support the imposition of the fee. If the school district receives voter approval to raise its tax rate, the district shall no longer impose the fee authorized in this paragraph.

(c) Any fee imposed under paragraph (b) of this subdivision shall be determined by taking the difference between the tax revenue the telephone company paid in the tax year in question and the tax revenue the telephone company would have paid in such year had it not made an election under subdivision (1) of this subsection, which shall be calculated by taking the telephone company valuations in the tax year in question, as determined by the state tax commission under paragraph (d) of this subdivision, and applying such valuations to the apportionment process in subsection 2 of section 151.150. The school district shall issue a billing, as provided in this subdivision, to any such telephone company. A telephone company shall have forty-five days after receipt of a billing to remit its payment of its portion of the fees to the school district. Notwithstanding any other provision of law, the issuance or receipt of such fee shall not be used:

- a. In determining the amount of state aid that a school district receives under section 163.031;
- b. In determining the amount that may be collected under a property tax levy by such district; or
- c. For any other purpose.

For the purposes of accounting, a telephone company that issues a payment to a school district under this subsection shall treat such payment as a tax.

(d) When establishing the valuation of a telephone company assessed under paragraph (b) of subdivision (1) of this subsection, the state tax commission shall also determine the difference between the assessed value of a telephone company if:

- a. Assessed under paragraph (b) of subdivision (1) of this subsection; and
- b. Assessed exclusively under subsections 1 to 4 of this section.

The state tax commission shall then apportion such amount to each county and provide such information to any school district making a request for such information.

(e) This subsection shall expire when no school district is eligible for a fee.

6. (1) If any public utility company assessed pursuant to this chapter has ownership of any real or personal property associated with a project which uses wind energy directly to generate electricity, such wind energy project property shall be valued and taxed by any local authorities having jurisdiction under the provisions of chapter 137 and other relevant provisions of the law.

(2) Notwithstanding any provision of law to the contrary, beginning January 1, 2020, for any public utility company assessed pursuant to this chapter which has a wind energy project, such wind energy project shall be assessed using the methodology for real and personal property as provided in this subsection:

(a) Any wind energy property of such company shall be assessed upon the county assessor's local tax rolls; and

(b) ~~[Any property consisting of land and buildings related to the wind energy project shall be assessed under chapter 137; and~~

~~—(e)]~~ All other ~~[business]~~ **real property, excluding land**, or personal property related to the wind energy project shall be assessed using the methodology provided under section ~~[137.122]~~ **137.123.**; and

Further amend said bill, Page 89, Section 82.550, Line 3, by inserting after all of said section and line the following:

~~"[393.1073. 1. There is hereby established the "Task Force on Wind Energy", which shall be composed of the following members:~~

~~———— (1) Three members of the house of representatives, with two appointed by the speaker of the house of representatives and one appointed by the minority floor leader of the house of representatives;~~

~~———— (2) Three members of the senate, with two appointed by the president pro tempore of the senate and one appointed by the minority floor leader of the senate; and~~

~~———— (3) Two representatives from Missouri county governments with experience in wind energy valuations, with one being a currently elected county assessor to be appointed by the speaker of the house of representatives, and one being a currently elected county clerk to be appointed by the president pro tempore of the senate.~~

~~———— (1) The economic benefits and drawbacks of wind turbines to local communities and the state;~~

~~———— (2) The fair, uniform, and standardized assessment and taxation of wind turbines and their connected equipment owned by a public utility company at the county level in all counties;~~

~~———— (3) Compliance with existing federal and state programs and regulations; and~~

~~———— (4) Potential legislation that will provide a uniform assessment and taxation methodology for wind turbines and their connected equipment owned by a public utility company that will be used in every county of Missouri.~~

~~———— 3. The task force shall meet within thirty days after its creation and shall organize by selecting a chairperson and vice chairperson, one of whom shall be a member of the senate and the other a member of the house of representatives. Thereafter, the task force may meet as often as necessary in order to accomplish the tasks assigned to it. A majority of the task force shall constitute a quorum, and a majority vote of such quorum shall be required for any action.~~

~~———— 4. The staff of house research and senate research shall provide necessary clerical, research, fiscal, and legal services to the task force, as the task force may request.~~

~~———— 5. The members of the task force shall serve without compensation, but any actual and necessary expenses incurred in the performance of the task force's official duties by the task force, its members, and any staff assigned to the task force shall be paid from the joint contingent fund.~~

On motion of Representative Andrews, **House Amendment No. 14** was adopted.

Representative Chappelle-Nadal offered **House Amendment No. 15**.

House Amendment No. 15

AMEND House Committee Substitute for Senate Bill No. 544, Page 13, Section 64.207, Line 55, by inserting after all of said section and line the following:

"66.671. 1. As used in this section, the following terms mean:

(1) "County", any county with a charter form of government and with more than nine hundred fifty thousand inhabitants and with historic landfills located in such county;

(2) "Historic landfill", any real property for which a county issued an approval before January 1, 1973, for use as a landfill;

(3) "Land use permit", any permit required by a county before any action relating to any use of a plot of property containing a historic landfill may occur.

2. Each county shall compile and keep a list of all historic landfills in the county and shall make such list available to the public.

3. (1) Before July 1, 2021, each county shall establish a procedure to determine whether any reclamation or remediation of a historic landfill has been accomplished safely before issuing any land use permit for such property.

(2) The procedure shall ensure that protecting the health of any resident who lives and person who works near the historic landfill is a primary concern during all phases of a reclamation or remediation of the historic landfill.

(3) The procedure shall be developed in consultation with residents of the county and any stakeholder representing any entity with an interest in the historic landfill. The development of the procedure shall include public hearings and public meetings that allow for public comments by such residents and stakeholders. At such public hearings and public meetings, residents shall be provided ample opportunity to present in person any statement, testimony, or evidence regarding the resident's concerns about the steps that the county shall include as part of the procedure for reviewing any reclamation or

remediation of a historic landfill before the county issues any land use permit. All information presented at such public hearings and public meetings shall be deemed an official record to be preserved by the appropriate custodian of such records in the county.

(4) The county shall use all information presented under this subsection in creating the procedure for reviewing a reclamation or remediation of a historic landfill.

4. (1) Before issuing any land use permit, the county shall hold public hearings and public meetings that allow for public comments by such residents and stakeholders. At such public hearings and public meetings, residents shall be provided ample opportunity to present in person any statement, testimony, or evidence regarding the resident's concerns about the following:

- (a) Any reclamation or remediation that was performed on the historic landfill;
- (b) Any items, substances, or contaminants the resident believes to be in the historic landfill;
- (c) Whether any testing was performed on the historic landfill;
- (d) Whether further testing should be required before the county issues a land use permit;
- (e) Whether the resident believes the county followed all procedures required under this section for issuing a land use permit; and
- (f) Any other concern or comment the resident wishes to make about the historic landfill and any related land use permit.

(2) All information presented at such public hearings and public meetings shall be deemed an official record to be preserved by the appropriate custodian of such records in the county.

(3) The county shall use all information presented under this subsection in determining whether to conduct additional site testing for contaminants beyond any other required site testing before issuing a land use permit.

(4) If the county determines that additional testing is necessary based on the records gathered at the public hearings and public meetings, the county shall require the additional necessary testing. If the additional testing determines that any reclamation or remediation was inadequate or that additional reclamation or remediation is necessary, the county shall require any reclamation or remediation of the historic landfill be completed before the county issues any land use permit."; and

Further amend said bill by amending the title, enacting clause, and intersectional references accordingly.

On motion of Representative Chappelle-Nadal, **House Amendment No. 15** was adopted.

Representative Black (137) offered **House Amendment No. 16**.

House Amendment No. 16

AMEND House Committee Substitute for Senate Bill No. 544, Pages 49-54, Section 620.2250, Lines 1-163, by deleting all of said section and inserting in lieu thereof the following:

"620.2250. 1. This section shall be known and may be cited as the "Targeted Industrial Manufacturing Enhancement Zones Act".

2. As used in this section, the following terms shall mean:

- (1) "County average wage", the average wage in each county as determined by the department for the most recently completed full calendar year. However, if the computed county average wage is above the statewide average wage, the statewide average wage shall be deemed the county average wage for such county for the purpose of determining eligibility;
- (2) "Department", the Missouri department of economic development;
- (3) "New job", the number of full-time employees located at the project facility that exceeds the project facility base employment less any decrease in the number of full-time employees at related facilities below the related facility base employment. No job that was created prior to the date of the completion of an agreement pursuant to subsection 6 of this section and no job that is relocated from another location within this state shall be deemed a new job. An employee that spends less than fifty percent of the employee's work time at the facility is still considered to be located at a facility if the employee receives his or her directions and control from that facility, is on the facility's payroll, one hundred percent of the employee's income from such employment is Missouri income, and the employee is paid at or above the county average wage;

(4) "Political subdivision", a town, village, city, or county located in this state;
 (5) "Related facility", a facility operated by a company or a related company prior to the establishment of the TIME zone in question, and which is directly related to the operations of the facility within the new TIME zone;

(6) "TIME zone", an area identified through an ordinance or resolution passed pursuant to subsection 4 of this section that is being developed or redeveloped for any purpose so long as any infrastructure or building built or improved is in the development area;

(7) "Zone board", the governing body of a TIME zone.

3. The governing bodies of at least two contiguous or overlapping political subdivisions in this state may establish one or more TIME zones, which shall be political subdivisions of the state, for the purposes of completing infrastructure projects to promote the economic development of the region. Such zones may only include the area within the governing bodies' jurisdiction, ownership, or control, and may include any such area. The governing bodies shall determine the boundaries for each TIME zone, and more than one TIME zone may exist within the governing bodies' jurisdiction or under the governing bodies' ownership or control, and may be expanded or contracted by resolution of the zone board.

4. (1) To establish a TIME zone, the governing bodies of at least two political subdivisions shall each propose an ordinance or resolution creating such zone. Such ordinance or resolution shall set forth the names of the political subdivisions which will form the TIME zone, the general nature of the proposed improvements, the estimated cost of such improvements, the boundaries of the proposed TIME zone, and the estimated number of new jobs to be created in the TIME zone. Prior to approving such ordinance or resolution, each governing body shall hold a public hearing to consider the creation of the TIME zone and the proposed improvements therein. The governing bodies shall hear and pass upon all objections to the TIME zone and the proposed improvements, if any, and may amend the proposed improvements, and the plans and specifications therefor.

(2) After the passage or adoption of the ordinance or resolution creating the TIME Zone, governance of the TIME zone shall be by the zone board, which shall consist of seven members selected from the political subdivisions creating the TIME zone. Members of a zone board shall receive no salary or other compensation for their services as members, but shall receive their necessary traveling and other expenses incurred while actually engaged in the discharge of their official duties. The zone board may expand or contract such TIME zone through an ordinance or resolution following a public hearing conducted to consider such expansion or contraction.

5. The boundaries of the proposed TIME zone shall be described by metes and bounds, streets, or other sufficiently specific description.

6. (1) Prior to retaining any state withholding tax pursuant to subsection 9 of this section, a zone board shall enter into an agreement with the department. Such agreement shall include, but shall not be limited to:

- (a) The estimated number of new jobs to be created;
- (b) The estimated average wage of new jobs to be created;
- (c) The estimated net fiscal impact of the new jobs;
- (d) The estimated costs of the proposed improvements;
- (e) The estimated amount of withholding tax to be retained pursuant to subsection 9 of this section over the period of the agreement; and

(f) A copy of the ordinance establishing the board and a list of its members.

(2) The department shall not approve an agreement with a zone board unless the zone board commits to creating the following number of new jobs:

(a) For a TIME zone with a total population of less than five thousand inhabitants as determined by the most recent decennial census, a minimum of five new jobs with an average wage that equals or exceeds ninety percent of the county average wage;

(b) For a TIME zone with a total population of at least five thousand inhabitants but less than fifty thousand inhabitants as determined by the most recent decennial census, a minimum of ten new jobs with an average wage that equals or exceeds ninety percent of the county average wage;

(c) For a TIME zone with a total population of at least fifty thousand inhabitants but less than one hundred fifty thousand inhabitants as determined by the most recent decennial census, a minimum of fifteen new jobs with an average wage that equals or exceeds ninety percent of the county average wage; and

(d) For a TIME zone with a total population of at least one hundred fifty thousand inhabitants as determined by the most recent decennial census, a minimum of twenty-five new jobs with an average wage that equals or exceeds ninety percent of the county average wage.

7. (1) The term of the agreement entered into pursuant to subsection 6 of this section shall not exceed ten years. A zone board may apply to the department for approval to renew any agreement. Such application shall be made on forms provided by the department. In determining whether to approve the renewal of an agreement, the department shall consider:

- (a) The number of new jobs created and the average wage and net fiscal impact of such jobs;
- (b) The outstanding improvements to be made within the TIME zone and the funding necessary to complete such improvements; and
- (c) Any other factor the department requires.

(2) The department may approve the renewal of an agreement for a period not to exceed ten years. If a zone board has not met the new job requirements pursuant to subdivision (2) of subsection 6 of this section by the end of the agreement, the department shall recapture from such zone board the amount of withholding tax retained by the zone board pursuant to this section and the department shall not approve the renewal of an agreement with such zone board.

(3) A zone board shall not retain any withholding tax pursuant to this section in excess of the costs of improvements completed by the zone board.

8. If a qualified company is retaining withholding tax pursuant to sections 620.2000 to 620.2020 for new jobs, as such terms are defined in section 620.2005, that also qualify for the retention of withholding tax pursuant to this section, the department shall not authorize an agreement pursuant to this section that results in more than fifty percent of the withholding tax for such new jobs being retained pursuant to this section and sections 620.2000 to 620.2020.

9. Upon the completion of an agreement pursuant to subsection 6 of this section, twenty-five percent of the state tax withholdings imposed by sections 143.191 to 143.265 on new jobs within a TIME zone after development or redevelopment has commenced shall not be remitted to the general revenue fund of the state of Missouri. Such moneys shall be deposited into the TIME zone fund established pursuant to subsection 10 of this section for the purpose of continuing to expand, develop, and redevelop TIME zones identified by the zone board, and may be used for managerial, engineering, legal, research, promotion, planning, and any other expenses.

10. There is hereby created in the state treasury the "TIME Zone Fund", which shall consist of money collected under this section. The state treasurer shall be custodian of the fund and may approve disbursements from the fund in accordance with sections 30.170 and 30.180 to the zone boards of the TIME zones from which the funds were collected, less the pro-rata portion appropriated by the general assembly to be used solely for the administration of this section, which shall not exceed ten percent of the total amount collected within the TIME zones of a zone board. Notwithstanding the provisions of section 33.080 to the contrary, any moneys remaining in the fund at the end of the biennium shall not revert to the credit of the general revenue fund. The state treasurer shall invest moneys in the fund in the same manner as other funds are invested. Any interest and moneys earned on such investments shall be credited to the fund.

11. The zone board shall approve projects consistent with the provisions of this section that begin construction and disburse any money collected under this section. The zone board shall submit an annual budget for the funds to the department explaining how and when such money will be spent.

12. A zone board shall submit an annual report by December thirty-first of each year to the department and the general assembly. Such report shall include, but shall not be limited to:

- (1) The locations of the established TIME zones governed by the zone board;
- (2) The number of new jobs created within the TIME zones governed by the zone board;
- (3) The average wage of the new jobs created within the TIME zones governed by the zone board; and
- (4) The amount of withholding tax retained pursuant to subsection 9 of this section from new jobs created within the TIME zones governed by the zone board.

13. No political subdivision shall establish a TIME zone with boundaries that overlap the boundaries of an advanced industrial manufacturing zone established pursuant to section 68.075.

14. The total amount of withholding taxes retained by all TIME zones pursuant to the provisions of this section shall not exceed five million dollars per fiscal year.

15. The department may promulgate rules to implement the provisions of this section. Any rule or portion of a rule, as that term is defined in section 536.010, that is created under the authority delegated in this section shall become effective only if it complies with and is subject to all of the provisions of chapter 536

and, if applicable, section 536.028. This section and chapter 536 are nonseverable and if any of the powers vested with the general assembly pursuant to chapter 536 to review, to delay the effective date, or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after August 28, 2020, shall be invalid and void.

16. Pursuant to section 23.253 of the Missouri sunset act:

(1) The provisions of the new program authorized pursuant to this section shall sunset automatically on August 28, 2024, unless reauthorized by an act of the general assembly;

(2) If such program is reauthorized, the program authorized pursuant to this section shall sunset automatically twelve years after the effective date of the reauthorization; and

(3) This section shall terminate on September first of the calendar year immediately following the calendar year in which the program authorized pursuant to this section is sunset."; and

Further amend said bill, Page 89, Section 82.550, Line 3, by inserting after all of said line the following:

~~"[135.710. 1. As used in this section, the following terms mean:~~

- ~~(1) "Alternative fuel vehicle refueling property", property in this state owned by an eligible applicant and used for storing alternative fuels and for dispensing such alternative fuels into fuel tanks of motor vehicles owned by such eligible applicant or private citizens;~~
- ~~(2) "Alternative fuels", any motor fuel at least seventy percent of the volume of which consists of one or more of the following:~~

 - ~~(d) Liquefied natural gas, or LNG;~~
 - ~~(e) Liquefied petroleum gas, or LP gas, propane, or autogas;~~
 - ~~(f) Any mixture of biodiesel and diesel fuel, without regard to any use of kerosene;~~
 - ~~(g) Hydrogen;~~
- ~~(3) "Department", the department of economic development;~~
- ~~(4) "Electric vehicle recharging property", property in this state owned by an eligible applicant and used for recharging electric motor vehicles owned by such eligible applicant or private citizens;~~
- ~~(5) "Eligible applicant", a business entity or private citizen that is the owner of an electric vehicle recharging property or an alternative fuel vehicle refueling property;~~
- ~~(6) "Qualified Missouri contractor", a contractor whose principal place of business is located in Missouri and has been located in Missouri for a period of not less than five years;~~
- ~~(7) "Qualified property", an electric vehicle recharging property or an alternative fuel vehicle refueling property which, if constructed after August 28, 2014, was constructed with at least fifty-one percent of the costs being paid to qualified Missouri contractors for the:~~
 - ~~(a) Fabrication of premanufactured equipment or process piping used in the construction of such facility;~~
 - ~~(b) Construction of such facility; and~~
 - ~~(c) General maintenance of such facility during the time period in which such facility receives any tax credit under this section.~~

~~If no qualified Missouri contractor is located within seventy-five miles of the property, the requirement that fifty-one percent of the costs shall be paid to qualified Missouri contractors shall not apply.~~

~~2. For all tax years beginning on or after January 1, 2015, but before January 1, 2018, any eligible applicant who installs and operates a qualified property shall be allowed a credit against the tax otherwise due under chapter 143, excluding withholding tax imposed by sections 143.191 to 143.265, or due under chapter 147 or chapter 148 for any tax year in which the applicant is constructing the qualified property. The credit allowed in this section per eligible applicant who is a private citizen shall not exceed fifteen hundred dollars or per eligible applicant that is a business entity shall not exceed the lesser of twenty thousand dollars or twenty percent of the total costs directly associated with the purchase and installation of any alternative fuel storage and dispensing~~

equipment or any recharging equipment on any qualified property, which shall not include the following:

- (1) Costs associated with the purchase of land upon which to place a qualified property;
- (2) Costs associated with the purchase of an existing qualified property; or
- (3) Costs for the construction or purchase of any structure.

3. Tax credits allowed by this section shall be claimed by the eligible applicant at the time such applicant files a return for the tax year in which the storage and dispensing or recharging facilities were placed in service at a qualified property, and shall be applied against the income tax liability imposed by chapter 143, chapter 147, or chapter 148 after all other credits provided by law have been applied. The cumulative amount of tax credits which may be claimed by eligible applicants claiming all credits authorized in this section shall not exceed one million dollars in any calendar year, subject to appropriations.

4. If the amount of the tax credit exceeds the eligible applicant's tax liability, the difference shall not be refundable. Any amount of credit that an eligible applicant is prohibited by this section from claiming in a taxable year may be carried forward to any of such applicant's two subsequent taxable years. Tax credits allowed under this section may be assigned, transferred, sold, or otherwise conveyed.

5. Any qualified property, for which an eligible applicant receives tax credits under this section, which ceases to sell alternative fuel or recharge electric vehicles shall cause the forfeiture of such eligible applicant's tax credits provided under this section for the taxable year in which the qualified property ceased to sell alternative fuel or recharge electric vehicles and for future taxable years with no recapture of tax credits obtained by an eligible applicant with respect to such applicant's tax years which ended before the sale of alternative fuel or recharging of electric vehicles ceased.

6. The director of revenue shall establish the procedure by which the tax credits in this section may be claimed, and shall establish a procedure by which the cumulative amount of tax credits is apportioned equally among all eligible applicants claiming the credit. To the maximum extent possible, the director of revenue shall establish the procedure described in this subsection in such a manner as to ensure that eligible applicants can claim all the tax credits possible up to the cumulative amount of tax credits available for the taxable year. No eligible applicant claiming a tax credit under this section shall be liable for any interest or penalty for filing a tax return after the date fixed for filing such return as a result of the apportionment procedure under this subsection.

7. Any eligible applicant desiring to claim a tax credit under this section shall submit the appropriate application for such credit with the department. The application for a tax credit under this section shall include any information required by the department. The department shall review the applications and certify to the department of revenue each eligible applicant that qualifies for the tax credit.

8. The department and the department of revenue may promulgate rules to implement the provisions of this section. Any rule or portion of a rule, as that term is defined in section 536.010, that is created under the authority delegated in this section shall become effective only if it complies with and is subject to all of the provisions of chapter 536 and, if applicable, section 536.028. This section and chapter 536 are nonseverable and if any of the powers vested with the general assembly pursuant to chapter 536 to review, to delay the effective date, or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after August 28, 2008, shall be invalid and void.

9. The provisions of section 23.253 of the Missouri sunset act notwithstanding:

- (1) The provisions of the new program authorized under this section shall automatically sunset three years after December 31, 2014, unless reauthorized by an act of the general assembly; and
- (2) If such program is reauthorized, the program authorized under this section shall automatically sunset six years after the effective date of the reauthorization of this section; and
- (3) This section shall terminate on December thirty first of the calendar year immediately following the calendar year in which the program authorized under this section is sunset; and
- (4) The provisions of this subsection shall not be construed to limit or in any way impair the department's ability to redeem tax credits authorized on or before the date the program authorized under this section expires or a taxpayer's ability to redeem such tax credits."]; and

JOURNAL OF THE HOUSE

Second Regular Session, 100th GENERAL ASSEMBLY

SIXTY-FIRST DAY, TUESDAY, MAY 12, 2020

The House met pursuant to adjournment.

Speaker Haahr in the Chair.

Prayer by Reverend Monsignor Robert A. Kurwicki, Chaplain.

*Let us love one another, for love comes from God. Everyone who loves has been born from God and knows God.
(1 John 4:7)*

O loving God, who guided our ancestors to build on these shores a nation of the people, by the people, and who gave them faith to believe that they may become one in spirit with liberty and justice for all, touch our hearts that we may live according to Your holy will and that we may be open to the leading of Your gracious Spirit during this uncertain time.

Remove from our minds today all bitterness, all fear, and all contempt for one another, that departing from all that divides us we may, by Your grace, arrive at a new unity of spirit, that being one with You, we may be one with one another this last week.

Today, may our spirit be the spirit of calmness. May our security be the security of goodness. May our strength be the strength of humility where each may live for all, and all may care for each, here in the People's House.

Let us remember all who have served and have fallen in the line of duty during this national and state Law Enforcement Memorial Week.

And the House says, "Amen!"

The Pledge of Allegiance to the flag was recited.

The Journal of the sixtieth day was approved as corrected by the following vote:

For purposes of this section, "misrepresent a dog as a service dog" means a representation by word or action that a dog has been trained as a service dog as defined in section 209.200. Misrepresentation of a service dog includes, but is not limited to:

- (1) **Knowingly creating documents that falsely represent that a dog is a service dog;**
- (2) **Knowingly providing to another person documents falsely stating that a dog is a service dog;**
- (3) **Knowingly fitting a dog, if the dog is not a service dog, with a harness, collar, vest, or sign of the type commonly used by a person with a disability to indicate a dog is a service dog; or**
- (4) **Knowingly representing that a dog is a service dog if the dog has not completed training to perform disability-related tasks or do disability-related work for a person with a disability.**

A person who violates this subsection is guilty of a class C misdemeanor and shall also be civilly liable for any actual damages resulting from such misrepresentation. Any second or subsequent violation of this subsection is a class B misdemeanor.

3. No person shall knowingly misrepresent any animal as an assistance animal for the purpose of receiving the accommodations regarding assistance animals under the Fair Housing Act, 42 U.S.C. Section 3601, et seq., or the Rehabilitation Act, 29 U.S.C. Section 701, et seq. For the purposes of this section an "assistance animal" is an animal that works, provides assistance, or performs tasks, or is being trained to work, provide assistance, or perform tasks, for the benefit of a person with a disability, or that provides emotional support that alleviates one or more identified effects of a person's disability. While dogs are the most common type of assistance animal, other animals can also be assistance animals. Misrepresentation of an assistance animal includes, but is not limited to:

- (1) Knowingly creating documents that falsely represent that an animal is an assistance animal;
- (2) Knowingly providing to another person documents falsely stating that an animal is an assistance animal;
- (3) Knowingly fitting an animal, if the animal is not an assistance animal, with a harness, collar, vest, or sign of the type commonly used by a person with a disability to indicate an animal is an assistance animal; or
- (4) Knowingly and intentionally misrepresenting a material fact to a health care provider for the purpose of obtaining documentation from the health care provider necessary to designate an animal as an assistance animal. All documentation for an assistance animal must be from a qualified professional as permitted under the Fair Housing Act, 42 U.S.C. Section 3601, et seq., or the Rehabilitation Act, 29 U.S.C. Section 701, et seq.

A person who violates this subsection is guilty of a class C misdemeanor and shall also be civilly liable for any actual damages resulting from such misrepresentation. Any second or subsequent violation of this subsection is a class B misdemeanor.

4. The governor's council on disability shall prepare and make available online a placard suitable for posting in a front window or door, stating that service dogs are welcome and that misrepresentation of a service dog is a violation of Missouri law, as well as a brochure detailing permissible questions as allowed by the Americans with Disabilities Act, a business owner may ask in order to determine whether a dog is a service dog, and guidelines defining unacceptable behavior.

5. The governor's council on disability shall prepare and make available online a brochure for landlords and tenants regarding laws relating to service dogs, assistance animals, and housing under federal and Missouri law."; and

JOURNAL OF THE HOUSE

Second Regular Session, 100th GENERAL ASSEMBLY

SIXTY-SECOND DAY, WEDNESDAY, MAY 13, 2020

The House met pursuant to adjournment.

Speaker Haahr in the Chair.

Prayer by Reverend Monsignor Robert A. Kurwicki, Chaplain.

Trust in the Lord and do good. (Psalm 37:3)

O God, our Creator, eternal source of wisdom, power, and love, who is above us and with us, who keeps the planets in their courses and yet is mindful of the faint whispers of our human hearts, before You we pause in reverence and awe, contemplating the grandeur of Your being, the greatness of Your power, and the glory of Your love.

Keep us restless until we find our rest in You. Keep us dissatisfied until we find our satisfaction in You. Keep us in weakness until we find our strength in You under this dome.

Into our lives come appeals for political causes, some of which are good and some of which are not good. We pray that, by Your spirit, we may be led to make wise choices and that our reactions may be good and for the good of all. Help us to keep our minds and hearts responsive to You, that Your grace may find an outlet in our lives, and that we and our state may be channels for Your Spirit to establish justice between us, goodness within us, and peace in our hearts, especially now during this pandemic.

And the House says, "Amen!"

The Pledge of Allegiance to the flag was recited.

The Journal of the sixty-first day was approved as printed by the following vote:

House Amendment No. 1

AMEND House Committee Substitute for Senate Bill No. 782, Page 5, Section 68.075, Line 57, by inserting after all of said line the following:

"135.305. A Missouri wood energy producer shall be eligible for a tax credit on taxes otherwise due under chapter 143, except sections 143.191 to 143.261, as a production incentive to produce processed wood products in a qualified wood-producing facility using Missouri forest product residue. The tax credit to the wood energy producer shall be five dollars per ton of processed material. The credit may be claimed for a period of five years and is to be a tax credit against the tax otherwise due. No new tax credits, provided for under sections 135.300 to 135.311, shall be authorized after June 30, [2020] 2026. In no event shall the aggregate amount of all tax credits allowed under sections 135.300 to 135.311 exceed six million dollars in any given fiscal year. There shall be no tax credits authorized under sections 135.300 to 135.311 unless an appropriation is made for such tax credits.

137.1018. 1. The commission shall ascertain the statewide average rate of property taxes levied the preceding year, based upon the total assessed valuation of the railroad and street railway companies and the total property taxes levied upon the railroad and street railway companies. It shall determine total property taxes levied from reports prescribed by the commission from the railroad and street railway companies. Total taxes levied shall not include revenues from the surtax on subclass three real property.

2. The commission shall report its determination of average property tax rate for the preceding year, together with the taxable distributable assessed valuation of each freight line company for the current year to the director no later than October first of each year.

3. Taxes on property of such freight line companies shall be collected at the state level by the director on behalf of the counties and other local public taxing entities and shall be distributed in accordance with sections 137.1021 and 137.1024. The director shall tax such property based upon the distributable assessed valuation attributable to Missouri of each freight line company, using the average tax rate for the preceding year of the railroad and street railway companies certified by the commission. Such tax shall be due and payable on or before December thirty-first of the year levied and, if it becomes delinquent, shall be subject to a penalty equal to that specified in section 140.100.

4. (1) As used in this subsection, the following terms mean:

(a) "Eligible expenses", expenses incurred in this state to manufacture, maintain, or improve a freight line company's qualified rolling stock;

(b) "Qualified rolling stock", any freight, stock, refrigerator, or other railcars subject to the tax levied under this section.

(2) For all taxable years beginning on or after January 1, 2009, a freight line company shall, subject to appropriation, be allowed a credit against the tax levied under this section for the applicable tax year. The tax credit amount shall be equal to the amount of eligible expenses incurred during the calendar year immediately preceding the tax year for which the credit under this section is claimed. The amount of the tax credit issued shall not exceed the freight line company's liability for the tax levied under this section for the tax year for which the credit is claimed.

(3) A freight line company may apply for the credit by submitting to the commission an application in the form prescribed by the state tax commission.

(4) Subject to appropriation, the state shall reimburse, on an annual basis, any political subdivision of this state for any decrease in revenue due to the provisions of this subsection.

5. Pursuant to section 23.253 of the Missouri sunset act:

(1) The program authorized under this section shall expire on August 28, [2020] 2027; and

(2) This section shall terminate on September 1, [2024] 2028."; and

House Amendment No. 5

AMEND House Committee Substitute for Senate Bill No. 782, Page 24, Section 301.010, Line 159, by inserting after the first occurrence of the word "vehicle" the words "**or who has executed a buyer's order or retail installment sales contract with a motor vehicle dealer licensed under sections 301.550 to 301.580 for the purchase of a vehicle with an immediate right of possession vested in the transferee,**"; and

Further amend said bill, Page 32, Section 301.032, Line 94, by inserting after all of said line the following:

"301.140. 1. Upon the transfer of ownership of any motor vehicle or trailer, the certificate of registration and the right to use the number plates shall expire and the number plates shall be removed by the owner at the time of the transfer of possession, and it shall be unlawful for any person other than the person to whom such number plates were originally issued to have the same in his or her possession whether in use or not, unless such possession is solely for charitable purposes; except that the buyer of a motor vehicle or trailer who trades in a motor vehicle or trailer may attach the license plates from the traded-in motor vehicle or trailer to the newly purchased motor vehicle or trailer. The operation of a motor vehicle with such transferred plates shall be lawful for no more than thirty days, or no more than ninety days if the dealer is selling the motor vehicle under the provisions of section 301.213, **or no more than sixty days if the dealer is selling the motor vehicle under the provisions of subsection 5 of section 301.210.** As used in this subsection, the term "trade-in motor vehicle or trailer" shall include any single motor vehicle or trailer sold by the buyer of the newly purchased vehicle or trailer, as long as the license plates for the trade-in motor vehicle or trailer are still valid.

2. In the case of a transfer of ownership the original owner may register another motor vehicle under the same number, upon the payment of a fee of two dollars, if the motor vehicle is of horsepower, gross weight or (in the case of a passenger-carrying commercial motor vehicle) seating capacity, not in excess of that originally registered. When such motor vehicle is of greater horsepower, gross weight or (in the case of a passenger-carrying commercial motor vehicle) seating capacity, for which a greater fee is prescribed, **the** applicant shall pay a transfer

fee of two dollars and a pro rata portion for the difference in fees. When such vehicle is of less horsepower, gross weight or (in case of a passenger-carrying commercial motor vehicle) seating capacity, for which a lesser fee is prescribed, **the** applicant shall not be entitled to a refund.

3. License plates may be transferred from a motor vehicle which will no longer be operated to a newly purchased motor vehicle by the owner of such vehicles. The owner shall pay a transfer fee of two dollars if the newly purchased vehicle is of horsepower, gross weight or (in the case of a passenger-carrying commercial motor vehicle) seating capacity, not in excess of that of the vehicle which will no longer be operated. When the newly purchased motor vehicle is of greater horsepower, gross weight or (in the case of a passenger-carrying commercial motor vehicle) seating capacity, for which a greater fee is prescribed, the applicant shall pay a transfer fee of two dollars and a pro rata portion of the difference in fees. When the newly purchased vehicle is of less horsepower, gross weight or (in the case of a passenger-carrying commercial motor vehicle) seating capacity, for which a lesser fee is prescribed, the applicant shall not be entitled to a refund.

4. The director of the department of revenue shall have authority to produce or allow others to produce a weather resistant, nontearing temporary permit authorizing the operation of a motor vehicle or trailer by a buyer for not more than thirty days, or no more than ninety days if issued by a dealer selling the motor vehicle under the provisions of section 301.213, **or no more than sixty days if issued by a dealer selling the motor vehicle under the provisions of subsection 5 of section 301.210**, from the date of purchase. The temporary permit authorized under this section may be purchased by the purchaser of a motor vehicle or trailer from the central office of the department of revenue or from an authorized agent of the department of revenue upon proof of purchase of a motor vehicle or trailer for which the buyer has no registration plate available for transfer and upon proof of financial responsibility, or from a motor vehicle dealer upon purchase of a motor vehicle or trailer for which the buyer has no registration plate available for transfer, or from a motor vehicle dealer upon purchase of a motor vehicle or trailer for which the buyer has registered and is awaiting receipt of registration plates. The director of the department of revenue or a producer authorized by the director of the department of revenue may make temporary permits available to registered dealers in this state, authorized agents of the department of revenue or the department of revenue. The price paid by a motor vehicle dealer, an authorized agent of the department of revenue or the department of revenue for a temporary permit shall not exceed five dollars for each permit. The director of the department of revenue shall direct motor vehicle dealers and authorized agents to obtain temporary permits from an authorized producer. Amounts received by the director of the department of revenue for temporary permits shall constitute state revenue; however, amounts received by an authorized producer other than the director of the department of revenue shall not constitute state revenue and any amounts received by motor vehicle dealers or authorized agents for temporary permits purchased from a producer other than the director of the department of revenue shall not constitute state revenue. In no event shall revenues from the general revenue fund or any other state fund be utilized to compensate motor vehicle dealers or other producers for their role in producing temporary permits as authorized under this section. Amounts that do not constitute state revenue under this section shall also not constitute fees for registration or certificates of title to be collected by the director of the department of revenue under section 301.190. No motor vehicle dealer, authorized agent or the department of revenue shall charge more than five dollars for each permit issued. The permit shall be valid for a period of thirty days, or no more than ninety days if issued by a dealer selling the motor vehicle under the provisions of section 301.213, **or no more than sixty days if issued by a dealer selling the motor vehicle under the provisions of subsection 5 of section 301.210**, from the date of purchase of a motor vehicle or trailer, or from the date of sale of the motor vehicle or trailer by a motor vehicle dealer for which the purchaser obtains a permit as set out above. No permit shall be issued for a vehicle under this section unless the buyer shows proof of financial responsibility. Each temporary permit issued shall be securely fastened to the back or rear of the motor vehicle in a manner and place on the motor vehicle consistent with registration plates so that all parts and qualities of the temporary permit thereof shall be plainly and clearly visible, reasonably clean and are not impaired in any way.

5. The permit shall be issued on a form prescribed by the director of the department of revenue and issued only for the applicant's temporary operation of the motor vehicle or trailer purchased to enable the applicant to temporarily operate the motor vehicle while proper title and registration plates are being obtained, or while awaiting receipt of registration plates, and shall be displayed on no other motor vehicle. Temporary permits issued pursuant to this section shall not be transferable or renewable, shall not be valid upon issuance of proper registration plates for the motor vehicle or trailer, and shall be returned to the department or to the department's agent upon the issuance of such proper registration plates. Any temporary permit returned to the department or to the department's agent shall be immediately destroyed. The provisions of this subsection shall not apply to temporary permits issued

for commercial motor vehicles licensed in excess of twenty-four thousand pounds gross weight. The director of the department of revenue shall determine the size, material, design, numbering configuration, construction, and color of the permit. The director of the department of revenue, at his or her discretion, shall have the authority to reissue, and thereby extend the use of, a temporary permit previously and legally issued for a motor vehicle or trailer while proper title and registration are being obtained.

6. Every motor vehicle dealer that issues temporary permits shall keep, for inspection by proper officers, an accurate record of each permit issued by recording the permit number, the motor vehicle dealer's number, buyer's name and address, the motor vehicle's year, make, and manufacturer's vehicle identification number, and the permit's date of issuance and expiration date. Upon the issuance of a temporary permit by either the central office of the department of revenue, a motor vehicle dealer or an authorized agent of the department of revenue, the director of the department of revenue shall make the information associated with the issued temporary permit immediately available to the law enforcement community of the state of Missouri.

7. Upon the transfer of ownership of any currently registered motor vehicle wherein the owner cannot transfer the license plates due to a change of motor vehicle category, the owner may surrender the license plates issued to the motor vehicle and receive credit for any unused portion of the original registration fee against the registration fee of another motor vehicle. Such credit shall be granted based upon the date the license plates are surrendered. No refunds shall be made on the unused portion of any license plates surrendered for such credit.

8. An additional temporary license plate produced in a manner and of materials determined by the director to be the most cost-effective means of production with a configuration that matches an existing or newly issued plate may be purchased by a motor vehicle owner to be placed in the interior of the vehicle's rear window such that the driver's view out of the rear window is not obstructed and the plate configuration is clearly visible from the outside of the vehicle to serve as the visible plate when a bicycle rack or other item obstructs the view of the actual plate. Such temporary plate is only authorized for use when the matching actual plate is affixed to the vehicle in the manner prescribed in subsection 5 of section 301.130. The fee charged for the temporary plate shall be equal to the fee charged for a temporary permit issued under subsection 4 of this section. Replacement temporary plates authorized in this subsection may be issued as needed upon the payment of a fee equal to the fee charged for a temporary permit under subsection 4 of this section. The newly produced third plate may only be used on the vehicle with the matching plate, and the additional plate shall be clearly recognizable as a third plate and only used for the purpose specified in this subsection.

9. Notwithstanding the provisions of section 301.217, the director may issue a temporary permit to an individual who possesses a salvage motor vehicle which requires an inspection under subsection 9 of section 301.190. The operation of a salvage motor vehicle for which the permit has been issued shall be limited to the most direct route from the residence, maintenance, or storage facility of the individual in possession of such motor vehicle to the nearest authorized inspection facility and return to the originating location. Notwithstanding any other requirements for the issuance of a temporary permit under this section, an individual obtaining a temporary permit for the purpose of operating a motor vehicle to and from an examination facility as prescribed in this subsection shall also purchase the required motor vehicle examination form which is required to be completed for an examination under subsection 9 of section 301.190 and provide satisfactory evidence that such vehicle has passed a motor vehicle safety inspection for such vehicle as required in section 307.350.

10. The director of the department of revenue may promulgate all necessary rules and regulations for the administration of this section. Any rule or portion of a rule, as that term is defined in section 536.010, that is created under the authority delegated in this section shall become effective only if it complies with and is subject to all of the provisions of chapter 536 and, if applicable, section 536.028. This section and chapter 536 are nonseverable and if any of the powers vested with the general assembly pursuant to chapter 536 to review, to delay the effective date, or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after August 28, 2012, shall be invalid and void.

11. The repeal and reenactment of this section shall become effective on the date the department of revenue or a producer authorized by the director of the department of revenue begins producing temporary permits described in subsection 4 of such section, or on July 1, 2013, whichever occurs first. If the director of revenue or a producer authorized by the director of the department of revenue begins producing temporary permits prior to July 1, 2013, the director of the department of revenue shall notify the revisor of statutes of such fact.

301.190. 1. No certificate of registration of any motor vehicle or trailer, or number plate therefor, shall be issued by the director of revenue unless the applicant therefor shall make application for and be granted a certificate of ownership of such motor vehicle or trailer, or shall present satisfactory evidence that such certificate has been previously issued to the applicant for such motor vehicle or trailer. Application shall be made within thirty days after the applicant acquires the motor vehicle or trailer, unless the motor vehicle was acquired under section 301.213

or subsection 5 of section 301.210 in which case the applicant shall make application within thirty days after receiving title from the dealer, upon a blank form furnished by the director of revenue and shall contain the applicant's identification number, a full description of the motor vehicle or trailer, the vehicle identification number, and the mileage registered on the odometer at the time of transfer of ownership, as required by section 407.536, together with a statement of the applicant's source of title and of any liens or encumbrances on the motor vehicle or trailer, provided that for good cause shown the director of revenue may extend the period of time for making such application. When an owner wants to add or delete a name or names on an application for certificate of ownership of a motor vehicle or trailer that would cause it to be inconsistent with the name or names listed on the notice of lien, the owner shall provide the director with documentation evidencing the lienholder's authorization to add or delete a name or names on an application for certificate of ownership.

2. The director of revenue shall use reasonable diligence in ascertaining whether the facts stated in such application are true and shall, to the extent possible without substantially delaying processing of the application, review any odometer information pertaining to such motor vehicle that is accessible to the director of revenue. If satisfied that the applicant is the lawful owner of such motor vehicle or trailer, or otherwise entitled to have the same registered in his name, the director shall thereupon issue an appropriate certificate over his signature and sealed with the seal of his office, procured and used for such purpose. The certificate shall contain on its face a complete description, vehicle identification number, and other evidence of identification of the motor vehicle or trailer, as the director of revenue may deem necessary, together with the odometer information required to be put on the face of the certificate pursuant to section 407.536, a statement of any liens or encumbrances which the application may show to be thereon, and, if ownership of the vehicle has been transferred, the name of the state issuing the transferor's title and whether the transferor's odometer mileage statement executed pursuant to section 407.536 indicated that the true mileage is materially different from the number of miles shown on the odometer, or is unknown.

3. The director of revenue shall appropriately designate on the current and all subsequent issues of the certificate the words "Reconstructed Motor Vehicle", "Motor Change Vehicle", "Specially Constructed Motor Vehicle", or "Non-USA-Std Motor Vehicle", as defined in section 301.010. Effective July 1, 1990, on all original and all subsequent issues of the certificate for motor vehicles as referenced in subsections 2 and 3 of section 301.020, the director shall print on the face thereof the following designation: "Annual odometer updates may be available from the department of revenue.". On any duplicate certificate, the director of revenue shall reprint on the face thereof the most recent of either:

- (1) The mileage information included on the face of the immediately prior certificate and the date of purchase or issuance of the immediately prior certificate; or
- (2) Any other mileage information provided to the director of revenue, and the date the director obtained or recorded that information.

4. The certificate of ownership issued by the director of revenue shall be manufactured in a manner to prohibit as nearly as possible the ability to alter, counterfeit, duplicate, or forge such certificate without ready detection. In order to carry out the requirements of this subsection, the director of revenue may contract with a nonprofit scientific or educational institution specializing in the analysis of secure documents to determine the most effective methods of rendering Missouri certificates of ownership nonalterable or noncounterfeitable.

5. The fee for each original certificate so issued shall be eight dollars and fifty cents, in addition to the fee for registration of such motor vehicle or trailer. If application for the certificate is not made within thirty days after the vehicle is acquired by the applicant, or where the motor vehicle was acquired under section 301.213 **or subsection 5 of section 301.210** and the applicant fails to make application within thirty days after receiving title from the dealer, a delinquency penalty fee of twenty-five dollars for the first thirty days of delinquency and twenty-five dollars for each thirty days of delinquency thereafter, not to exceed a total of two hundred dollars, but such penalty may be waived by the director for a good cause shown. If the director of revenue learns that any person has failed to obtain a certificate within thirty days after acquiring a motor vehicle or trailer, or where the motor vehicle was acquired under section 301.213 **or subsection 5 of section 301.210** and the applicant fails to make application within thirty days after receiving title from the dealer, or has sold a vehicle without obtaining a certificate, he shall cancel the registration of all vehicles registered in the name of the person, either as sole owner or as a co-owner, and shall notify the person that the cancellation will remain in force until the person pays the delinquency penalty fee provided in this section, together with all fees, charges and payments which the person should have paid in connection with the certificate of ownership and registration of the vehicle. The certificate shall be good for the life of the motor vehicle or trailer so long as the same is owned or held by the original holder of the certificate and shall not have to be renewed annually.

6. Any applicant for a certificate of ownership requesting the department of revenue to process an application for a certificate of ownership in an expeditious manner requiring special handling shall pay a fee of five dollars in addition to the regular certificate of ownership fee.

7. It is unlawful for any person to operate in this state a motor vehicle or trailer required to be registered under the provisions of the law unless a certificate of ownership has been applied for as provided in this section.

8. Before an original Missouri certificate of ownership is issued, an inspection of the vehicle and a verification of vehicle identification numbers shall be made by the Missouri state highway patrol on vehicles for which there is a current title issued by another state if a Missouri salvage certificate of title has been issued for the same vehicle but no prior inspection and verification has been made in this state, except that if such vehicle has been inspected in another state by a law enforcement officer in a manner comparable to the inspection process in this state and the vehicle identification numbers have been so verified, the applicant shall not be liable for the twenty-five dollar inspection fee if such applicant submits proof of inspection and vehicle identification number verification to the director of revenue at the time of the application. The applicant, who has such a title for a vehicle on which no prior inspection and verification have been made, shall pay a fee of twenty-five dollars for such verification and inspection, payable to the director of revenue at the time of the request for the application, which shall be deposited in the state treasury to the credit of the state highways and transportation department fund.

9. Each application for an original Missouri certificate of ownership for a vehicle which is classified as a reconstructed motor vehicle, specially constructed motor vehicle, kit vehicle, motor change vehicle, non-USA-std motor vehicle, or other vehicle as required by the director of revenue shall be accompanied by a vehicle examination certificate issued by the Missouri state highway patrol, or other law enforcement agency as authorized by the director of revenue. The vehicle examination shall include a verification of vehicle identification numbers and a determination of the classification of the vehicle. The owner of a vehicle which requires a vehicle examination certificate shall present the vehicle for examination and obtain a completed vehicle examination certificate prior to submitting an application for a certificate of ownership to the director of revenue. Notwithstanding any provision of the law to the contrary, an owner presenting a motor vehicle which has been issued a salvage title and which is ten years of age or older to a vehicle examination described in this subsection in order to obtain a certificate of ownership with the designation prior salvage motor vehicle shall not be required to repair or restore the vehicle to its original appearance in order to pass or complete the vehicle examination. The fee for the vehicle examination application shall be twenty-five dollars and shall be collected by the director of revenue at the time of the request for the application and shall be deposited in the state treasury to the credit of the state highways and transportation department fund. If the vehicle is also to be registered in Missouri, the safety inspection required in chapter 307 and the emissions inspection required under chapter 643 shall be completed and the fees required by section 307.365 and section 643.315 shall be charged to the owner.

10. When an application is made for an original Missouri certificate of ownership for a motor vehicle previously registered or titled in a state other than Missouri or as required by section 301.020, it shall be accompanied by a current inspection form certified by a duly authorized official inspection station as described in chapter 307. The completed form shall certify that the manufacturer's identification number for the vehicle has been inspected, that it is correctly displayed on the vehicle and shall certify the reading shown on the odometer at the time of inspection. The inspection station shall collect the same fee as authorized in section 307.365 for making the inspection, and the fee shall be deposited in the same manner as provided in section 307.365. If the vehicle is also to be registered in Missouri, the safety inspection required in chapter 307 and the emissions inspection required under chapter 643 shall be completed and only the fees required by section 307.365 and section 643.315 shall be charged to the owner. This section shall not apply to vehicles being transferred on a manufacturer's statement of origin.

11. Motor vehicles brought into this state in a wrecked or damaged condition or after being towed as an abandoned vehicle pursuant to another state's abandoned motor vehicle procedures shall, in lieu of the inspection required by subsection 10 of this section, be inspected by the Missouri state highway patrol in accordance with subsection 9 of this section. If the inspection reveals the vehicle to be in a salvage or junk condition, the director shall so indicate on any Missouri certificate of ownership issued for such vehicle. Any salvage designation shall be carried forward on all subsequently issued certificates of title for the motor vehicle.

12. When an application is made for an original Missouri certificate of ownership for a motor vehicle previously registered or titled in a state other than Missouri, and the certificate of ownership has been appropriately designated by the issuing state as a reconstructed motor vehicle, motor change vehicle, specially constructed motor vehicle, or prior salvage vehicle, the director of revenue shall appropriately designate on the current Missouri and all subsequent issues of the certificate of ownership the name of the issuing state and such prior designation. The absence of any prior designation shall not relieve a transferor of the duty to exercise due diligence with regard to such certificate of ownership prior to the transfer of a certificate. If a transferor exercises any due diligence with

regard to a certificate of ownership, the legal transfer of a certificate of ownership without any designation that is subsequently discovered to have or should have had a designation shall be a transfer free and clear of any liabilities of the transferor associated with the missing designation.

13. When an application is made for an original Missouri certificate of ownership for a motor vehicle previously registered or titled in a state other than Missouri, and the certificate of ownership has been appropriately designated by the issuing state as non-USA-std motor vehicle, the director of revenue shall appropriately designate on the current Missouri and all subsequent issues of the certificate of ownership the words "Non-USA-Std Motor Vehicle".

14. The director of revenue and the superintendent of the Missouri state highway patrol shall make and enforce rules for the administration of the inspections required by this section.

15. Each application for an original Missouri certificate of ownership for a vehicle which is classified as a reconstructed motor vehicle, manufactured forty or more years prior to the current model year, and which has a value of three thousand dollars or less shall be accompanied by:

(1) A proper affidavit submitted by the owner explaining how the motor vehicle or trailer was acquired and, if applicable, the reasons a valid certificate of ownership cannot be furnished;

(2) Photocopies of receipts, bills of sale establishing ownership, or titles, and the source of all major component parts used to rebuild the vehicle;

(3) A fee of one hundred fifty dollars in addition to the fees described in subsection 5 of this section. Such fee shall be deposited in the state treasury to the credit of the state highways and transportation department fund; and

(4) An inspection certificate, other than a motor vehicle examination certificate required under subsection 9 of this section, completed and issued by the Missouri state highway patrol, or other law enforcement agency as authorized by the director of revenue. The inspection performed by the highway patrol or other authorized local law enforcement agency shall include a check for stolen vehicles.

The department of revenue shall issue the owner a certificate of ownership designated with the words "Reconstructed Motor Vehicle" and deliver such certificate of ownership in accordance with the provisions of this chapter. Notwithstanding subsection 9 of this section, no owner of a reconstructed motor vehicle described in this subsection shall be required to obtain a vehicle examination certificate issued by the Missouri state highway patrol.

301.210. 1. In the event of a sale or transfer of ownership of a motor vehicle or trailer for which a certificate of ownership has been issued, the holder of such certificate shall endorse on the same an assignment thereof, with warranty of title in form printed thereon, and prescribed by the director of revenue, with a statement of all liens or encumbrances on such motor vehicle or trailer, and deliver the same to the buyer at the time of the delivery to him of such motor vehicle or trailer; provided that, when the transfer of a motor vehicle, trailer, boat or outboard motor occurs within a corporation which holds a license to operate as a motor vehicle or boat dealer pursuant to sections 301.550 to 301.575, the provisions of subdivision (3) of subsection 7 of section 144.070 shall not apply.

2. The buyer shall then present such certificate, assigned as aforesaid, to the director of revenue, at the time of making application for the registration of such motor vehicle or trailer, whereupon a new certificate of ownership shall be issued to the buyer, the fee therefor being that prescribed in subsection 5 of section 301.190.

3. If such motor vehicle or trailer is sold to a resident of another state or country, or if such motor vehicle or trailer is destroyed or dismantled, the owner thereof shall immediately notify the director of revenue. Certificates when so signed and returned to the director of revenue shall be retained by the director of revenue and all certificates shall be appropriately indexed so that at all times it will be possible for him to expeditiously trace the ownership of the motor vehicle or trailer designated therein.

4. It shall be unlawful for any person to buy or sell in this state any motor vehicle or trailer registered under the laws of this state, unless, at the time of the delivery thereof, there shall pass between the parties such certificates of ownership with an assignment thereof, as provided in this section, and the sale of any motor vehicle or trailer registered under the laws of this state, without the assignment of such certificate of ownership, shall be **presumed fraudulent and void unless the parties have executed a written agreement for delayed delivery of certificate of ownership as provided in subsection 5 of this section.**

5. A motor vehicle dealer licensed under sections 301.550 to 301.580 may deliver a motor vehicle or trailer to a purchaser with a written agreement to pass the certificate of ownership with an assignment to the purchaser within thirty days after delivery, inclusive of weekends and holidays.

(1) The form of the agreement shall be prescribed by the director of revenue. The agreement shall provide that if the motor vehicle dealer does not pass the certificate of ownership with an assignment to the purchaser within thirty days that the sale shall be voidable at purchaser's option and, in such case, dealer shall

re-purchase the vehicle by paying and satisfying in full any purchase money lien against the vehicle, including accrued penalties and fees, with the remainder of one hundred percent of the sale price refunded and paid by the dealer to the buyer. As used in this subdivision, the term "sale price" shall include the negotiated price of the vehicle, the down payment, the trade-in allowance even if the allowance reflected negative equity, and the price of all optional services and products sold to the buyer under the sales and finance transaction.

(2) In the event a motor vehicle subject to this subsection has suffered physical damage covered by the purchaser's vehicle insurance policy and the vehicle is determined by the insurance company to be a total loss, the insurance company may satisfy the claim in full, with respect to the damage to the vehicle, by transferring all proceeds to such purchaser and any secured lienholder of record. The purchaser shall not assign the purchaser's corresponding insurance benefits to any party without the express written permission of the insurer. In conjunction with such satisfaction of the claim, if as part of such claim settlement the insurance company is to receive the vehicle under subdivision (3) of this subsection, but clear title never vests with the purchaser within the thirty-day period after the date of sale prescribed by subdivision (1) of this subsection or within ten days of the claim settlement date, whichever is later, the insurance company shall notify the dealer that clear title never vested with the purchaser and the dealer shall reimburse the insurance company for the salvage value of such vehicle as determined in the claims settlement with the purchaser, and in exchange the insurance company shall assign its rights to the vehicle back to the dealer. If the dealer fails to make payment to the insurance company within fifteen days of receiving notice, the dealer shall be liable to the insurance company for the value of the salvage as determined in the claims settlement with the purchaser, plus any actual damages and any applicable court costs, in return for the right to acquire the title and apply for a salvage title under this chapter.

(3) Notwithstanding any provision of law to the contrary, completion of the requirements of this subsection shall constitute prima facie evidence of an ownership interest vested in the purchaser of the vehicle for all purposes other than for a subsequent transfer of ownership of the vehicle by the purchaser, subject to the rights of any secured lienholder of record; however, the purchaser may use the dealer-supplied copy of the agreement to transfer his or her ownership of the vehicle to an insurance company in situations where the vehicle has been declared salvage or a total loss by the insurance company as a result of a settlement of a claim. Such insurance company may apply for a salvage certificate of title or junking certificate under subsection 3 of section 301.193 in order to transfer its interest in such vehicle. The purchaser may also use the dealer-supplied copy of the agreement on the form prescribed by the director of revenue as proof of ownership interest. Any lender or insurance company may rely upon a copy of the signed written agreement on the form prescribed by the director of revenue as proof of ownership interest. Any lien placed upon a vehicle based upon such signed written agreement shall be valid and enforceable, notwithstanding the absence of a certificate of ownership.

(4) No motor vehicle dealer shall be authorized under this subsection to enter and have outstanding any such written agreements until such dealer has provided to the director of revenue a surety bond or irrevocable letter of credit in amount not less than one hundred thousand dollars in a form which complies with the requirements of section 301.560 and in lieu of the fifty thousand dollar bond otherwise required for licensure as a motor vehicle dealer.

301.213. 1. Notwithstanding the provisions of sections 301.200 and 301.210, any person licensed as a motor vehicle dealer under sections 301.550 to 301.580 that has provided to the director of revenue a surety bond or irrevocable letter of credit in an amount not less than one hundred thousand dollars in a form which complies with the requirements of section 301.560 and in lieu of the fifty thousand dollar bond otherwise required for licensure as a motor vehicle dealer shall be authorized to purchase or accept in trade any motor vehicle for which there has been issued a certificate of ownership, and to receive such vehicle subject to any existing liens thereon created and perfected under sections 301.600 to 301.660 provided the licensed dealer receives the following:

- (1) A signed written contract between the licensed dealer and the owner of the vehicle outlining the terms of the sale or acceptance in trade of such motor vehicle without transfer of the certificate of ownership; and
- (2) Physical delivery of the vehicle to the licensed dealer; and
- (3) A power of attorney from the owner to the licensed dealer, in accordance with subsection 4 of section 301.300, authorizing the licensed dealer to obtain a duplicate or replacement title in the owner's name and sign any title assignments on the owner's behalf.

2. If the dealer complies with the requirements of subsection 1 of this section, the sale or trade of the vehicle to the dealer shall be considered final, subject to any existing liens created and perfected under sections 301.600 to 301.660. Once the prior owner of the motor vehicle has physically delivered the motor vehicle to the licensed dealer, the prior owners' insurable interest in such vehicle shall cease to exist.

3. If a licensed dealer complies with the requirements of subsection 1 of this section, and such dealer has provided to the director of revenue a surety bond or irrevocable letter of credit in amount not less than one hundred thousand dollars in a form which complies with the requirements of section 301.560 and in lieu of the fifty thousand dollar bond otherwise required for licensure as a motor vehicle dealer, such dealer may sell such vehicle prior to receiving and assigning to the purchaser the certificate of ownership, provided such dealer complies with the following:

(1) All outstanding liens created on the vehicle pursuant to sections 301.600 to 301.660 have been paid in full, and the dealer provides a copy of proof or other evidence to the purchaser; and

(2) The dealer has obtained proof or other evidence from the department of revenue confirming that no outstanding child support liens exist upon the vehicle at the time of sale and provides a copy of said proof or other evidence to the purchaser; and

(3) The dealer has obtained proof or other evidence from the department of revenue confirming that all applicable state sales tax has been satisfied on the sale of the vehicle to the previous owner and provides a copy of said proof or other evidence to the purchaser; and

(4) The dealer has signed an application for duplicate or replacement title for the vehicle under subsection 4 of section 301.300 and provides a copy of the application to the purchaser, along with a copy of the power of attorney required by subsection 1 of this section, and the dealer has prepared and delivered to the purchaser an application for title for the vehicle in the purchaser's name; and

(5) The dealer and the purchaser have entered into a written agreement for the subsequent assignment and delivery of such certificate of ownership, on a form prescribed by the director of revenue, to take place at a time, not to exceed sixty calendar days, after the time of delivery of the motor vehicle to the purchaser. Such agreement shall require the purchaser to provide to the dealer proof of financial responsibility in accordance with chapter 303 and proof of comprehensive and collision coverage on the motor vehicle. Such dealer shall maintain the original or an electronic copy of the signed agreement and deliver a copy of the signed agreement to the purchaser. Such dealer shall also complete and deliver to the director of revenue such form as the director shall prescribe demonstrating that the purchaser has purchased the vehicle without contemporaneous delivery of the title.

Notwithstanding any provision of law to the contrary, completion of the requirements of this subsection shall constitute prima facie evidence of an ownership interest vested in the purchaser of the vehicle for all purposes other than for a subsequent transfer of ownership of the vehicle by the purchaser, subject to the rights of any secured lienholder of record; however, the purchaser may use the dealer-supplied copy of the agreement to transfer his or her ownership of the vehicle to an insurance company in situations where the vehicle has been declared salvage or a total loss by the insurance company as a result of a settlement of a claim. Such insurance company may apply for a salvage certificate of title or junking certificate pursuant to the provisions of subsection 3 of section 301.193 in order to transfer its interest in such vehicle. The purchaser may also use the dealer-supplied copy of the agreement on the form prescribed by the director of revenue as proof of ownership interest. Any lender or insurance company may rely upon a copy of the signed written agreement on the form prescribed by the director of revenue as proof of ownership interest. Any lien placed upon a vehicle based upon such signed written agreement shall be valid and enforceable, notwithstanding the absence of a certificate of ownership.

4. Following a sale or other transaction in which a certificate of ownership has not been assigned from the owner to the licensed dealer, the dealer shall, within ten business days, apply for a duplicate or replacement certificate of ownership. Upon receipt of a duplicate or replacement certificate of ownership applied for under subsection 4 of section 301.300, the dealer shall assign and deliver said certificate of ownership to the purchaser of the vehicle within five business days. The dealer shall maintain proof of the assignment and delivery of the certificate of ownership to the purchaser. For purposes of this subsection, a dealer shall be deemed to have delivered the certificate of ownership to the purchaser upon either:

(1) Physical delivery of the certificate of ownership to any of the purchasers identified in the contract with such dealer; or

(2) Mailing of the certificate, postage prepaid, return receipt requested, to any of the purchasers at any of their addresses identified in the contract with such dealer.

5. If a licensed dealer fails to comply with subsection 3 of this section, and the purchaser of the vehicle is thereby damaged, then the dealer shall be liable to the purchaser of the vehicle for actual damages, plus court costs and reasonable attorney fees.

6. If a licensed dealer fails or is unable to comply with subsection 4 of this section, and the purchaser of the vehicle is thereby damaged, then the dealer shall be liable to the purchaser of the vehicle for actual damages, plus court costs and reasonable attorney fees. If the dealer cannot be found by the purchaser after making reasonable

attempts, or if the dealer fails to assign and deliver the duplicate or replacement certificate of ownership to the purchaser by the date agreed upon by the dealer and the purchaser, as required by subsection 4 of this section, then the purchaser may deliver to the director a copy of the contract for sale of the vehicle, a copy of the application for duplicate title provided by the dealer to the purchaser, a copy of the secure power of attorney allowing the dealer to assign the duplicate title, and the proof or other evidence obtained by the purchaser from the dealer under subsection 3 of this section. Thereafter, the director shall mail by certified mail, return receipt requested, a notice to the dealer at the last address given to the department by that dealer. That notice shall inform the dealer that the director intends to cancel any prior certificate of title which may have been issued to the dealer on the vehicle and issue to the purchaser a certificate of title in the name of the purchaser, subject to any liens incurred by the purchaser in connection with the purchase of the vehicle, unless the dealer, within ten business days from the date of the director's notice, files with the director a written objection to the director taking such action. If the dealer does file a timely, written objection with the director, then the director shall not take any further action without an order from a court of competent jurisdiction. However, if the dealer does not file a timely, written objection with the director, then the director shall cancel the prior certificate of title issued to the dealer on the vehicle and issue a certificate of title to the purchaser of the vehicle, subject to any liens incurred by the purchaser in connection with the purchase of the vehicle and subject to the purchaser satisfying all applicable taxes and fees associated with registering the vehicle.

7. If a seller misrepresents to a dealer that the seller is the owner of a vehicle and the dealer, the owner, any subsequent purchaser, or any prior or subsequent lienholder is thereby damaged, then the seller shall be liable to each such party for actual and punitive damages, plus court costs and reasonable attorney fees.

8. When a lienholder is damaged as a result of a licensed dealer's acts, errors, omissions, or violations of this section, then the dealer shall be liable to the lienholder for actual damages, plus court costs and reasonable attorney fees.

9. No court costs or attorney fees shall be awarded under this section unless, prior to filing any such action, the following conditions have been met:

(1) The aggrieved party seeking damages has delivered an itemized written demand of the party's actual damages to the party from whom damages are sought; and

(2) The party from whom damages are sought has not satisfied the written demand within thirty days after receipt of the written demand.

10. The department of revenue may use a dealer's repeated or intentional violation of this section as a cause to suspend, revoke, or refuse to issue or renew any license required pursuant to sections 301.550 to 301.580, in addition to the causes set forth in section 301.562. The hearing process shall be the same as that established in subsection 6 of section 301.562.

11. No dealer shall enter into a contract under this section after December 31, 2020. Any contract entered into prior to December 31, 2020, shall be enforceable as provided in this section. This section shall be repealed effective December 31, 2020.

301.280. 1. Every motor vehicle dealer and boat dealer shall make a monthly report to the department of revenue, on blanks to be prescribed by the department of revenue, giving the following information: date of the sale of each motor vehicle, boat, trailer and all-terrain vehicle sold; the name and address of the buyer; the name of the manufacturer; year of manufacture; model of vehicle; vehicle identification number; style of vehicle; odometer setting; and it shall also state whether the motor vehicle, boat, trailer or all-terrain vehicle is new or secondhand. Each monthly sales report filed by a motor vehicle dealer who collects sales tax under subsection 10 of section 144.070 shall also include the amount of state and local sales tax collected for each motor vehicle sold if sales tax was due. The odometer reading is not required when reporting the sale of any motor vehicle that is ten years old or older, any motor vehicle having a gross vehicle weight rating of more than sixteen thousand pounds, new vehicles that are transferred on a manufacturer's statement of origin between one franchised motor vehicle dealer and another, or boats, all-terrain vehicles or trailers. The sale of all temporary permits shall be recorded in the appropriate space on the dealer's monthly sales report, unless the sale of the temporary permit is already recorded by electronic means as determined by the department. **The monthly sales report shall include a statement of motor vehicles or trailers sold during the month under subsection 5 of section 301.210.** The monthly sales report shall be completed in full and signed by an officer, partner, or owner of the dealership, and actually received by the department of revenue on or before the fifteenth day of the month succeeding the month for which the sales are being reported. If no sales occur in any given month, a report shall be submitted for that month indicating no sales. Any vehicle dealer who fails to file a monthly report or who fails to file a timely report shall be subject to disciplinary action as prescribed in section 301.562 or a penalty assessed by the director not to exceed three hundred dollars per violation. Every motor vehicle and boat dealer shall retain copies of the monthly sales report as part of the records to be maintained at the dealership location and shall hold them available for inspection by appropriate

law enforcement officials and officials of the department of revenue. Every vehicle dealer selling twenty or more vehicles a month shall file the monthly sales report with the department in an electronic format. Any dealer filing a monthly sales report in an electronic format shall be exempt from filing the notice of transfer required by section 301.196. For any dealer not filing electronically, the notice of transfer required by section 301.196 shall be submitted with the monthly sales report as prescribed by the director.

2. Every dealer and every person operating a public garage shall keep a correct record of the vehicle identification number, odometer setting, manufacturer's name of all motor vehicles or trailers accepted by him for the purpose of sale, rental, storage, repair or repainting, together with the name and address of the person delivering such motor vehicle or trailer to the dealer or public garage keeper, and the person delivering such motor vehicle or trailer shall record such information in a file kept by the dealer or garage keeper. The record shall be kept for five years and be open for inspection by law enforcement officials, members or authorized or designated employees of the Missouri highway patrol, and persons, agencies and officials designated by the director of revenue.

3. Every dealer and every person operating a public garage in which a motor vehicle remains unclaimed for a period of fifteen days shall, within five days after the expiration of that period, report the motor vehicle as unclaimed to the director of revenue. Such report shall be on a form prescribed by the director of revenue. A motor vehicle left by its owner whose name and address are known to the dealer or his employee or person operating a public garage or his employee is not considered unclaimed. Any dealer or person operating a public garage who fails to report a motor vehicle as unclaimed as herein required forfeits all claims and liens for its garaging, parking or storing.

4. The director of revenue shall maintain appropriately indexed cumulative records of unclaimed vehicles reported to the director. Such records shall be kept open to public inspection during reasonable business hours.

5. The alteration or obliteration of the vehicle identification number on any such motor vehicle shall be prima facie evidence of larceny, and the dealer or person operating such public garage shall upon the discovery of such obliteration or alteration immediately notify the highway patrol, sheriff, marshal, constable or chief of police of the municipality where the dealer or garage keeper has his place of business, and shall hold such motor vehicle or trailer for a period of forty-eight hours for the purpose of an investigation by the officer so notified.

6. Any person who knowingly makes a false statement or omission of a material fact in a monthly sales report to the department of revenue, as described in subsection 1 of this section, shall be deemed guilty of a class A misdemeanor."; and

Further amend said bill, Page 34, Section 301.560, Lines 65-71, by deleting all of said lines and inserting in lieu thereof the following:

"irrevocable letter of credit. ~~[The proceeds of the bond or irrevocable letter of credit shall be paid upon receipt by the department of a final judgment from a Missouri court of competent jurisdiction against the principal and in favor of an aggrieved party.]~~ Additionally, every applicant as a new motor vehicle franchise dealer, a used motor vehicle dealer, a powersport dealer, a wholesale motor vehicle dealer, or boat dealer shall furnish with the application a copy of a current dealer garage policy bearing the policy number and name of the insurer and the insured. **The proceeds of the bond or irrevocable letter of credit furnished by an applicant shall be paid upon receipt by the department of a final judgment from a Missouri court of competent jurisdiction against the principal and in favor of an aggrieved party. The proceeds of the bond or irrevocable letter of credit furnished by an applicant shall be paid at the order of the department and in the amount determined by the department to any buyer or interested lienholder up to the greater of the amount required for the release of the purchase money lien or the sales price paid by the buyer where a dealer has failed to fulfill the dealer's obligations under an agreement to assign and deliver title to the buyer within thirty days under a contract entered into pursuant to subsection 5 of section 301.210. The department shall direct release of the bond or irrevocable letter of credit proceeds upon presentation of a written agreement entered into pursuant to subsection 5 of section 301.210, copies of the associated sales and finance documents, and the affidavit or affidavits of the buyer or lienholder stating that the certificate of title with assignment thereof has not been passed to the buyer within thirty days of the date of the contract entered into under subsection 5 of section 301.210, that the dealer has not fulfilled the agreement under the contract to re-purchase the vehicle, that the buyer or the lienholder has notified the dealer of the claim on the bond or letter of credit, and the amount claimed by the purchaser or lienholder. In addition, prior to directing release and payment of the proceeds of a bond or irrevocable letter of credit, the department shall ensure that there is satisfactory evidence to**

establish that the vehicle which is subject to the written agreement has been returned by the buyer to the dealer or that the buyer has represented to the department that the buyer will surrender possession of the vehicle to the dealer upon payment of the proceeds of the bond or letter of credit directed by the department. Excepting ordinary wear and tear or mechanical failures not caused by the buyer, the amount of proceeds to be paid to the buyer under the bond or irrevocable letter of credit shall be reduced by an amount equivalent to any damage, abuse, or destruction incurred by the vehicle while the vehicle was in the buyer's possession as agreed between the buyer and the dealer. The dealer may apply to a court of competent jurisdiction to contest the claim on the bond or letter of credit, including the amount of the claim and the amount of any adjustment for any damage, abuse, or destruction, by filing a petition with the court within thirty days of the notification by the buyer or lienholder. If the dealer does not fulfill the agreement or file a petition to request judicial relief from the terms of the agreement or contest the amount of the claim, the bond or letter of credit shall be released by the department and directed paid in the amount or amounts presented by the lienholder or buyer;"; and

Representative Shaul (113) offered **House Amendment No. 1**.

House Amendment No. 1

AMEND House Committee Substitute for Senate Bill No. 552, Pages 12 to 18, Sections 115.277 and 115.283, Lines 1-38 and 1-154, by removing all of said sections and lines from the bill and inserting in lieu thereof the following:

"115.302. 1. As used in this section, the terms "absent uniformed services voter" and "overseas voter" shall be defined under 52 U.S.C. Section 20310. The term "mail-in-ballot" shall mean any ballot that can be cast by United States mail, other than an absentee ballot.

2. Application for a mail-in-ballot may be made by the applicant in person, or by United States mail, or on behalf of the applicant by his or her guardian or relative within the second degree of consanguinity or affinity.

3. Each application for a mail-in-ballot shall be made to the election authority of the jurisdiction in which the person is registered. Each application shall be in writing and shall state the applicant's name, address at which he or she is registered, the address to which the ballot is to be mailed, and, in the case of absent uniformed services and overseas applicants, the electronic mail address if electronic transmission is requested.

4. All applications for mail-in-ballots received prior to the sixth Tuesday before an election shall be stored at the office of the election authority until such time as the applications are processed under section 115.281. No application for a mail-in-ballot received in the office of the election authority after 5:00 p.m. on the second Wednesday immediately prior to the election shall be accepted by any election authority.

5. Each application for a mail-in-ballot shall be signed by the applicant or, if the application is made by a guardian or relative under this section, then the application shall be signed by the guardian or relative, who shall note on the application his or her relationship to the applicant. If an applicant, guardian, or relative is blind, unable to read or write the English language, or physically incapable of signing the application, he or she shall sign by mark that is witnessed by the signature of an election official or person of his or her choice. Any person who knowingly makes, delivers, or mails a fraudulent mail-in-ballot application shall be guilty of a class one election offense.

6. (1) Notwithstanding any other provision of law to the contrary, any resident of the state of Missouri who resides outside the boundaries of the United States or who is on active duty with the United States Armed Forces or members of their immediate family living with them may request a mail-in-ballot.

(2) If an election authority rejects an application or request, then the election authority shall provide each absent uniformed services voter and each overseas voter who submits a voter registration application or a mail-in-ballot request with the reasons for the rejection.

(3) Notwithstanding any other provision of law to the contrary, if a standard oath regarding material misstatements of fact is adopted for uniformed and overseas voters under the Help America Vote Act of 2002, then the election authority shall accept such oath for voter registration, mail-in-ballot, or other election-related materials.

(4) Not later than sixty days after the date of each regularly scheduled general election for federal office, each election authority which administered the election shall submit to the secretary of state, in a format prescribed by the secretary, a report on the combined number of mail-in ballots transmitted to, and returned by, absent uniformed services voters and overseas voters for the election. The secretary shall submit to the Election Assistance Commission a combined report of such information not later than ninety days after the date of each regularly scheduled general election for federal office in a format developed by the Commission under the Help America Vote Act of 2002. The secretary shall make the report available to the general public.

7. Except as provided under section 115.914, not later than the sixth Tuesday prior to each election, or within fourteen days after candidate names or questions are certified under section 115.125, the election authority shall cause to have printed and made available a sufficient quantity of mail-in ballots, ballot envelopes, and mailing envelopes. As soon as possible after a proper official calls a special state or county election, the election authority shall cause to have printed and made available a sufficient quantity of mail-in ballots, ballot envelopes, and mailing envelopes.

8. Each ballot envelope shall bear a statement on which the voter shall state the voter's name, voting address, and mailing address. On the form, the voter shall also state under penalties of perjury that the voter is qualified to vote in the election, that the voter has personally marked the voter's ballot in secret or supervised the marking of the voter's ballot if the voter is unable to mark it, that the ballot has been placed in the ballot envelope and sealed by the voter or under the voter's supervision if the voter is unable to seal it, and that all information contained in the statement is true. In addition, any person providing assistance to the mail-in voter shall include a statement on the envelope identifying the person providing such assistance under penalties of perjury. Persons authorized to vote only for federal and statewide offices shall also state their former Missouri residence.

9. The statement for persons voting mail-in ballots who are registered voters shall be in substantially the following form:

State of Missouri

County (City) of _____

**I, _____ (print name), a registered voter of _____ County
(City of St. Louis, Kansas City), declare under the penalties
of perjury that: I am qualified to vote at this election; I have
not voted and will not vote other than by this ballot at this
election. I further state that I marked the enclosed ballot in
secret or that I am blind, unable to read or write English, or
physically incapable of marking the ballot, and the person of
my choosing indicated below marked the ballot at my
direction; all of the information on this statement is, to the
best of my knowledge and belief, true.**

Signature of Voter

**Signature of Person
Assisting Voter**

(If applicable)

Subscribed and sworn to before me this _____

day of _____, _____.

**Signature of notary or other officer authorized
to administer oaths.**

Mailing Addresses

(If different)

10. Upon receipt of a signed application for a mail-in ballot and if satisfied that the applicant is entitled to vote by mail-in ballot, the election authority shall, within three working days after receiving the application, or if mail-in ballots are not available at the time the application is received, within five working days after they become available, deliver to the voter a mail-in ballot, ballot envelope and such instructions as are necessary for the applicant to vote. Delivery shall be made by first class, registered, or certified mail at the discretion of the election authority, or in the case of a covered voter under section 115.902, the method of transmission prescribed under section 115.914. If the election authority is not satisfied that any applicant is entitled to vote by mail-in ballot, the authority shall not deliver a mail-in ballot to the applicant. Within three

working days of receiving such an application, the election authority shall notify the applicant and state the reason he or she is not entitled to vote by mail-in ballot. The applicant may file a complaint with the elections division of the secretary of state's office under section 115.219.

11. On the mailing and ballot envelopes for each covered voter, the election authority shall stamp prominently in black the words "FEDERAL BALLOT, STATE OF MISSOURI" and "U.S. Postage Paid, 39 U.S.C. Section 3406".

12. No information which encourages a vote for or against a candidate or issue shall be provided to any voter with a mail-in ballot.

13. Upon receiving a mail-in ballot by mail, the voter shall mark the ballot in secret, place the ballot in the ballot envelope, seal the envelope and fill out the statement on the ballot envelope. The affidavit of each person voting a mail-in ballot shall be subscribed and sworn to before the election official receiving the ballot, a notary public, or other officer authorized by law to administer oaths. If the voter is blind, unable to read or write the English language, or physically incapable of voting the ballot, the voter may be assisted by a person of the voter's own choosing. Any person assisting a voter who is not entitled to such assistance, any person who assists a voter and in any manner coerces or initiates a request or suggestion that the voter vote for or against, or refrain from voting on, any question or candidate, shall be guilty of a class one election offense. If, upon counting, challenge, or election contest, it is ascertained that any mail-in ballot was voted with unlawful assistance, the ballot shall be rejected.

14. Each mail-in ballot shall be returned to the election authority in the ballot envelope and shall only be returned by the voter by United States mail; except that covered voters who are sending ballots from a location determined by the secretary of state to be inaccessible on election day, shall be allowed to return their mail-in ballots cast by use of facsimile transmission or under a program approved by the United States Department of Defense for the electronic transmission of election materials.

15. No election authority shall refuse to accept and process any otherwise valid marked mail-in ballot submitted in any manner by a covered voter solely on the basis of restrictions on envelope type.

16. The secretary of state may prescribe uniform regulations with respect to the printing of ballot envelopes and mailing envelopes, which shall comply with standards established by federal law or postal regulations. Mailing envelopes for use in returning ballots shall be printed with business reply permits so that any ballot returned by mail does not require postage. All fees and costs for establishing and maintaining the business reply and postage-free mail for all ballots cast shall be paid by the secretary of state through state appropriations.

17. All proper votes on each mail-in ballot received by an election authority at or before the time fixed by law for the closing of the polls on election day shall be counted. Except as provided under section 115.920, no votes on any mail-in ballot received by an election authority after the time fixed by law for the closing of the polls on election day shall be counted.

18. If sufficient evidence is shown to an election authority that any mail-in voter has died prior to the opening of the polls on election day, the ballot of the deceased voter shall be rejected if it is still sealed in the ballot envelope. Any such rejected ballot, still sealed in its ballot envelope, shall be sealed with the application and any other papers connected therewith in an envelope marked "Rejected ballot of _____, a mail-in voter of _____ voting district". The reason for rejection shall be noted on the envelope, which shall be kept by the election authority with the other ballots from the election until the ballots are destroyed according to law.

19. As each mail-in ballot is received by the election authority, the election authority shall indicate its receipt on the list.

20. If the statements on any mail-in ballot envelope have not been completed, the mail-in ballot in the envelope shall be rejected.

21. All mail-in ballot envelopes received by the election authority shall be kept together in a safe place and shall not be opened except as provided under this chapter.

22. Mail-in ballots shall be counted using the procedures set out in sections 115.297, 115.299, 115.300, and 115.303.

23. The false execution of a mail-in ballot application shall be a class one election offense. The attorney general or any prosecuting or circuit attorney shall have the authority to prosecute such offense either in the county of residence of the person or in the circuit court of Cole County.

24. If any provision of this section is found by a court of competent jurisdiction to be unconstitutional or unconstitutionally enacted, the remaining provisions of this section shall be and remain valid.

25. This section is enacted notwithstanding any other provision of law including, but not limited to, sections 115.650 to 115.660.

26. The provisions of this section shall apply only to an election that occurs during the year 2020 to avoid the risk of contracting or transmitting severe acute respiratory syndrome coronavirus 2.

27. The provisions of this section terminate and shall be repealed on December 31, 2020, and shall not apply to any election conducted after that date."; and

Further amend said bill, Page 34, Section 115.642, Line 31, by inserting after all of said section and line the following:

"115.652. **1.** An election shall not be conducted under sections 115.650 to 115.660 unless:

(1) The officer or agency calling the election submits a written request that the election be conducted by mail. Such request shall be submitted not later than the date specified in section 115.125 for submission of the notice of election and sample ballot;

(2) The election authority responsible for conducting the election authorizes the use of mailed ballots for the election;

(3) The election is nonpartisan;

(4) The election is not one at which any candidate is elected, retained or recalled; and

(5) The election is an issue election at which all of the qualified voters of any one political subdivision are the only voters eligible to vote.

2. Notwithstanding the provisions of subsection 1 of this section or any other provision of law to the contrary, an election may be conducted by mail as authorized under section 115.302, during a state of emergency declared by the governor during the year 2020, to avoid the risk of contracting or transmitting severe acute respiratory syndrome coronavirus 2."; and

Further amend said bill, Page 48, Section 1, Lines 2 and 8, by deleting the phrase "115.277, 115.283," on said lines; and

Further amend said bill and page, Section C, Lines 1-6, by removing all of said section and lines from the bill and inserting in lieu thereof the following:

"Section C. Because immediate action is necessary to ensure citizens can safely exercise the right to vote and avoid the risk of contracting or transmitting severe acute respiratory syndrome coronavirus 2, the enactment of section 115.302 and the repeal and reenactment of section 115.652 of section A of this act is deemed necessary for the immediate preservation of the public health, welfare, peace, and safety and is hereby declared to be an emergency act within the meaning of the constitution, and the enactment of section 115.302 and the repeal and reenactment of section 115.652 of section A of this act shall be in full force and effect upon its passage and approval."; and

House Amendment No. 2

AMEND House Committee Substitute for Senate Bill No. 552, Page 2, Section 36.155, Line 20, by inserting after all of said line the following:

"105.145. 1. The following definitions shall be applied to the terms used in this section:

(1) "Governing body", the board, body, or persons in which the powers of a political subdivision as a body corporate, or otherwise, are vested;

(2) "Political subdivision", any agency or unit of this state, except counties and school districts, which now is, or hereafter shall be, authorized to levy taxes or empowered to cause taxes to be levied.

2. The governing body of each political subdivision in the state shall cause to be prepared an annual report of the financial transactions of the political subdivision in such summary form as the state auditor shall prescribe by rule, except that the annual report of political subdivisions whose cash receipts for the reporting period are ten thousand dollars or less shall only be required to contain the cash balance at the beginning of the reporting period, a summary of cash receipts, a summary of cash disbursements and the cash balance at the end of the reporting period.

3. Within such time following the end of the fiscal year as the state auditor shall prescribe by rule, the governing body of each political subdivision shall cause a copy of the annual financial report to be remitted to the state auditor.

4. The state auditor shall immediately on receipt of each financial report acknowledge the receipt of the report.

5. In any fiscal year no member of the governing body of any political subdivision of the state shall receive any compensation or payment of expenses after the end of the time within which the financial statement of the political subdivision is required to be filed with the state auditor and until such time as the notice from the state auditor of the filing of the annual financial report for the fiscal year has been received.

6. The state auditor shall prepare sample forms for financial reports and shall mail the same to the political subdivisions of the state. Failure of the auditor to supply such forms shall not in any way excuse any person from the performance of any duty imposed by this section.

7. All reports or financial statements herein above mentioned shall be considered to be public records.

8. The provisions of this section apply to the board of directors of every transportation development district organized under sections 238.200 to 238.275.

9. Any political subdivision that fails to timely submit a copy of the annual financial statement to the state auditor shall be subject to a fine of five hundred dollars per day.

10. The state auditor shall report any violation of subsection 9 of this section to the department of revenue. Upon notification from the state auditor's office that a political subdivision failed to timely submit a copy of the annual financial statement, the department of revenue shall notify such political subdivision by certified mail that the statement has not been received. Such notice shall clearly set forth the following:

(1) The name of the political subdivision;

(2) That the political subdivision shall be subject to a fine of five hundred dollars per day if the political subdivision does not submit a copy of the annual financial statement to the state auditor's office within thirty days from the postmarked date stamped on the certified mail envelope;

(3) That the fine will be enforced and collected as provided under subsection 11 of this section; and

(4) That the fine will begin accruing on the thirty-first day from the postmarked date stamped on the certified mail envelope and will continue to accrue until the state auditor's office receives a copy of the financial statement.

In the event a copy of the annual financial statement is received within such thirty-day period, no fine shall accrue or be imposed. The state auditor shall report receipt of the financial statement to the department of revenue within ten business days. Failure of the political subdivision to submit the required annual financial statement within such thirty-day period shall cause the fine to be collected as provided under subsection 11 of this section.

11. The department of revenue may collect the fine authorized under the provisions of subsection 9 of this section by offsetting any sales or use tax distributions due to the political subdivision. The director of revenue shall retain two percent for the cost of such collection. The remaining revenues collected from such violations shall be distributed annually to the schools of the county in the same manner that proceeds for all penalties, forfeitures, and fines collected for any breach of the penal laws of the state are distributed.

12. Any ~~transportation development district organized under sections 238.200 to 238.275 having~~ **political subdivision that has** gross revenues of less than five thousand dollars **or that has not levied or collected sales or use taxes** in the fiscal year for which the annual financial statement was not timely filed shall not be subject to the fine authorized in this section.

13. If a failure to timely submit the annual financial statement is the result of fraud or other illegal conduct by an employee or officer of the political subdivision, the failure shall not be subject to a fine authorized under this section if the statement is filed within thirty days of the discovery of the fraud or illegal conduct. If a fine is assessed and paid prior to the filing of the statement, the department of revenue shall refund the fine upon notification from the political subdivision.

14. If a political subdivision has an outstanding balance for fines or penalties at the time it files its first annual financial statement after January 1, 2021, the director of revenue shall make a one-time downward adjustment to such outstanding balance in an amount that reduces the outstanding balance by ninety percent.

15. The director of revenue shall have the authority to make a one-time downward adjustment to any outstanding penalty imposed under this section on a political subdivision if the director determines the fine is uncollectable. The director of revenue may prescribe rules and regulations necessary to carry out the provisions of this subsection. Any rule or portion of a rule, as that term is defined in section 536.010, that is created under the authority delegated in this section shall become effective only if it complies with and is subject to all of the provisions of chapter 536 and, if applicable, section 536.028. This section and chapter 536 are nonseverable, and if any of the powers vested with the general assembly pursuant to chapter 536 to review, to delay the effective date, or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after August 28, 2020, shall be invalid and void.

16. If a political subdivision with an outstanding balance for fines or penalties:

- (1) Fails to file an annual financial statement after August 28, 2020, and before January 1, 2021; or
- (2) Files an annual financial statement after August 28, 2020, and before January 1, 2021, but fails to file any annual financial statement thereafter,

then the director of revenue shall initiate the process to disincorporate the political subdivision as prescribed by law.

17. If any resident of a political subdivision believes or knows that the political subdivision has failed to file the annual financial report required under subsection 2 of this section, the resident may file an affidavit with the director of revenue that attests to the alleged failure. The director of revenue shall evaluate the allegation and, if true, notify the political subdivision and any municipality or county encompassing the political subdivision by both certified mail and first-class mail that the political subdivision has ninety days to comply with subsection 2 of this section. If the political subdivision has not complied after ninety days, the director of revenue shall initiate the process to disincorporate the political subdivision as prescribed by law.

18. (1) The question of whether a political subdivision subject to possible disincorporation under subsection 16 or 17 of this section shall be disincorporated shall be submitted to the voters of the political subdivision. The election upon the question shall be held on the next general election day.

(2) No later than five o'clock p.m. on the tenth Tuesday prior to the election, the director of revenue shall notify the election authorities responsible for conducting the election according to the provisions of section 115.125 and the county governing body in which the political subdivision is located.

(3) The election authority shall give notice of the election for eight consecutive weeks prior to the election by publication in a newspaper of general circulation published in the political subdivision or, if there is no such newspaper in the political subdivision, in the newspaper in the county published nearest the political subdivision.

(4) Any costs of submitting the question shall be paid by the political subdivision.

(5) The question shall be submitted to the voters of such city, town, or village in substantially the following form:

The (city/town/village) of _____ (has an outstanding balance for fines or penalties and) has failed to file an annual financial statement, as required by law. Shall the (city/town/village) of _____ be disincorporated?

☐ YES ☐ NO

Upon the affirmative vote of a majority of the qualified voters voting on the question, the director of revenue shall file an action to disincorporate the political subdivision in the circuit court with jurisdiction over the political subdivision.

19. In an action to disincorporate a political subdivision, the circuit court shall order:

- (1) The appointment of an administrative authority for the political subdivision, which may be another political subdivision, the state, a qualified private party, or other qualified entity;
- (2) All financial and other institutions holding funds of the political subdivision, as identified by the director of revenue, to honor the directives of the administrative authority;
- (3) The director of revenue or other party charged with distributing tax revenue to distribute the revenues and funds of the political subdivision to the administrative authority; and

(4) The disincorporation of the political subdivision and the effective date of the disincorporation, taking into consideration a reasonable transition period.

The administrative authority shall administer all revenues under the name of the political subdivision or its agents and administer all funds collected on behalf of the political subdivision. The administrative authority shall use the revenues and existing funds to pay all debts and obligations of the political subdivision other than the penalties accrued under this section. The circuit court shall have ongoing jurisdiction to enforce its orders and carry out the remedies under this subsection.

20. The attorney general shall have the authority to file an action in a court of competent jurisdiction against any political subdivision that fails to comply with this section in order to force the political subdivision into compliance."; and

Further amend said bill by amending the title, enacting clause, and intersectional references accordingly.

Representative Anderson resumed the Chair.

The county commission shall cause an election to be held in the ambulance district within ninety days after the order establishing the ambulance district to elect ambulance district directors. Each voter shall vote for one director from the ambulance election district in which the voter resides. The directors elected from districts one and four shall serve for a term of one year, the directors elected from districts two and five shall serve for a term of two years, and the directors from districts three and six shall serve for a term of three years; thereafter, the terms of all directors shall be three years. All directors shall serve the term to which they were elected or appointed, and until their successors are elected and qualified, except in cases of resignation or disqualification. The county commission shall reapportion the ambulance districts within sixty days after the population of the county is reported to the governor for each decennial census of the United States. Notwithstanding any other provision of law, if the number of candidates for the office of director is no greater than the number of directors to be elected, no election shall be held, and the candidates shall assume the responsibilities of their offices at the same time and in the same manner as if they have been elected.

2. In all counties of the second class having more than one hundred five thousand inhabitants located adjacent to a county of the first class having a charter form of government which has a population of over nine hundred thousand inhabitants, the voters shall vote for six directors elected at large from within the district for a term of three years. Those directors holding office in any district in such a county on August 13, 1976, shall continue to hold office until the expiration of their terms, and their successors shall be elected from the district at large for a term of three years. In any district formed in such counties after August 13, 1976, the governing body of the county shall cause an election to be held in that district within ninety days after the order establishing the ambulance district to elect ambulance district directors. Each voter shall vote for six directors. The two candidates receiving the highest number of votes at such election shall be elected for a term of three years, the two candidates receiving the third and fourth highest number of votes shall be elected for a term of two years, the two candidates receiving the fifth and sixth highest number of votes shall be elected for a term of one year; thereafter, the term of all directors shall be three years.

3. A candidate for director of the ambulance district shall, at the time of filing, be a citizen of the United States, a qualified voter of the election district as provided in subsection 1 of this section, a resident of the district for two years next preceding the election, and shall be ~~[at least twenty-four years of age]~~ **twenty-one years of age or older**. In an established district which is located within the jurisdiction of more than one election authority, the candidate shall file his or her declaration of candidacy with the secretary of the board. In all other districts, a candidate shall file a declaration of candidacy with the county clerk of the county in which he or she resides. A candidate shall file a statement under oath that he or she possesses the required qualifications. 204.610. 1. There shall be five trustees, appointed or elected as provided for in the circuit court decree or amended decree of incorporation for a reorganized common sewer district, who shall reside within the boundaries of the district. Each trustee shall be a voter of the district and shall have resided in said district for twelve months immediately prior to the trustee's election or appointment. A trustee shall be ~~[at least twenty-five years of age]~~ **twenty-one years of age or older** and shall not be delinquent in the payment of taxes at the time of the trustee's election or appointment. Regardless of whether or not the trustees are elected or appointed, in the event the district extends into any county bordering the county in which the greater portion of the district lies, the presiding commissioner or other chief executive officer of the adjoining county shall be an additional member of the board of trustees, or the governing body of such bordering county may appoint a citizen from such county to serve as an additional member of the board of trustees. Said additional trustee shall meet the qualifications set forth in this section for a trustee.

2. The trustees shall receive no compensation for their services but may be compensated for reasonable expenses normally incurred in the performance of their duties. The board of trustees may employ and fix the compensation of such staff as may be necessary to discharge the business and purposes of the district, including clerks, attorneys, administrative assistants, and any other necessary personnel. The board of trustees may employ and fix the duties and compensation of an administrator for the district. The administrator shall be the chief executive officer of the district subject to the supervision and direction of the board of trustees. The administrator of the district may, with the approval of the board of trustees, retain consulting engineers for the district under such terms and conditions as may be necessary to discharge the business and purposes of the district.

3. Except as provided in subsection 1 of this section, the term of office of a trustee shall be five years. The remaining trustees shall appoint a person qualified under this section to fill any vacancy on the board. The initial trustees appointed by the circuit court shall serve until the first Tuesday after the first Monday in June or until the first Tuesday after the first Monday in April, depending upon the resolution of the trustees. In the event that the trustees are elected, said elections shall be conducted by the appropriate election authority under chapter 115. Otherwise, trustees shall be appointed by the county commission in accordance with the qualifications set forth in subsection 1 of this section.

4. Notwithstanding any other provision of law, if there is only one candidate for the post of trustee, then no election shall be held, and the candidate shall assume the responsibilities of office at the same time and in the same manner as if elected. If there is no candidate for the post of trustee, then no election shall be held for that post and it shall be considered vacant, to be filled under the provisions of subsection 3 of this section."; and

Further amend said bill, Page 47, Section 238.216, Line 114, by inserting after all of said section and line the following:

"247.060. 1. The management of the business and affairs of the district is hereby vested in a board of directors, who shall have all the powers conferred upon the district except as herein otherwise provided. It shall be composed of five members, each of whom shall be a voter of the district and shall have resided in said district one whole year immediately prior to his or her election. A member shall be ~~[at least twenty-five years of age]~~ **twenty-one years of age or older** and shall not be delinquent in the payment of taxes at the time of his or her election. Except as provided in subsection 2 of this section, the term of office of a member of the board shall be three years. The remaining members of the board shall appoint a qualified person to fill any vacancy on the board. If no qualified person who lives in the subdistrict for which there is a vacancy is willing to serve on the board, the board may appoint an otherwise qualified person who lives in the district but not in the subdistrict in which the vacancy exists to fill such vacancy.

2. After notification by certified mail that he or she has two consecutive unexcused absences, any member of the board failing to attend the meetings of the board for three consecutive regular meetings, unless excused by the board for reasons satisfactory to the board, shall be deemed to have vacated the seat, and the secretary of the board shall certify that fact to the board. The vacancy shall be filled as other vacancies occurring in the board.

3. The initial members of the board shall be appointed by the circuit court and one shall serve until the immediately following first Tuesday after the first Monday in April, two shall serve until the first Tuesday after the first Monday in April on the second year following their appointment and the remaining appointees shall serve until the first Tuesday after the first Monday in April on the third year following their appointment. On the expiration of such terms and on the expiration of any subsequent term, elections shall be held as otherwise provided by law, and such elections shall be held in April pursuant to section 247.180.

4. In 2008, 2009, and 2010, directors elected in such years shall serve from the first Tuesday after the first Monday in June until the first Tuesday in April of the third year following the year of their election. All directors elected thereafter shall serve from the first Tuesday in April until the first Tuesday in April of the third year following the year of their election.

5. Each member of the board may receive an attendance fee not to exceed one hundred dollars for attending each regularly called board meeting, or special meeting, but shall not be paid for attending more than two meetings in any calendar month, except that in a county of the first classification, a member shall not be paid for attending more than four meetings in any calendar month. However, no board member shall be paid more than one attendance fee if such member attends more than one board meeting in a calendar week. In addition, the president of the board of directors may receive fifty dollars for attending each regularly or specially called board meeting, but shall not be paid the additional fee for attending more than two meetings in any calendar month. Each member of the board shall be reimbursed for his or her actual expenditures in the performance of his or her duties on behalf of the district.

6. In no event, however, shall a board member receive any attendance fees or additional compensation authorized in subsection 5 of this section until after such board member has completed a minimum of six hours training regarding the responsibilities of the board and its members concerning the basics of water treatment and distribution, budgeting and rates, water utility planning, the funding of capital improvements, the understanding of water utility financial statements, the Missouri sunshine law, and this chapter.

7. Each application to vote in a primary election shall also state which ballot the applicant wishes to receive. If any application fails to designate a ballot, the election authority shall, within three working days after receiving the application, notify the applicant by mail that it will be unable to deliver an absentee ballot until the applicant designates which political party ballot he or she wishes to receive. The secretary shall submit to the Election Assistance Commission a combined report of such information not later than ninety days after the date of each regularly scheduled general election for federal office and in a standardized format developed by the commission pursuant to the Help America Vote Act of 2002. The secretary shall make the report available to the general public.

(5) As used in this section, the terms "absent uniformed services voter" and "overseas voter" shall have the meaning prescribed in 52 U.S.C. Section 20310.

3. In cases of an emergency declared by the President of the United States or the governor of this state where the conduct of an election may be affected, the secretary of state may provide for the delivery and return of absentee ballots by use of a facsimile transmission device or system. Any rule promulgated pursuant to this subsection shall apply to a class or classes of voters as provided for by the secretary of state.

4. No election authority shall refuse to accept and process any otherwise valid marked absentee ballot submitted in any manner by a covered voter solely on the basis of restrictions on envelope type."; and

Further amend said substitute, Section 1, Page 48, Lines 2 and 8, by inserting the section reference number "115.291" immediately after the number "115.283," on said lines; and

2. If, at the time of completing a military-overseas ballot and balloting materials, the voter has declared under penalty of perjury that the ballot was timely submitted, the ballot shall not be rejected on the basis that it has a late postmark, an unreadable postmark, or no postmark.

3. During the pandemic exception under subdivision (7) of subsection 1 of section 115.277, mailed absentee ballots postmarked on the day of the election shall be counted if received before noon on the Friday after the election such that certification under section 115.508 may commence.

115.960. 1. An election authority is authorized to accept voter registration applications **and absentee ballot applications** with a signature submitted to the election authority under the provisions of sections 432.200 to 432.295 as provided in this section:

(1) Sections 432.200 to 432.295 shall only apply to transactions between parties that have agreed to conduct transactions by electronic means;

(2) Except as provided in subsection 2 of this section, as used in this section and sections 432.200 to 432.295, the parties who agree to conduct voter registration transactions by electronic means shall be the local election authority who is required to accept or reject a voter registration application and the prospective voter submitting the application;

(3) A local election authority is authorized to develop, maintain, and approve systems that transmit voter registration applications electronically under sections 432.200 to 432.295;

(4) Except as provided in subsection 2 of this section, no officer, agency, or organization shall collect or submit a voter registration application with an electronic signature to an election authority without first obtaining approval of the data and signature format from the local election authority and the approval of the voter to collect and store the signature and data; and

(5) Local election authorities who maintain a voter registration application system shall direct voter registration applicants from other jurisdictions to the system used by the local election authority for that jurisdiction to accept voter registration applications electronically.

2. A system maintained by the secretary of state's office shall be used to accept voter registration applications electronically subsequent to approval from the committee formed as set forth in this subsection:

(1) Within thirty days of, but in no event prior to January 1, 2017, the president of the Missouri Association of County Clerks and Election Authorities shall appoint fourteen of its members to serve on a committee to approve and develop uniform standards, systems, and modifications that shall be used by the secretary of state in any electronic voter registration application system offered by that office. The committee may also make recommendations regarding the purchase, maintenance, integration, and operation of electronic databases, software, and hardware used by local election authorities and the secretary of state's office including, but not limited to, systems used for military and overseas voting and for building and conducting election operations. The committee shall have fourteen local election authorities, including representatives of each classification of counties, a representative from an election board, and at least one member who has experience processing online voter registration transactions. In addition, one representative appointed by the secretary of state's office shall serve on the committee;

(2) The committee shall immediately meet to approve electronic signature formats and a minimum set of data collection standards for use in a voter registration application system maintained by the secretary of state;

(3) Once the format and data collection standards are approved by the committee and implemented for the system maintained by the secretary of state, local election authorities shall accept the transmission of voter registration applications submitted to the approved system under the provisions of sections 432.200 to 432.295;

(4) The secretary of state's office shall direct eligible voters to a local election authority's system to accept voter registration applications electronically if the local election authority has a system in place as of August 28, 2016, or implements a system that meets the same standards and format that has been approved by the committee for the secretary of state's system;

(5) The committee shall meet not less than semiannually through June 30, 2019, to recommend and approve changes and enhancements proposed by the secretary of state or election authorities to the electronic voter registration application system. Vacancies that occur on the committee shall be filled by the president of the Missouri Association of County Clerks and Election Authorities at the time of the vacancy;

(6) To improve the accuracy of voter registration application data and reduce costs for local election authorities, the system maintained by the secretary of state shall, as soon as is practical, provide a method where the data entered by the voter registration applicant does not have to be re-entered by the election authority to the state voter registration database.

3. Each applicant who registers using an approved electronic voter registration application system shall be deemed to be registered as of the date the signed application is submitted to the system, if such application is accepted and not rejected by the election authority and the verification notice required under section 115.155 is not returned as undeliverable by the postal service.

4. This section shall not apply to voter registration and absentee records submitted by voters authorized under federal law, section 115.291, or sections 115.900 to 115.936 to submit electronic records and signatures.

5. High quality copies, including electronic copies, of signatures made on paper documents may be used for petition signature verification purposes and retained as records.

6. Any signature required for petition submission under chapter 116 shall be handwritten on a paper document.

7. Notwithstanding the provisions of section 432.230, nothing in this section shall require the election authority to accept voter registration records or signatures created, generated, sent, communicated, received, stored, or otherwise processed, or used by electronic means or in electronic form from any officer, agency, or organization not authorized under subsection 2 of this section without prior approval from the election authority. Except as provided in subsection 2 of this section, no officer, agency, or organization shall give the voter the opportunity to submit a voter registration application with an electronic signature without first obtaining the approval of the local election authority.

8. An election authority that agrees to conduct a transaction by electronic means may refuse to conduct other transactions by electronic means.

9. No election authority or the secretary of state shall furnish to any member of the public any data collected under a voter registration application system except as authorized in subsections 1 to 5 of section 115.157.

10. Nothing in this section shall be construed to require the secretary of state to cease operating a voter registration application in place as of the effective date of this act."; and

JOURNAL OF THE HOUSE

Second Regular Session, 100th GENERAL ASSEMBLY

SIXTY-THIRD DAY, THURSDAY, MAY 14, 2020

The House met pursuant to adjournment.

Speaker Haahr in the Chair.

Prayer by Reverend Monsignor Robert A. Kurwicki, Chaplain.

My grace is sufficient for you: for my strength is made perfect in weakness. (II Corinthians 12:9)

Eternal God of our souls, the light of all that is true, the strength of all that is good, and the glory of all that is beautiful, at the beginning of another day we would lift our minds and hearts to You in prayer, seeking strength, wisdom and love sufficient for our needs.

Help us to walk in the light, to share our strength, and to build upon love, that we may be ready for all our responsibilities and equal to every experience. May we always think clearly, speak confidently, and act courageously, and may the world of today be a better world than the world of yesterday because of our dedication and our work here in the House of Representatives.

We pray that Your joy may enter the ears of all our people, that they, and we, may be delivered from all fear and all anxiety and may be led to do justly, to love mercy, and to walk humbly with You as we meet the challenges of these unpredictable times.

And the House says, "Amen!"

The Pledge of Allegiance to the flag was recited.

The Journal of the sixty-second day was approved as printed by the following vote:

191.1604. 1. An individual may be the account holder of multiple accounts, and an individual may jointly own the account with another person if such persons file a married filing combined income tax return. To be eligible for the tax deduction under section 143.1160, an account holder shall comply with the requirements of this section.

2. An account holder shall designate, no later than April fifteenth of the year following the tax year during which the account was established, a qualified beneficiary of the long-term dignity savings account. 3. If any moneys are subject to recapture under subsection 2 of this section, the account holder shall pay to the department a penalty in the same tax year as the recapture. If the withdrawal was made ten or fewer years after the first deposit in the long-term dignity savings account, the penalty shall be equal to five percent of the amount subject to recapture, and, if the withdrawal was made more than ten years after the first deposit in the account, the penalty shall be equal to ten percent of the amount subject to recapture. These penalties shall not apply if the withdrawn moneys are from a long-term dignity savings account for which the qualified beneficiary died, and the account holder does not designate a new qualified beneficiary during the same tax year.

4. If the account holder dies or, if the long-term dignity account is jointly owned, the account holders die and the account does not have a surviving transfer-on-death beneficiary, then all of the moneys in the account that were used for a tax deduction under section 143.1160 shall be subject to recapture in the tax year of the death or deaths, but no penalty shall be due to the department.

191.1606. 1. The department shall establish forms for an account holder to annually report information about a long-term dignity savings account including, but not limited to, how the moneys withdrawn from the fund are used, and shall identify any supporting documentation that is required to be maintained. To be eligible for the tax deduction under section 143.1160, an account holder shall annually file with the account holder's state income tax return all forms required by the department under this section, the 1099 form for the account issued by the financial institution, and any other supporting documentation the department requires.

2. The department may promulgate rules and regulations necessary to administer the provisions of sections 191.1601 to 191.1607. Any rule or portion of a rule, as that term is defined in section 536.010, that is created under the authority delegated in this section shall become effective only if it complies with and is subject to all of the provisions of chapter 536 and, if applicable, section 536.028. This section and chapter 536 are nonseverable, and if any of the powers vested with the general assembly pursuant to chapter 536 to review, to delay the effective date, or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after August 28, 2020, shall be invalid and void.

191.1607. 1. No financial institution shall be required to:

(3) All participants receiving blind pension benefits;

(4) All persons who would be determined to be eligible for old age assistance benefits, permanent and total disability benefits, or aid to the blind benefits under the eligibility standards in effect December 31, 1973, or less restrictive standards as established by rule of the family support division, who are sixty-five years of age or over and are patients in state institutions for mental diseases or tuberculosis;

(5) All persons under the age of twenty-one years who would be eligible for aid to families with dependent children except for the requirements of subdivision (2) of subsection 1 of section 208.040, and who are residing in an intermediate care facility, or receiving active treatment as inpatients in psychiatric facilities or programs, as defined in 42 U.S.C. (8) All participants receiving family foster home or nonprofit private child-care institution care, subsidized adoption benefits and parental school care wherein state funds are used as partial or full payment for such care;

(9) All persons who were participants receiving old age assistance benefits, aid to the permanently and totally disabled, or aid to the blind benefits on December 31, 1973, and who continue to meet the eligibility requirements, except income, for these assistance categories, but who are no longer receiving such benefits because of the implementation of Title XVI of the federal Social Security Act, as amended;

(10) Pregnant women who meet the requirements for aid to families with dependent children, except for the existence of a dependent child in the home;

(11) Pregnant women who meet the requirements for aid to families with dependent children, except for the existence of a dependent child who is deprived of parental support as provided for in subdivision (2) of subsection 1 of section 208.040;

(12) Pregnant women or infants under one year of age, or both, whose family income does not exceed an income eligibility standard equal to one hundred eighty-five percent of the federal poverty level as established and amended by the federal Department of Health and Human Services, or its successor agency;

(13) Children who have attained one year of age but have not attained six years of age who are eligible for medical assistance under 6401 of P.L. 101-239 (Omnibus Budget Reconciliation Act of 1989) (**42 U.S.C. Sections 1396a to 1396b**). The family support division shall use an income eligibility standard equal to one hundred thirty-three percent of the federal poverty level established by the Department of Health and Human Services, or its successor agency;

(14) Children who have attained six years of age but have not attained nineteen years of age. For children who have attained six years of age but have not attained nineteen years of age, the family support division shall use an income assessment methodology which provides for eligibility when family income is equal to or less than equal to one hundred percent of the federal poverty level established by the Department of Health and Human Services, or its successor agency. As necessary to provide MO HealthNet coverage under this subdivision, the department of social services may revise the state MO HealthNet plan to extend coverage under 42 U.S.C. Section 1396a(a)(10)(A)(i)(III) to children who have attained six years of age but have not attained nineteen years of age as permitted by paragraph (2) of subsection (n) of 42 U.S.C. Section 1396d using a more liberal income assessment methodology as authorized by paragraph (2) of subsection (r) of 42 U.S.C. Section 1396a;

(15) The family support division shall not establish a resource eligibility standard in assessing eligibility for persons under subdivision (12), (13) or (14) of this subsection. The MO HealthNet division shall define the amount and scope of benefits which are available to individuals eligible under each of the subdivisions (12), (13), and (14) of this subsection, in accordance with the requirements of federal law and regulations promulgated thereunder;

(16) Notwithstanding any other provisions of law to the contrary, ambulatory prenatal care shall be made available to pregnant women during a period of presumptive eligibility pursuant to 42 U.S.C. Section 1396r-1, as amended;

(17) A child born to a woman eligible for and receiving MO HealthNet benefits under this section on the date of the child's birth shall be deemed to have applied for MO HealthNet benefits and to have been found eligible for such assistance under such plan on the date of such birth and to remain eligible for such assistance for a period of time determined in accordance with applicable federal and state law and regulations so long as the child is a member of the woman's household and either the woman remains eligible for such assistance or for children born on or after January 1, 1991, the woman would remain eligible for such assistance if she were still pregnant. Upon notification of such child's birth, the family support division shall assign a MO HealthNet eligibility identification number to the child so that claims may be submitted and paid under such child's identification number;

(18) Pregnant women and children eligible for MO HealthNet benefits pursuant to subdivision (12), (13) or (14) of this subsection shall not as a condition of eligibility for MO HealthNet benefits be required to apply for aid to families with dependent children. The family support division shall utilize an application for eligibility for such persons which eliminates information requirements other than those necessary to apply for MO HealthNet benefits. The division shall provide such application forms to applicants whose preliminary income information indicates that they are ineligible for aid to families with dependent children. Applicants for MO HealthNet benefits under subdivision (12), (13) or (14) of this subsection shall be informed of the aid to families with dependent children program and that they are entitled to apply for such benefits. Any forms utilized by the family support division for assessing eligibility under this chapter shall be as simple as practicable;

(19) Subject to appropriations necessary to recruit and train such staff, the family support division shall provide one or more full-time, permanent eligibility specialists to process applications for MO HealthNet benefits at the site of a health care provider, if the health care provider requests the placement of such eligibility specialists and reimburses the division for the expenses including but not limited to salaries, benefits, travel, training, telephone, supplies, and equipment of such eligibility specialists. The division may provide a health care provider with a part-time or temporary eligibility specialist at the site of a health care provider if the health care provider requests the placement of such an eligibility specialist and reimburses the division for the expenses, including but not limited to the salary, benefits, travel, training, telephone, supplies, and equipment, of such an eligibility specialist. The division may seek to employ such eligibility specialists who are otherwise qualified for such positions and who are current or former welfare participants. The division may consider training such current or former welfare participants as eligibility specialists for this program;

(20) Pregnant women who are eligible for, have applied for and have received MO HealthNet benefits under subdivision (2), (10), (11) or (12) of this subsection shall continue to be considered eligible for all pregnancy-related and postpartum MO HealthNet benefits provided under section 208.152 until the end of the sixty-day period beginning on the last day of their pregnancy. **Pregnant women receiving mental health treatment for postpartum depression or related mental health conditions within sixty days of giving birth shall, subject to appropriations and any necessary federal approval, be eligible for MO HealthNet benefits for mental health services for the treatment of postpartum depression and related mental health conditions for up to twelve additional months.** Pregnant women receiving substance abuse treatment within sixty days of giving birth shall, subject to appropriations and any necessary federal approval, be eligible for MO HealthNet benefits for substance abuse treatment and mental health services for the treatment of substance abuse for no more than twelve additional months, as long as the woman remains adherent with treatment. The department of mental health and the department of social services shall seek any necessary waivers or state plan amendments from the Centers for Medicare and Medicaid Services and shall develop rules relating to treatment plan adherence. No later than fifteen months after receiving any necessary waiver, the department of mental health and the department of social services shall report to the house of representatives budget committee and the senate appropriations committee on the compliance with federal cost neutrality requirements;

(21) Case management services for pregnant women and young children at risk shall be a covered service. To the greatest extent possible, and in compliance with federal law and regulations, the department of health and senior services shall provide case management services to pregnant women by contract or agreement with the department of social services through local health departments organized under the provisions of chapter 192 or chapter 205 or a city health department operated under a city charter or a combined city-county health department or other department of health and senior services designees. To the greatest extent possible the department of social services and the department of health and senior services shall mutually coordinate all services for pregnant women and children with the crippled children's program, the prevention of intellectual disability and developmental disability program and the prenatal care program administered by the department of health and senior services. The department of social services shall by regulation establish the methodology for reimbursement for case management services provided by the department of health and senior services. For purposes of this section, the term "case management" shall mean those activities of local public health personnel to identify prospective MO HealthNet-eligible high-risk mothers and enroll them in the state's MO HealthNet program, refer them to local physicians or local health departments who provide prenatal care under physician protocol and who participate in the MO HealthNet program for prenatal care and to ensure that said high-risk mothers receive support from all private and public programs for which they are eligible and shall not include involvement in any MO HealthNet prepaid, case-managed programs;

(22) By January 1, 1988, the department of social services and the department of health and senior services shall study all significant aspects of presumptive eligibility for pregnant women and submit a joint report on the subject, including projected costs and the time needed for implementation, to the general assembly. The department of social services, at the direction of the general assembly, may implement presumptive eligibility by regulation promulgated pursuant to chapter 207;

(23) All participants who would be eligible for aid to families with dependent children benefits except for the requirements of paragraph (d) of subdivision (1) of section 208.150;

(24) (a) All persons who would be determined to be eligible for old age assistance benefits under the eligibility standards in effect December 31, 1973, as authorized by 42 U.S.C. Section 1396a(f), or less restrictive methodologies as contained in the MO HealthNet state plan as of January 1, 2005; except that, on or after July 1, 2005, less restrictive income methodologies, as authorized in 42 U.S.C. Section 1396a(r)(2), may be used to change the income limit if authorized by annual appropriation;

(b) All persons who would be determined to be eligible for aid to the blind benefits under the eligibility standards in effect December 31, 1973, as authorized by 42 U.S.C. Section 1396a(f), or less restrictive methodologies as contained in the MO HealthNet state plan as of January 1, 2005, except that less restrictive income methodologies, as authorized in 42 U.S.C. Section 1396a(r)(2), shall be used to raise the income limit to one hundred percent of the federal poverty level;

(c) All persons who would be determined to be eligible for permanent and total disability benefits under the eligibility standards in effect December 31, 1973, as authorized by 42 U.S.C. Section 1396a(f); or less restrictive methodologies as contained in the MO HealthNet state plan as of January 1, 2005; except that, on or after July 1, 2005, less restrictive income methodologies, as authorized in 42 U.S.C. Section 1396a(r)(2), may be used to change the income limit if authorized by annual appropriations. Eligibility standards for permanent and total disability benefits shall not be limited by age;

(25) Persons who have been diagnosed with breast or cervical cancer and who are eligible for coverage pursuant to 42 U.S.C. Section 1396a(a)(10)(A)(ii)(XVIII). Such persons shall be eligible during a period of presumptive eligibility in accordance with 42 U.S.C. Section 1396r-1;

(26) Persons who are in foster care under the responsibility of the state of Missouri on the date such persons attained the age of eighteen years, or at any time during the thirty-day period preceding their eighteenth birthday, or persons who received foster care for at least six months in another state, are residing in Missouri, and are at least eighteen years of age, without regard to income or assets, if such persons:

- (a) Are under twenty-six years of age;
- (b) Are not eligible for coverage under another mandatory coverage group; and
- (c) Were covered by Medicaid while they were in foster care.

2. Rules and regulations to implement this section shall be promulgated in accordance with chapter 536. Any rule or portion of a rule, as that term is defined in section 536.010, that is created under the authority delegated in this section shall become effective only if it complies with and is subject to all of the provisions of chapter 536 and, if applicable, section 536.028. This section and chapter 536 are nonseverable and if any of the powers vested with the general assembly pursuant to chapter 536 to review, to delay the effective date or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after August 28, 2002, shall be invalid and void.

3. After December 31, 1973, and before April 1, 1990, any family eligible for assistance pursuant to 42 U.S.C. Section 601, et seq., as amended, in at least three of the last six months immediately preceding the month in which such family became ineligible for such assistance because of increased income from employment shall, while a member of such family is employed, remain eligible for MO HealthNet benefits for four calendar months following the month in which such family would otherwise be determined to be ineligible for such assistance because of income and resource limitation. After April 1, 1990, any family receiving aid pursuant to 42 U.S.C. Section 601, et seq., as amended, in at least three of the six months immediately preceding the month in which such family becomes ineligible for such aid, because of hours of employment or income from employment of the caretaker relative, shall remain eligible for MO HealthNet benefits for six calendar months following the month of such ineligibility as long as such family includes a child as provided in 42 U.S.C. Section 1396r-6. Each family which has received such medical assistance during the entire six-month period described in this section and which meets reporting requirements and income tests established by the division and continues to include a child as provided in 42 U.S.C. Section 1396r-6 shall receive MO HealthNet benefits without fee for an additional six months. The MO HealthNet division may provide by rule and as authorized by annual appropriation the scope of MO HealthNet coverage to be granted to such families.

4. When any individual has been determined to be eligible for MO HealthNet benefits, such medical assistance will be made available to him or her for care and services furnished in or after the third month before the month in which he made application for such assistance if such individual was, or upon application would have been, eligible for such assistance at the time such care and services were furnished; provided, further, that such medical expenses remain unpaid.

5. The department of social services may apply to the federal Department of Health and Human Services for a MO HealthNet waiver amendment to the Section 1115 demonstration waiver or for any additional MO HealthNet waivers necessary not to exceed one million dollars in additional costs to the state, unless subject to appropriation or directed by statute, but in no event shall such waiver applications or amendments seek to waive the services of a rural health clinic or a federally qualified health center as defined in 42 U.S.C. Section 1396d(l)(1) and (2) or the payment requirements for such clinics and centers as provided in 42 U.S.C. Section 1396a(a)(15) and 1396a(bb) unless such waiver application is approved by the oversight committee created in section 208.955. A request for such a waiver so submitted shall only become effective by executive order not sooner than ninety days after the final adjournment of the session of the general assembly to which it is submitted, unless it is disapproved within sixty days of its submission to a regular session by a senate or house resolution adopted by a majority vote of the respective elected members thereof, unless the request for such a waiver is made subject to appropriation or directed by statute.

6. Notwithstanding any other provision of law to the contrary, in any given fiscal year, any persons made eligible for MO HealthNet benefits under subdivisions (1) to (22) of subsection 1 of this section shall only be eligible if annual appropriations are made for such eligibility. This subsection shall not apply to classes of individuals listed in 42 U.S.C. Section ~~1396a(a)(10)(A)(i)~~ **1396a(a)(10)(A)(i)**.”; and

Further amend the title and enacting clause accordingly.

When land that is agricultural and horticultural property, as defined in section 137.016, and is being valued and assessed for general property tax purposes pursuant to the provisions of sections 137.017 to 137.021 becomes property other than agricultural and horticultural property, as defined in section 137.016, it shall be reassessed as of the following January first.

4. Separation or split-off of a part of the land which is being valued and assessed for general property tax purposes pursuant to the provisions of sections 137.017 to 137.021, either by conveyance or other action of the owner of the land, so that such land is no longer agricultural and horticultural property, as defined in section 137.016, shall subject the land so separated to reassessment as of the following January first. This shall not impair the right of the remaining land to continuance of valuation and assessment for general property tax purposes pursuant to the provisions of sections 137.017 to 137.021.

5. The state tax commission shall not promulgate a rule increasing agricultural land productive values more than two percent above the values in effect prior to the rule promulgation and shall not promulgate more than three rules increasing such values in a ten-year period.

137.115. 1. All other laws to the contrary notwithstanding, the assessor or the assessor's deputies in all counties of this state including the City of St. Louis shall annually make a list of all real and tangible personal property taxable in the assessor's city, county, town or district. Except as otherwise provided in subsection 3 of this section and section 137.078, the assessor shall annually assess all personal property at thirty-three and one-third percent of its true value in money as of January first of each calendar year. The assessor shall annually assess all real property, including any new construction and improvements to real property, and possessory interests in real property at the percent of its true value in money set in subsection 5 of this section. The true value in money of any possessory interest in real property in subclass (3), where such real property is on or lies within the ultimate airport boundary as shown by a federal airport layout plan, as defined by 14 CFR 151.5, of a commercial airport having a FAR Part 139 certification and owned by a political subdivision, shall be the otherwise applicable true value in money of any such possessory interest in real property, less the total dollar amount of costs paid by a party, other than the political subdivision, towards any new construction or improvements on such real property completed after January 1, 2008, and which are included in the above-mentioned possessory interest, regardless of the year in which such costs were incurred or whether such costs were considered in any prior year. The assessor shall annually assess all real property in the following manner: new assessed values shall be determined as of January first of each odd-numbered year and shall be entered in the assessor's books; those same assessed values shall apply in the following even-numbered year, except for new construction and property improvements which shall be valued as though they had been completed as of January first of the preceding odd-numbered year. The assessor may call at the office, place of doing business, or residence of each person required by this chapter to list property, and require the person to make a correct statement of all taxable tangible personal property owned by the person or under his or her care, charge or management, taxable in the county. On or before January first of each even-numbered year, the assessor shall prepare and submit a two-year assessment maintenance plan to the county governing body and the state tax commission for their respective approval or modification. The county governing body shall approve and forward such plan or its alternative to the plan to the state tax commission by February first. If the county governing body fails to forward the plan or its alternative to the plan to the state tax commission by February first, the assessor's plan shall be considered approved by the county governing body. If the state tax commission fails to approve a plan and if the state tax commission and the assessor and the governing body of the county involved are unable to resolve the differences, in order to receive state cost-share funds outlined in section 137.750, the county or the assessor shall petition the administrative hearing commission, by May first, to decide all matters in dispute regarding the assessment maintenance plan. Upon agreement of the parties, the matter may be stayed while the parties proceed with mediation or arbitration upon terms agreed to by the parties. The final decision of the administrative hearing commission shall be subject to judicial review in the circuit court of the county involved. In the event a valuation of subclass (1) real property within any county with a charter form of government, or within a city not within a county, is made by a computer, computer-assisted method or a computer program, the burden of proof, supported by clear, convincing and cogent evidence to sustain such valuation, shall be on the assessor at any hearing or appeal. In any such county, unless the assessor proves otherwise, there shall be a presumption that the assessment was made by a computer, computer-assisted method or a computer program. Such evidence shall include, but shall not be limited to, the following:

(1) The findings of the assessor based on an appraisal of the property by generally accepted appraisal techniques; and

(2) The purchase prices from sales of at least three comparable properties and the address or location thereof. As used in this subdivision, the word "comparable" means that:

(a) Such sale was closed at a date relevant to the property valuation; and

(b) Such properties are not more than one mile from the site of the disputed property, except where no similar properties exist within one mile of the disputed property, the nearest comparable property shall be used. Such property shall be within five hundred square feet in size of the disputed property, and resemble the disputed property in age, floor plan, number of rooms, and other relevant characteristics.

2. Assessors in each county of this state and the City of St. Louis may send personal property assessment forms through the mail.

3. The following items of personal property shall each constitute separate subclasses of tangible personal property and shall be assessed and valued for the purposes of taxation at the following percentages of their true value in money:

(1) Grain and other agricultural crops in an unmanufactured condition, one-half of one percent;

(2) Livestock, twelve percent;

(3) Farm machinery, twelve percent;

(4) Motor vehicles which are eligible for registration as and are registered as historic motor vehicles pursuant to section 301.131 and aircraft which are at least twenty-five years old and which are used solely for noncommercial purposes and are operated less than fifty hours per year or aircraft that are home built from a kit, five percent;

(5) Poultry, twelve percent; and

(6) Tools and equipment used for pollution control and tools and equipment used in retooling for the purpose of introducing new product lines or used for making improvements to existing products by any company which is located in a state enterprise zone and which is identified by any standard industrial classification number cited in subdivision (5) of section 135.200, twenty-five percent.

4. The person listing the property shall enter a true and correct statement of the property, in a printed blank prepared for that purpose. The statement, after being filled out, shall be signed and either affirmed or sworn to as provided in section 137.155. The list shall then be delivered to the assessor.

5. (1) All subclasses of real property, as such subclasses are established in Section 4(b) of Article X of the Missouri Constitution and defined in section 137.016, shall be assessed at the following percentages of true value:

(a) For real property in subclass (1), nineteen percent;

(b) For real property in subclass (2), twelve percent; and

(c) For real property in subclass (3), thirty-two percent.

(2) A taxpayer may apply to the county assessor, or, if not located within a county, then the assessor of such city, for the reclassification of such taxpayer's real property if the use or purpose of such real property is changed after such property is assessed under the provisions of this chapter. If the assessor determines that such property shall be reclassified, he or she shall determine the assessment under this subsection based on the percentage of the tax year that such property was classified in each subclassification.

6. Manufactured homes, as defined in section 700.010, which are actually used as dwelling units shall be assessed at the same percentage of true value as residential real property for the purpose of taxation. The percentage of assessment of true value for such manufactured homes shall be the same as for residential real property. If the county collector cannot identify or find the manufactured home when attempting to attach the manufactured home for payment of taxes owed by the manufactured home owner, the county collector may request the county commission to have the manufactured home removed from the tax books, and such request shall be granted within thirty days after the request is made; however, the removal from the tax books does not remove the tax lien on the manufactured home if it is later identified or found. For purposes of this section, a manufactured home located in a manufactured home rental park, rental community or on real estate not owned by the manufactured home owner shall be considered personal property. For purposes of this section, a manufactured home located on real estate owned by the manufactured home owner may be considered real property.

7. Each manufactured home assessed shall be considered a parcel for the purpose of reimbursement pursuant to section 137.750, unless the manufactured home is real estate as defined in subsection 7 of section 442.015 and assessed as a realty improvement to the existing real estate parcel.

8. Any amount of tax due and owing based on the assessment of a manufactured home shall be included on the personal property tax statement of the manufactured home owner unless the manufactured home is real estate as defined in subsection 7 of section 442.015, in which case the amount of tax due and owing on the assessment of the manufactured home as a realty improvement to the existing real estate parcel shall be included on the real property tax statement of the real estate owner.

9. The assessor of each county and each city not within a county shall use the trade-in value published in the October issue of the National Automobile Dealers' Association Official Used Car Guide, or its successor publication, as the recommended guide of information for determining the true value of motor vehicles described in such publication. The assessor shall not use a value that is greater than the average trade-in value in determining the true value of the motor vehicle without performing a physical inspection of the motor vehicle. For vehicles two years old or newer from a vehicle's model year, the assessor may use a value other than average without performing a physical inspection of the motor vehicle. In the absence of a listing for a particular motor vehicle in such publication, the assessor shall use such information or publications which in the assessor's judgment will fairly estimate the true value in money of the motor vehicle.

10. Before the assessor may increase the assessed valuation of any parcel of subclass (1) real property by more than fifteen percent since the last assessment, excluding increases due to new construction or improvements, the assessor shall conduct a physical inspection of such property.

11. If a physical inspection is required, pursuant to subsection 10 of this section, the assessor shall notify the property owner of that fact in writing and shall provide the owner clear written notice of the owner's rights relating to the physical inspection. If a physical inspection is required, the property owner may request that an interior inspection be performed during the physical inspection. The owner shall have no less than thirty days to notify the assessor of a request for an interior physical inspection.

12. A physical inspection, as required by subsection 10 of this section, shall include, but not be limited to, an on-site personal observation and review of all exterior portions of the land and any buildings and improvements to which the inspector has or may reasonably and lawfully gain external access, and shall include an observation and review of the interior of any buildings or improvements on the property upon the timely request of the owner pursuant to subsection 11 of this section. Mere observation of the property via a drive-by inspection or the like shall not be considered sufficient to constitute a physical inspection as required by this section.

13. ~~The provisions of subsections 11 and 12 of this section shall only apply in any county with a charter form of government with more than one million inhabitants.~~

~~14.]~~ A county or city collector may accept credit cards as proper form of payment of outstanding property tax or license due. No county or city collector may charge surcharge for payment by credit card which exceeds the fee or surcharge charged by the credit card bank, processor, or issuer for its service. A county or city collector may accept payment by electronic transfers of funds in payment of any tax or license and charge the person making such payment a fee equal to the fee charged the county by the bank, processor, or issuer of such electronic payment.

~~[45]~~ 14. Any county or city not within a county in this state may, by an affirmative vote of the governing body of such county, opt out of the provisions of this section and sections 137.073, 138.060, and 138.100 as enacted by house bill no. 1150 of the ninety-first general assembly, second regular session and section 137.073 as modified by house committee substitute for senate substitute for senate committee substitute for senate bill no. 960, ninety-second general assembly, second regular session, for the next year of the general reassessment, prior to January first of any year. No county or city not within a county shall exercise this opt-out provision after implementing the provisions of this section and sections 137.073, 138.060, and 138.100 as enacted by house bill no. 1150 of the ninety-first general assembly, second regular session and section 137.073 as modified by house committee substitute for senate substitute for senate committee substitute for senate bill no. 960, ninety-second general assembly, second regular session, in a year of general reassessment. For the purposes of applying the provisions of this subsection, a political subdivision contained within two or more counties where at least one of such counties has opted out and at least one of such counties has not opted out shall calculate a single tax rate as in effect prior to the enactment of house bill no. 1150 of the ninety-first general assembly, second regular session. A governing body of a city not within a county or a county that has opted out under the provisions of this subsection may choose to implement the provisions of this section and sections 137.073, 138.060, and 138.100 as enacted by house bill no. 1150 of the ninety-first general assembly, second regular session, and section 137.073 as modified by house committee substitute for senate substitute for senate committee substitute for senate bill no. 960, ninety-second general assembly, second regular session, for the next year of general reassessment, by an affirmative vote of the governing body prior to December thirty-first of any year.

~~[46]~~ 15. The governing body of any city of the third classification with more than twenty-six thousand three hundred but fewer than twenty-six thousand seven hundred inhabitants located in any county that has exercised its authority to opt out under subsection 15 of this section may levy separate and differing tax rates for real and personal property only if such city bills and collects its own property taxes or satisfies the entire cost of the billing and collection of such separate and differing tax rates. Such separate and differing rates shall not exceed such city's tax rate ceiling.

~~[47]~~ 16. Any portion of real property that is available as reserve for strip, surface, or coal mining for minerals for purposes of excavation for future use or sale to others that has not been bonded and permitted under chapter 444 shall be assessed based upon how the real property is currently being used. Any information provided to a county assessor, state tax commission, state agency, or political subdivision responsible for the administration of tax policies shall, in the performance of its duties, make available all books, records, and information requested, except such books, records, and information as are by law declared confidential in nature, including individually identifiable information regarding a specific taxpayer or taxpayer's mine property. For purposes of this subsection, "mine property" shall mean all real property that is in use or readily available as a reserve for strip, surface, or coal mining for minerals for purposes of excavation for current or future use or sale to others that has been bonded and permitted under chapter 444.

137.385. Any person aggrieved by the assessment of his property may appeal to the county board of equalization. An appeal shall be in writing and the forms to be used for this purpose shall be furnished by the county clerk. Such appeal shall be lodged with the county clerk as secretary of the board of equalization before the ~~third~~ second Monday in ~~June~~ July; provided, that the board may in its discretion extend the time for filing such appeals.

138.060. 1. The county board of equalization shall, in a summary way, determine all appeals from the valuation of property made by the assessor, and shall correct and adjust the assessment accordingly. There shall be no presumption that the assessor's valuation is correct. In any county with a charter form of government with a population greater than two hundred eighty thousand inhabitants but less than two hundred eighty-five thousand inhabitants, ~~and~~ in any county with a charter form of government with greater than one million inhabitants, ~~and~~ in any city not within a county, **and in any other county for any property whose assessed valuation increased at least fifteen percent from the previous assessment unless the increase is due to new construction or improvement**, the assessor shall have the burden to prove that the assessor's valuation does not exceed the true market value of the subject property. In such county or city, in the event a physical inspection of the subject property is required by subsection 10 of section 137.115, the assessor shall have the burden to establish the manner in which the physical inspection was performed and shall have the burden to prove that the physical inspection was performed in accordance with section 137.115. In such county or city, in the event the assessor fails to provide sufficient evidence to establish that the physical inspection was performed in accordance with section 137.115, the property owner shall prevail on the appeal as a matter of law. At any hearing before the state tax commission or a court of competent jurisdiction of an appeal of assessment from a first class charter county or a city not within a county, the assessor shall not advocate nor present evidence advocating a valuation higher than that value finally determined by the assessor or the value determined by the board of equalization, whichever is higher, for that assessment period.

2. The county clerk shall keep an accurate record of the proceedings and orders of the board, and the assessor shall correct all erroneous assessments, and the clerk shall adjust the tax book according to the orders of such board and the orders of the state tax commission, except that in adding or deducting such percent to each tract or parcel of real estate as required by such board or state tax commission, he shall add or deduct in each case any fractional sum of less than fifty cents, so that the value of any separate tract shall contain no fractions of a dollar.

138.090. 1. Except as provided in subsection 2 of this section, the county board of equalization in first class counties shall meet on the ~~first~~ **third** Monday in July of each year.

2. Upon a finding by the board that it is necessary in order to fairly hear all cases arising from a general reassessment, the board may begin meeting after July first in any applicable year to timely consider any appeal or complaint resulting from an evaluation made during a general reassessment of all taxable real property and possessory interests in the county. There shall be no presumption that the assessor's valuation is correct.

143.121. 1. The Missouri adjusted gross income of a resident individual shall be the taxpayer's federal adjusted gross income subject to the modifications in this section.

2. There shall be added to the taxpayer's federal adjusted gross income:

(1) The amount of any federal income tax refund received for a prior year which resulted in a Missouri income tax benefit. **The amount added pursuant to this subdivision shall not include any amount of a federal income tax refund attributable to a tax credit reducing a taxpayer's federal tax liability pursuant to Public Law 116-136, enacted by the 116th United States Congress, for the tax year beginning on or after January 1, 2020, and ending on or before December 31, 2020, and deducted from Missouri adjusted gross income pursuant to section 143.171;**

(2) Interest on certain governmental obligations excluded from federal gross income by 26 U.S.C. Section 103 of the Internal Revenue Code, as amended. The previous sentence shall not apply to interest on obligations of the state of Missouri or any of its political subdivisions or authorities and shall not apply to the interest described in subdivision (1) of subsection 3 of this section. The amount added pursuant to this subdivision shall be reduced by the amounts applicable to such interest that would have been deductible in computing the taxable income of the taxpayer except only for the application of 26 U.S.C. Section 265 of the Internal Revenue Code, as amended. The reduction shall only be made if it is at least five hundred dollars;

(3) The amount of any deduction that is included in the computation of federal taxable income pursuant to 26 U.S.C. Section 168 of the Internal Revenue Code as amended by the Job Creation and Worker Assistance Act of 2002 to the extent the amount deducted relates to property purchased on or after July 1, 2002, but before July 1, 2003, and to the extent the amount deducted exceeds the amount that would have been deductible pursuant to 26 U.S.C. Section 168 of the Internal Revenue Code of 1986 as in effect on January 1, 2002;

(4) The amount of any deduction that is included in the computation of federal taxable income for net operating loss allowed by 26 U.S.C. Section 172 of the Internal Revenue Code of 1986, as amended, other than the deduction allowed by 26 U.S.C. Section 172(b)(1)(G) and 26 U.S.C. Section 172(i) of the Internal Revenue Code of 1986, as amended, for a net operating loss the taxpayer claims in the tax year in which the net operating loss occurred or carries forward for a period of more than twenty years and carries backward for more than two years.

Any amount of net operating loss taken against federal taxable income but disallowed for Missouri income tax purposes pursuant to this subdivision after June 18, 2002, may be carried forward and taken against any income on the Missouri income tax return for a period of not more than twenty years from the year of the initial loss; and

(5) For nonresident individuals in all taxable years ending on or after December 31, 2006, the amount of any property taxes paid to another state or a political subdivision of another state for which a deduction was allowed on such nonresident's federal return in the taxable year unless such state, political subdivision of a state, or the District of Columbia allows a subtraction from income for property taxes paid to this state for purposes of calculating income for the income tax for such state, political subdivision of a state, or the District of Columbia;

(6) For all tax years beginning on or after January 1, 2018, any interest expense paid or accrued in a previous taxable year, but allowed as a deduction under 26 U.S.C. Section 163, as amended, in the current taxable year by reason of the carryforward of disallowed business interest provisions of 26 U.S.C. Section 163(j), as amended. For the purposes of this subdivision, an interest expense is considered paid or accrued only in the first taxable year the deduction would have been allowable under 26 U.S.C. Section 163, as amended, if the limitation under 26 U.S.C. Section 163(j), as amended, did not exist.

3. There shall be subtracted from the taxpayer's federal adjusted gross income the following amounts to the extent included in federal adjusted gross income:

(1) Interest received on deposits held at a federal reserve bank or interest or dividends on obligations of the United States and its territories and possessions or of any authority, commission or instrumentality of the United States to the extent exempt from Missouri income taxes pursuant to the laws of the United States. The amount subtracted pursuant to this subdivision shall be reduced by any interest on indebtedness incurred to carry the described obligations or securities and by any expenses incurred in the production of interest or dividend income described in this subdivision. The reduction in the previous sentence shall only apply to the extent that such expenses including amortizable bond premiums are deducted in determining the taxpayer's federal adjusted gross income or included in the taxpayer's Missouri itemized deduction. The reduction shall only be made if the expenses total at least five hundred dollars;

(2) The portion of any gain, from the sale or other disposition of property having a higher adjusted basis to the taxpayer for Missouri income tax purposes than for federal income tax purposes on December 31, 1972, that does not exceed such difference in basis. If a gain is considered a long-term capital gain for federal income tax purposes, the modification shall be limited to one-half of such portion of the gain;

(3) The amount necessary to prevent the taxation pursuant to this chapter of any annuity or other amount of income or gain which was properly included in income or gain and was taxed pursuant to the laws of Missouri for a taxable year prior to January 1, 1973, to the taxpayer, or to a decedent by reason of whose death the taxpayer acquired the right to receive the income or gain, or to a trust or estate from which the taxpayer received the income or gain;

(5) The amount of any state income tax refund for a prior year which was included in the federal adjusted gross income;

(6) The portion of capital gain specified in section 135.357 that would otherwise be included in federal adjusted gross income;

(7) The amount that would have been deducted in the computation of federal taxable income pursuant to 26 U.S.C. Section 168 of the Internal Revenue Code as in effect on January 1, 2002, to the extent that amount relates to property purchased on or after July 1, 2002, but before July 1, 2003, and to the extent that amount exceeds the amount actually deducted pursuant to 26 U.S.C. Section 168 of the Internal Revenue Code as amended by the Job Creation and Worker Assistance Act of 2002;

(8) For all tax years beginning on or after January 1, 2005, the amount of any income received for military service while the taxpayer serves in a combat zone which is included in federal adjusted gross income and not otherwise excluded therefrom. As used in this section, "combat zone" means any area which the President of the United States by Executive Order designates as an area in which Armed Forces of the United States are or have engaged in combat. Service is performed in a combat zone only if performed on or after the date designated by the President by Executive Order as the date of the commencing of combat activities in such zone, and on or before the date designated by the President by Executive Order as the date of the termination of combatant activities in such zone;

(9) For all tax years ending on or after July 1, 2002, with respect to qualified property that is sold or otherwise disposed of during a taxable year by a taxpayer and for which an additional modification was made under subdivision (3) of subsection 2 of this section, the amount by which additional modification made under subdivision (3) of subsection 2 of this section on qualified property has not been recovered through the additional subtractions provided in subdivision (7) of this subsection;

(10) For all tax years beginning on or after January 1, 2014, the amount of any income received as payment from any program which provides compensation to agricultural producers who have suffered a loss as the result of a disaster or emergency, including the:

- (a) Livestock Forage Disaster Program;
- (b) Livestock Indemnity Program;
- (c) Emergency Assistance for Livestock, Honeybees, and Farm-Raised Fish;

- (f) Pasture, Rangeland, Forage Pilot Insurance Program;
- (g) Annual Forage Pilot Program;
- (h) Livestock Risk Protection Insurance Plan; and
- (i) Livestock Gross Margin Insurance Plan; and

(11) For all tax years beginning on or after January 1, 2018, any interest expense paid or accrued in the current taxable year, but not deducted as a result of the limitation imposed under 26 U.S.C. Section 163(j), as amended. For the purposes of this subdivision, an interest expense is considered paid or accrued only in the first taxable year the deduction would have been allowable under 26 U.S.C. Section 163, as amended, if the limitation under 26 U.S.C. Section 163(j), as amended, did not exist.

4. There shall be added to or subtracted from the taxpayer's federal adjusted gross income the taxpayer's share of the Missouri fiduciary adjustment provided in section 143.351.

5. There shall be added to or subtracted from the taxpayer's federal adjusted gross income the modifications provided in section 143.411.

6. In addition to the modifications to a taxpayer's federal adjusted gross income in this section, to calculate Missouri adjusted gross income there shall be subtracted from the taxpayer's federal adjusted gross income any gain recognized pursuant to 26 U.S.C. Section 1033 of the Internal Revenue Code of 1986, as amended, arising from compulsory or involuntary conversion of property as a result of condemnation or the imminence thereof.

7. (1) As used in this subsection, "qualified health insurance premium" means the amount paid during the tax year by such taxpayer for any insurance policy primarily providing health care coverage for the taxpayer, the taxpayer's spouse, or the taxpayer's dependents.

(2) In addition to the subtractions in subsection 3 of this section, one hundred percent of the amount of qualified health insurance premiums shall be subtracted from the taxpayer's federal adjusted gross income to the extent the amount paid for such premiums is included in federal taxable income. The taxpayer shall provide the department of revenue with proof of the amount of qualified health insurance premiums paid.

8. (1) Beginning January 1, 2014, in addition to the subtractions provided in this section, one hundred percent of the cost incurred by a taxpayer for a home energy audit conducted by an entity certified by the department of natural resources under section 640.153 or the implementation of any energy efficiency recommendations made in such an audit shall be subtracted from the taxpayer's federal adjusted gross income to the extent the amount paid for any such activity is included in federal taxable income. The taxpayer shall provide the department of revenue with a summary of any recommendations made in a qualified home energy audit, the name and certification number of the qualified home energy auditor who conducted the audit, and proof of the amount paid for any activities under this subsection for which a deduction is claimed. The taxpayer shall also provide a copy of the summary of any recommendations made in a qualified home energy audit to the department of natural resources.

(2) At no time shall a deduction claimed under this subsection by an individual taxpayer or taxpayers filing combined returns exceed one thousand dollars per year for individual taxpayers or cumulatively exceed two thousand dollars per year for taxpayers filing combined returns.

(3) Any deduction claimed under this subsection shall be claimed for the tax year in which the qualified home energy audit was conducted or in which the implementation of the energy efficiency recommendations occurred. If implementation of the energy efficiency recommendations occurred during more than one year, the deduction may be claimed in more than one year, subject to the limitations provided under subdivision (2) of this subsection.

(4) A deduction shall not be claimed for any otherwise eligible activity under this subsection if such activity qualified for and received any rebate or other incentive through a state-sponsored energy program or through an electric corporation, gas corporation, electric cooperative, or municipally owned utility.

9. The provisions of subsection 8 of this section shall expire on December 31, 2020.

143.171. 1. For all tax years beginning on or after January 1, 1994, and ending on or before December 31, 2018, an individual taxpayer shall be allowed a deduction for his or her federal income tax liability under Chapter 1 of the Internal Revenue Code for the same taxable year for which the Missouri return is being filed, not to exceed five thousand dollars on a single taxpayer's return or ten thousand dollars on a combined return, after reduction for all credits thereon, except the credit for payments of federal estimated tax, the credit for the overpayment of any federal tax, and the credits allowed by the Internal Revenue Code by 26 U.S.C. Section 31, 26 U.S.C. Section 27, and 26 U.S.C. Section 34.

2. **(1)** Notwithstanding any other provision of law to the contrary, for all tax years beginning on or after January 1, 2019, an individual taxpayer shall be allowed a deduction equal to a percentage of his or her federal income tax liability under Chapter 1 of the Internal Revenue Code for the same taxable year for which the Missouri return is being filed, not to exceed five thousand dollars on a single taxpayer's return or ten thousand dollars on a combined return, after reduction for all credits thereon, except the credit for payments of federal estimated tax, the credit for the overpayment of any federal tax, and the credits allowed by the Internal Revenue Code by 26 U.S.C. 3. Four members of the board shall constitute a quorum. No vacancy in the membership of the board shall impair the right of a quorum to exercise all the rights and perform all the duties of the board. No action shall be taken by the board except upon the affirmative vote of a majority of the members present.

4. The board shall meet within the state of Missouri at the time set at a previously scheduled meeting or by the request of any four members of the board. Notice of the meeting shall be delivered to all other trustees in person or by depositing notice in a United States post office in a properly stamped and addressed envelope not less than six days prior to the date fixed for the meeting. 6. No investment transaction authorized by the board shall be handled by any company or firm in which a member of the board has a substantial interest, nor shall any member of the board profit directly or indirectly from any such investment.

7. No trustee or employee of the [savings] program shall receive any gain or profit from any funds or transaction of the [savings] program. Any trustee, employee or agent of the [savings] program accepting any gratuity or compensation for the purpose of influencing such trustee's, employee's or agent's action with respect to the investment or management of the funds of the [savings] program shall thereby forfeit the office and in addition thereto be subject to the penalties prescribed for bribery.

166.420. 1. The board may enter into [savings] program participation agreements with participants on behalf of beneficiaries pursuant to the provisions of sections 166.400 to 166.455, including the following terms and conditions:

No contribution may be made to a savings account for a beneficiary if it would cause the balance of all savings accounts of the beneficiary to exceed the total contribution limit established by the board. The board may establish other requirements that it deems appropriate to

provide adequate safeguards to prevent contributions on behalf of a beneficiary from exceeding what is necessary to provide for the qualified education expenses of the beneficiary.

4. The board shall establish the minimum length of time that contributions and earnings must be held by the [savings] program to qualify pursuant to section 166.435. Any contributions or earnings that are withdrawn or distributed from a savings account prior to the expiration of the minimum length of time, as established by the board, shall be subject to a penalty pursuant to section 166.430.

166.425. All money paid by a participant in connection with participation agreements shall be deposited as received and shall be promptly invested by the board. Contributions and earnings thereon accumulated on behalf of participants in the [savings] program may be used, as provided in the participation agreement, for qualified education expenses. Such contributions and earnings shall not be considered income for purposes of determining a participant's eligibility for financial assistance under any state student aid program.

166.435. 1. Notwithstanding any law to the contrary, the assets of the [savings] program held by the board, the assets of any deposit program authorized in section 166.500, and the assets of any qualified tuition [savings] program established pursuant to Section 529 of the Internal Revenue Code and any income therefrom shall be exempt from all taxation by the state or any of its political subdivisions. Income earned or received from the [savings] program, deposit, or other qualified tuition [savings] programs established under Section 529 of the Internal Revenue Code, or refunds of qualified education expenses received by a beneficiary from an eligible educational institution in connection with withdrawal from enrollment at such institution which are contributed within sixty days of withdrawal to a qualified tuition [savings] program of which such individual is a beneficiary shall not be subject to state income tax imposed pursuant to chapter 143 and shall be eligible for any benefits provided in accordance with Section 529 of the Internal Revenue Code. The exemption from taxation pursuant to this section shall apply only to assets and income maintained, accrued, or expended pursuant to the requirements of the [savings] program established pursuant to sections 166.400 to 166.455, the deposit program established pursuant to sections 166.500 to 166.529, and other qualified tuition [savings] programs established under Section 529 of the Internal Revenue Code, and no exemption shall apply to assets and income expended for any other purposes. Annual contributions made to the [savings] program held by the board, the deposit program, and any qualified tuition [savings] program established under Section 529 of the Internal Revenue Code up to and including eight thousand dollars per [participating] taxpayer, and up to sixteen thousand dollars for married individuals filing a joint tax return, shall be subtracted in determining Missouri adjusted gross income pursuant to section 143.121.

2. If any deductible contributions to or earnings from any such program referred to in this section are distributed and not used to pay qualified education expenses, not transferred as allowed by 26 U.S.C. Section 529(c)(3)(C)(i), as amended, and any Internal Revenue Service regulations or guidance issued in relation thereto, or are not held for the minimum length of time established by the appropriate Missouri board, then the amount so distributed shall be included in the Missouri adjusted gross income of the participant, or, if the participant is not living, the beneficiary.

3. The provisions of this section shall apply to tax years beginning on or after January 1, 2008, and the provisions of this section with regard to sections 166.500 to 166.529 shall apply to tax years beginning on or after January 1, 2004.

166.440. The assets of the [savings] program shall at all times be preserved, invested and expended only for the purposes set forth in this section and in accordance with the participation agreements, and no property rights therein shall exist in favor of the state.

166.456. All personally identifiable information concerning participants and beneficiaries of accounts established within the Missouri education [savings] program pursuant to sections 166.400 to 166.456 shall be confidential, and any disclosure of such information shall be restricted to purposes directly connected with the administration of the program.

238.235. 1. (1) Any transportation development district may by resolution impose a transportation development district sales tax on all retail sales made in such transportation development district which are subject to taxation pursuant to the provisions of sections 144.010 to 144.525, except such transportation development district sales tax shall not apply to the sale or use of motor vehicles, trailers, boats or outboard motors nor to all sales of electricity or electrical current, water and gas, natural or artificial, nor to sales of service to telephone subscribers, either local or long distance. Such transportation development district sales tax may be imposed for any transportation development purpose designated by the transportation development district in its ballot of submission to its qualified voters, except that no resolution enacted pursuant to the authority granted by this section shall be effective unless:

(a) The board of directors of the transportation development district submits to the qualified voters of the **municipality in which the transportation development district is located** a proposal to authorize the board of directors of the transportation development district to impose or increase the levy of an existing tax pursuant to the provisions of this section; or

☐ YES

☐ NO

If you are in favor of the question, place an "X" in the box opposite "YES". If you are opposed to the question, place an "X" in the box opposite "NO".

If a majority of the votes cast on the proposal by the qualified voters voting thereon are in favor of the proposal, then the resolution and any amendments thereto shall be in effect. If a majority of the votes cast by the qualified voters voting are opposed to the proposal, then the board of directors of the transportation development district shall have no power to impose the sales tax authorized by this section unless and until the board of directors of the transportation development district shall again have submitted another proposal to authorize it to impose the sales tax pursuant to the provisions of this section and such proposal is approved by a majority of the qualified voters voting thereon.

(3) The sales tax authorized by this section shall become effective on the first day of the second calendar quarter after the department of revenue receives notification of the tax.

(4) In each transportation development district in which a sales tax has been imposed in the manner provided by this section, every retailer shall add the tax imposed by the transportation development district pursuant to this section to the retailer's sale price, and when so added such tax shall constitute a part of the price, shall be a debt of the purchaser to the retailer until paid, and shall be recoverable at law in the same manner as the purchase price.

(5) In order to permit sellers required to collect and report the sales tax authorized by this section to collect the amount required to be reported and remitted, but not to change the requirements of reporting or remitting tax or to serve as a levy of the tax, and in order to avoid fractions of pennies, the transportation development district may establish appropriate brackets which shall be used in the district imposing a tax pursuant to this section in lieu of those brackets provided in section 144.285.

(6) All revenue received by a transportation development district from the tax authorized by this section which has been designated for a certain transportation development purpose shall be deposited in a special trust fund and shall be used solely for such designated purpose. Upon the expiration of the period of years approved by the qualified voters pursuant to subdivision (2) of this subsection or if the tax authorized by this section is repealed pursuant to subsection 6 of this section, all funds remaining in the special trust fund shall continue to be used solely for such designated transportation development purpose. Any funds in such special trust fund which are not needed for current expenditures may be invested by the board of directors in accordance with applicable laws relating to the investment of other transportation development district funds.

(7) The sales tax may be imposed in increments of one-eighth of one percent, up to a maximum of one percent on the receipts from the sale at retail of all tangible personal property or taxable services at retail within the transportation development district adopting such tax, if such property and services are subject to taxation by the state of Missouri pursuant to the provisions of sections 144.010 to 144.525, except such transportation development district sales tax shall not apply to the sale or use of motor vehicles, trailers, boats or outboard motors nor to public utilities. Any transportation development district sales tax imposed pursuant to this section shall be imposed at a rate that shall be uniform throughout the district.

2. The resolution imposing the sales tax pursuant to this section shall impose upon all sellers a tax for the privilege of engaging in the business of selling tangible personal property or rendering taxable services at retail to the extent and in the manner provided in sections 144.010 to 144.525, and the rules and regulations of the director of revenue issued pursuant thereto; except that the rate of the tax shall be the rate imposed by the resolution as the sales tax and the tax shall be reported and returned to and collected by the transportation development district.

3. On and after the effective date of any tax imposed pursuant to this section, the director of revenue shall perform all functions incident to the administration, collection, enforcement, and operation of the tax, and the director of revenue shall collect, in addition to all other sales taxes imposed by law, the additional tax authorized pursuant to this section. The tax imposed pursuant to this section and the taxes imposed pursuant to all other laws of the state of Missouri shall be collected together and reported upon such forms and pursuant to such administrative rules and regulations as may be prescribed by the director of revenue.

4. (1) All applicable provisions contained in sections 144.010 to 144.525, governing the state sales tax, sections 32.085 and 32.087 and section 32.057, the uniform confidentiality provision, shall apply to the collection of the tax imposed by this section, except as modified in this section.

(2) All exemptions granted to agencies of government, organizations, persons and to the sale of certain articles and items of tangible personal property and taxable services pursuant to the provisions of sections 144.010 to 144.525 are hereby made applicable to the imposition and collection of the tax imposed by this section.

(3) The same sales tax permit, exemption certificate and retail certificate required by sections 144.010 to 144.525 for the administration and collection of the state sales tax shall satisfy the requirements of this section, and no additional permit or exemption certificate or retail certificate shall be required; except that the transportation development district may prescribe a form of exemption certificate for an exemption from the tax imposed by this section.

(4) All discounts allowed the retailer pursuant to the provisions of the state sales tax laws for the collection of and for payment of taxes pursuant to such laws are hereby allowed and made applicable to any taxes collected pursuant to the provisions of this section.

(5) The penalties provided in section 32.057 and sections 144.010 to 144.525 for violation of those sections are hereby made applicable to violations of this section.

(6) For the purpose of a sales tax imposed by a resolution pursuant to this section, all retail sales except retail sales of motor vehicles shall be deemed to be consummated at the place of business of the retailer unless the tangible personal property sold is delivered by the retailer or the retailer's agent to an out-of-state destination or to a common carrier for delivery to an out-of-state destination. In the event a retailer has more than one place of business in this state which participates in the sale, the sale shall be deemed to be consummated at the place of business of the retailer where the initial order for the tangible personal property is taken, even though the order must be forwarded elsewhere for acceptance, approval of credit, shipment or billing. A sale by a retailer's employee shall be deemed to be consummated at the place of business from which the employee works.

5. All sales taxes received by the transportation development district shall be deposited by the director of revenue in a special fund to be expended for the purposes authorized in this section. The director of revenue shall keep accurate records of the amount of money which was collected pursuant to this section, and the records shall be open to the inspection of officers of each transportation development district and the general public.

6. (1) No transportation development district imposing a sales tax pursuant to this section may repeal or amend such sales tax unless such repeal or amendment will not impair the district's ability to repay any liabilities which it has incurred, money which it has borrowed or revenue bonds, notes or other obligations which it has issued or which have been issued by the commission or any local transportation authority to finance any project or projects.

(2) Whenever the board of directors of any transportation development district in which a transportation development sales tax has been imposed in the manner provided by this section receives a petition, signed by ten percent of the qualified voters calling for an election to repeal such transportation development sales tax, the board of directors shall, if such repeal will not impair the district's ability to repay any liabilities which it has incurred, money which it has borrowed or revenue bonds, notes or other obligations which it has issued or which have been issued by the commission or any local transportation authority to finance any project or projects, submit to the qualified voters of **the municipality in which** such transportation development district **is located** a proposal to repeal the transportation development sales tax imposed pursuant to the provisions of this section. If a majority of the votes cast on the proposal by the qualified voters voting thereon are in favor of the proposal to repeal the transportation development sales tax, then the resolution imposing the transportation development sales tax, along with any amendments thereto, is repealed. If a majority of the votes cast by the qualified voters voting thereon are opposed to the proposal to repeal the transportation development sales tax, then the ordinance or resolution imposing the transportation development sales tax, along with any amendments thereto, shall remain in effect.

7. Notwithstanding any provision of sections 99.800 to 99.865 and this section to the contrary, the sales tax imposed by a district whose project is a public mass transportation system shall not be considered economic activity taxes as such term is defined under sections 99.805 and 99.918 and shall not be subject to allocation under the provisions of subsection 3 of section 99.845, or subsection 4 of section 99.957.

238.237. 1. If approved by a majority of the qualified voters voting on the question in the **municipality in which the district is located**, the district may charge and collect tolls or fees for the use of a project. The board may charge a lower toll rate or fee than that amount approved by the ~~[district]~~ voters, and may increase that lower toll rate or fee to a level not exceeding the toll or fee rate ceiling without voter approval. Toll rates or fees for the use of the same project may vary at the election of the board, depending upon the type or nature of the user, or the type or nature of the use.

2. The ballot of submission shall be substantially in the following form:

Shall the _____ Transportation Development District be authorized to charge tolls or fees in amounts not to exceed those given below:

Maximum Toll or Fee	Toll or Fee Description
(Insert amount)	(Insert a brief description of the toll or fee, distinguishing it from other tolls or fees to be charged on the same project)

Further amend said amendment, Page 26, Line 21, by inserting after said line the following:

"137.084. 1. Notwithstanding the provisions of sections 137.075 and 137.080 to the contrary, a building or other structure that is used as commercial property, newly constructed and occupied on any parcel of real property, shall be assessed and taxed on such assessed valuation as of the first day of the month following the date of occupancy for the proportionate part of the remaining year at the tax rates established for that year, in all taxing jurisdictions located in the county adopting this section as provided in subsection 8 of this section. Newly constructed commercial property that has never been occupied shall not be assessed as improved real property until such occupancy or January first of the year following the year in which construction of the improvements is completed. The provisions of this subsection shall apply in any county in which the governing body has previously adopted or hereafter adopts the provisions of this subsection. For purposes of this section, the term "county" shall include any county and any city not within a county.

2. The assessor may consider a property commercially occupied upon personal verification or if any two of the following conditions have been met:

- (1) An occupancy permit has been issued for the property;
- (2) A deed transferring ownership from one party to another has been filed with the recorder of deeds' office subsequent to the date of the first permanent utility service;
- (3) A utility company providing service in the county has verified a transfer of service for property from one party to another;
- (4) The person or persons occupying the newly constructed property have registered a change of address with any local, state, or federal governmental office or agency.

3. In implementing the provisions of this section, the assessor may use occupancy permits, building permits, warranty deeds, utility connection documents including telephone connections, or other official documents as may be necessary to discover the existence of newly constructed properties. No utility company shall refuse to provide verification monthly to the assessor of a utility connection to a newly occupied commercial property.

4. In the event that the assessment under subsections 1 and 2 of this section is not completed until after the deadline for filing appeals in a given tax year, the owner of the newly constructed property who is aggrieved by the assessment of the property may appeal this assessment the following year to the county board of equalization in accordance with chapter 138 and may pay any taxes under protest in accordance with section 139.031; provided, however, that such payment under protest shall not be required as a condition of appealing to the county board of equalization. The collector shall impound such protested taxes and shall not disburse such taxes until resolution of the appeal.

5. The increase in assessed valuation resulting from the implementation of the provisions of this section shall be considered new construction and improvements under the provisions of this chapter.

6. In counties that adopt the provisions of subsections 1 to 7 of this section, an amount not to exceed ten percent of all ad valorem property tax collections on newly constructed and occupied commercial property allocable to each taxing authority within counties of the first classification having a population of nine hundred thousand or more, one-tenth of one percent of all ad valorem property tax collections allocable to each taxing authority within all other counties of the first classification and one-fifth of one percent of all ad valorem property tax collections allocable to each taxing authority within counties of the second, third and fourth classifications and any county of the first classification having a population of at least eighty-two thousand inhabitants, but less than eighty-two thousand one hundred inhabitants, in addition to the amount prescribed by section 137.720 shall be deposited into the assessment fund of the county for collection costs.

7. For purposes of calculating the tax due on such newly constructed commercial property, the assessor or the board of equalization shall place the full amount of the assessed valuation on the tax book upon the first day of the month following occupancy. Such assessed valuation shall be taxed for each month of the year following such date at its new assessed valuation, and for each month of the year preceding such date at its previous valuation. The percentage derived from dividing the number of months at which the property is taxed at its new valuation by twelve shall be applied to the total assessed valuation of the new construction and improvements, and such percentage shall be included in the next year's base for the purposes of calculating the next year's tax levy rollback. The untaxed percentage shall be considered as new construction and improvements in the following year and shall be exempt from the rollback provisions.

8. The provisions of subsections 1 to 7 of this section shall be effective in any county in which the governing body of such county elects to adopt a proposal to implement such provisions. Such subsections shall become effective in such county on January first of the year following the election.

9. In any county that adopts the provisions of subsections 1 to 7 of this section prior to June first in any year under subsection 8 of this section, the assessor of such county shall, upon application of the property owner, remove on a pro rata basis from the tax book for the current year any commercial real property improvements destroyed by a natural disaster if such property is unoccupied and uninhabitable due to such destruction. On or after the first day of July, the board of equalization shall perform such duties. Any person claiming such destroyed property shall provide a list of such destroyed property to the county assessor. The assessor shall have available a supply of appropriate forms on which the claim shall be made. The assessor may verify all such destroyed property listed to ensure that the person made a correct statement. Any person who completes such a list and, with intent to defraud, includes property on the list that was not destroyed by a natural disaster shall, in addition to any other penalties provided by law, be assessed double the value of any property fraudulently listed. The list shall be filed by the assessor, after he or she has provided a copy of the list to the county collector and the board of equalization, in the office of the county clerk who, after entering the filing thereof, shall preserve and safely keep them. If the assessor, subsequent to such destruction, considers such property occupied as provided in subsection 2 of this section, the assessor shall consider such property new construction and improvements and shall assess such property accordingly as provided in subsection 1 of this section. For the purposes of this section, the term "natural disaster" means any disaster due to natural causes such as tornado, fire, flood, or earthquake.

10. Any political subdivision may recover the loss of revenue caused by subsection 9 of this section by adjusting the rate of taxation, to the extent previously authorized by the voters of such political subdivision, for the tax year immediately following the year of such destruction in an amount not to exceed the loss of revenue caused by this section."; and

House Amendment No. 2
to
House Amendment No. 2

AMEND House Amendment No. 2 to Senate Bill No. 774, Page 2, Line 45, by inserting after said line the following:

"590.650. 1. The provisions of this section shall be known and may be cited as **"The John Ashcroft Fourth Amendment Affirmation Act"**. As used in this section [~~"minority group" means individuals of African, Hispanic, Native American or Asian descent~~] the following terms mean:

(1) **"Benchmark"**, the number used as a basis of comparison in determining possible disproportions in law enforcement activities, which shall only include the following:

(a) The benchmark for measuring disproportions in vehicle stops shall be the proportions of drivers in racial or ethnic groups residing in a jurisdiction;

(b) The benchmark for measuring disproportions in post-stop activities shall be the racial or ethnic group's proportion of stops; and

(c) The benchmark used to measure disproportions in hit rates shall be the group proportions of drivers searched;

(2) **"Consent search"**, a search authorized by the consent of the individual, not by probable cause;

(3) **"Discriminatory policing"**, circumstances in which the peace officer's actions are based in whole or in part on the real or perceived race, ethnicity, religious beliefs, gender, English language proficiency, status as a person with a disability, or a person's national origin rather than upon specific and articulable facts which, taken together with rational inferences from those facts, reasonably indicate criminal activity. **"Discriminatory policing"** does not include investigations of alleged crimes when law enforcement must seek out suspects who match a specifically delineated description;

(4) **"Hit rate"**, the rate of searches in which contraband is found. The hit rate is calculated by dividing the number of searches that yield contraband by the total number of searches. Hit rate may be calculated for individual officers, agencies, or multiple agencies;

(5) **"Investigative stop"**, any stop, by a peace officer, of a motor vehicle based on reasonable suspicion or probable cause and not a motor vehicle violation. Investigative stops can involve calls for service, stops conducted in support of an agency investigation, stops conducted because of a peace officer's observations, stops made at a sobriety checkpoint or other road block, or other investigatory stops;

(6) **"Minority group"**, individuals of African, Hispanic, Native American, or Asian descent;

(7) **"Ratio of disparity"**, the ratio of the rate of stops or other peace officer activities for a nonwhite group as compared to the rate for the white group. The ratio of disparity for the white group shall be the white group rate compared to the rate for nonwhite groups;

(8) **"Significant disproportion"**, a ratio of disparity that differs significantly from the overall state ratio of disparity for any minority group for that category of peace officer activity. The attorney general shall determine what deviation from the overall state ratio of disparity warrants further scrutiny after considering factors other than discrimination. The attorney general shall find any ratio of disparity that is over one hundred twenty-five percent of the overall state disparity for any minority group for that category of peace officer activity to be a significant disproportion.

2. Each time a peace officer stops a driver of a motor vehicle, that officer shall report **at least** the following information to the law enforcement agency that employs the officer:

(1) The age, gender and race or minority group of the individual stopped;

(2) **Whether the driver resides in the jurisdiction of the stop;**

(3) The reasons for the stop. **Reasons for an investigative stop may include, but are not limited to, calls for service, stops conducted in support of an agency investigation, stops conducted because of a peace officer's observations, and stops made at a sobriety checkpoint or other road block;**

~~(3)~~ (4) Whether a search was conducted as a result of the stop;

~~[(4)]~~ (5) If a search was conducted, whether the individual consented to the search, **how the individual's consent was documented**, the probable cause for the search, whether the person was searched, whether the person's property was searched, and the duration of the search;

~~[(5)]~~ (6) Whether any contraband was discovered in the course of the search and the type of any contraband discovered;

~~[(6)]~~ (7) Whether any warning or citation was issued as a result of the stop;

~~[(7)]~~ (8) If a warning or citation was issued, the violation charged or warning provided;

~~[(8)]~~ (9) Whether an arrest was made as a result of either the stop or the search;

~~[(9)]~~ (10) If an arrest was made, the crime charged; ~~and~~

~~[(10)]~~ (11) The location of the stop; **and**

(12) **The municipal or state infraction for which the individual was stopped.**

Such information ~~[may]~~ **shall** be ~~[reported using a format determined by the department of public safety which uses existing citation and report forms]~~ **submitted to the attorney general as a single report indicating for each traffic stop the required information on the driver and stop. The format of the report shall be determined by the attorney general. No personnel information shall be disclosed.**

3. (1) Each law enforcement agency shall compile the data described in subsection 2 of this section for the calendar year ~~[into a]~~ **and send the stop** report to the attorney general.

(2) Each law enforcement agency shall submit the **stop** report to the attorney general no later than March first of the following calendar year.

(3) The attorney general shall determine the format that all law enforcement agencies shall use to submit the report. **The attorney general may allow the department of public safety to extract the data from other reports filed by law enforcement agencies.**

4. (1) The attorney general shall analyze the annual **stop** reports of law enforcement agencies required by this section and submit a report of the findings to the governor, the general assembly and each law enforcement agency no later than June first of each year.

(2) **The report shall identify situations in which data submitted by agencies indicate that racial and ethnic groups are disproportionately affected by law enforcement activity so that further analysis may be conducted to determine whether peace officers are engaging in discriminatory policing.**

(3) **The report shall provide group ratios of disparity for all categories of stops, poststop activities, searches, and contraband found, using appropriate benchmarks as defined in subsection 1 of this section.**

(4) The report of the attorney general shall include at least the following information for each agency **and for the state overall:**

(a) The total number of vehicles stopped by peace officers during the previous calendar year;

(b) The number and percentage of stopped motor vehicles that were driven by members of each particular minority group;

(c) ~~[A comparison of the percentage of stopped motor vehicles driven by each minority group and the percentage of the state's population that each minority group comprises]~~ **Ratios of disparity for all categories of stops, post-stop activities, searches, and contraband using appropriate benchmarks as defined in subsection 1 of this section; and**

(d) A compilation of the information reported by law enforcement agencies pursuant to subsection 2 of this section.

5. (1) Each law enforcement agency shall adopt a policy on ~~[race-based traffic stops]~~ **discriminatory policing** that:

~~[(1)]~~ (a) Prohibits ~~[the practice of routinely stopping members of minority groups for violations of vehicle laws as a pretext for investigating other violations of criminal law]~~ **discriminatory policing;**

~~[(2)]~~ (b) Provides for ~~[periodic]~~ **annual** reviews by the law enforcement agency of the annual report of the attorney general required by subsection 4 of this section that:

~~[(a)]~~ a. Determine whether any peace officers of the law enforcement agency have a pattern of stopping members of minority groups for violations of vehicle laws in a number disproportionate to the population of minority groups residing or traveling within the jurisdiction of the law enforcement agency; and

~~[(b)]~~ b. If the review reveals a pattern, require an investigation to determine whether any peace officers of the law enforcement agency ~~[routinely stop members of minority groups for violations of vehicle laws as a pretext for investigating other violations of criminal law; and]~~ **engaged in discriminatory policing;**

c. Include a review of complaints received by the law enforcement agency and a breakdown of which complaints were verified, found to be unfounded, remain active, and what steps were taken to address verified complaints. The review of complaints shall indicate the number of complaints alleging discriminatory policing that a law enforcement agency received; and

d. The results of the review shall be made public, however, no personnel information shall be disclosed; and

~~[(3)]~~ (c) Provides for appropriate discipline, up to and including dismissal, counseling, and training of any peace officer found to have engaged in ~~[race-based traffic stops]~~ discriminatory policing within ninety days of the review.

The course or courses of instruction and the guidelines shall stress understanding and respect for racial and cultural differences, **cultural competency**, and development of effective, noncombative methods of carrying out law enforcement duties in a racially and culturally diverse environment.

(2) Each policy shall be in writing and accessible by the public. The attorney general shall certify that the discriminatory policing policy of each agency is substantially equivalent to the requirements of this subsection.

(3) Each policy shall put in place procedures to eliminate discriminatory policing.

6. Each law enforcement agency shall establish policies to eliminate discriminatory policing in the administration of consent searches. The procedures shall include the following:

(1) A peace officer shall have specific and articulable facts about the individual that, taken together with rational inferences from those facts, lead the peace officer to reasonably believe a search is needed;

(2) The peace officer shall document, in writing, such specific articulable facts about the circumstances leading to the request for consent in individual searches and if multiple searches take place under the same circumstances at or near the same time;

(3) Prior to requesting consent for a search, a peace officer shall communicate orally or in writing, in a language that the person being questioned clearly understands, that the person's consent must be voluntary, that the voluntary consent authorizes the search even if the peace officer does not have probable cause to search, that the lawfulness of the search cannot be challenged in court if consent is given, and that the person has the right to refuse the request to search;

(4) After providing such advisement, a peace officer shall obtain voluntary written or recorded audio or video consent to the search;

(5) The peace officer shall document whether the person from whom the search was requested provided written consent, if that consent was recorded by audio or video, or whether consent was denied, and the law enforcement agency will submit this data for compilation in the attorney general's vehicle stop report;

(6) The peace officer shall not ask for consent when he or she has probable cause to conduct a search;

(7) Any evidence obtained as a result of a search prohibited by this section shall be inadmissible in any judicial proceeding; and

(8) Nothing contained in this subsection shall be construed to preclude a search based upon probable cause.

7. (1) If a law enforcement agency fails to comply with the provisions of this section, the governor may withhold any state funds appropriated to the noncompliant law enforcement agency.

(2) If a law enforcement agency's data shows for three consecutive years a significant disproportion, the attorney general shall study the efforts of the law enforcement agency to decrease its disproportion during the prior three years.

(3) If a law enforcement agency fails to provide documentation to the attorney general that proves the agency's significant disproportions cannot be attributed to discriminatory policing, the agency shall be subject to review for a period of three years.

(4) Documentation provided to the attorney general to analyze significant disproportions shall be made public to the extent permitted by law.

(5) If a law enforcement agency subject to review shows a significant disproportion in its data after its first year under review and the attorney general's study determines that the law enforcement agency cannot show good-faith efforts to remedy the significant disproportion, the attorney general shall require changes in the agency's policies and practices, including techniques for identifying problem officers, requirements that an officer's ratios of disparity along with any mitigating circumstances be a part of the record used to evaluate promotions and reassignments, training of supervisors in the skills necessary to

eliminate discriminatory policing, and increasing the quality and quantity of officer training related to discriminatory policing. The attorney general's office shall work with other state agencies to provide financial assistance and expertise to facilitate these changes.

(6) If a law enforcement agency continues to show a significant disproportion in its data at the close of its three-year review period and the attorney general's study determines that the significant disproportion can be attributed in whole or in part to discriminatory policing, the attorney general shall evaluate whether the agency is making a good-faith effort to achieve nondiscriminatory policing. As a minimum penalty, the agency shall remain under review, with ongoing attorney general oversight, until such time as the attorney general determines that discriminatory policing is no longer a cause of the significant disproportion. As a maximum penalty, or after six years of review, the attorney general shall order that the governing body or jurisdiction that the law enforcement agency serves be required, from that point forward, to forfeit twenty-five percent of its annual general operating revenue received from fines, bond forfeitures, and court costs for traffic violations, including amended charges for any traffic violations. The forfeited amount shall be paid to the general revenue fund of the state of Missouri, to be designated as additional funds for the peace officers standards and training commission. This penalty shall continue until such time as the attorney general determines that discriminatory policing is no longer a cause of the significant proportion.

(7) A law enforcement agency may petition the attorney general to evaluate the agency's vehicle stops report data using a different benchmark. The attorney general shall determine appropriate benchmarks used in his or her evaluation of the data. The attorney general shall note in his or her annual report if an alternative benchmark was granted and the reasons for using the alternative benchmark.

~~[7-]~~ 8. Each law enforcement agency in this state may utilize federal funds from community-oriented policing services grants or any other federal sources to equip each vehicle used for traffic stops with a video camera and voice-activated microphone **or to purchase body cameras.**

~~[8- A peace officer who stops a driver of a motor vehicle pursuant to a lawfully conducted sobriety checkpoint or road block shall be exempt from the reporting requirements of subsection 2 of this section.]"; and~~

Delivery shall be made by first class, registered, or certified mail at the discretion of the election authority, or in the case of a covered voter under section 115.902, the method of transmission prescribed under section 115.914. If the election authority is not satisfied that any applicant is entitled to vote by mail-in ballot, the authority shall not deliver a mail-in ballot to the applicant. Within three working days of receiving such an application, the election authority shall notify the applicant and state the reason he or she is not entitled to vote by mail-in ballot. 13. Upon receiving a mail-in ballot by mail, the voter shall mark the ballot in secret, place the ballot in the ballot envelope, seal the envelope and fill out the statement on the ballot envelope. The affidavit of each person voting a mail-in ballot shall be subscribed and sworn to before the election official receiving the ballot, a notary public, or other officer authorized by law to administer oaths. If the voter is blind, unable to read or write the English language, or physically incapable of voting the ballot, the voter may be assisted by a person of the voter's own choosing. Any person assisting a voter who is not entitled to such assistance, any person who assists a voter and in any manner coerces or initiates a request or suggestion that the voter vote for or against, or refrain from voting on, any question or candidate, shall be guilty of a class one election offense. If, upon counting, challenge, or election contest, it is ascertained that any mail-in ballot was voted with unlawful assistance, the ballot shall be rejected.

14. Each mail-in ballot shall be returned to the election authority in the ballot envelope and shall only be returned by the voter by United States mail; except that covered voters who are sending ballots from a location determined by the secretary of state to be inaccessible on election day, shall be allowed to return their mail-in ballots cast by use of facsimile transmission or under a program approved by the United States Department of Defense for the electronic transmission of election materials.

15. No election authority shall refuse to accept and process any otherwise valid marked mail-in ballot submitted in any manner by a covered voter solely on the basis of restrictions on envelope type.

16. The secretary of state may prescribe uniform regulations with respect to the printing of ballot envelopes and mailing envelopes, which shall comply with standards established by federal law or postal regulations. Mailing envelopes for use in returning ballots shall be printed with business reply permits so that any ballot returned by mail does not require postage. All fees and costs for establishing and maintaining the business reply and postage-free mail for all ballots cast shall be paid by the secretary of state through state appropriations.

17. All proper votes on each mail-in ballot received by an election authority at or before the time fixed by law for the closing of the polls on election day shall be counted. Except as provided under section 115.920, no votes on any mail-in ballot received by an election authority after the time fixed by law for the closing of the polls on election day shall be counted.

18. If sufficient evidence is shown to an election authority that any mail-in voter has died prior to the opening of the polls on election day, the ballot of the deceased voter shall be rejected if it is still sealed in the ballot envelope. Any such rejected ballot, still sealed in its ballot envelope, shall be sealed with the application and any other papers connected therewith in an envelope marked "Rejected ballot of _____, a mail-in voter of _____ voting district". The reason for rejection shall be noted on the envelope, which shall be kept by the election authority with the other ballots from the election until the ballots are destroyed according to law.

19. As each mail-in ballot is received by the election authority, the election authority shall indicate its receipt on the list.

20. If the statements on any mail-in ballot envelope have not been completed, the mail-in ballot in the envelope shall be rejected.

21. All mail-in ballot envelopes received by the election authority shall be kept together in a safe place and shall not be opened except as provided under this chapter.

22. Mail-in ballots shall be counted using the procedures set out in sections 115.297, 115.299, 115.300, and 115.303.

23. The false execution of a mail-in ballot application shall be a class one election offense. The attorney general or any prosecuting or circuit attorney shall have the authority to prosecute such offense either in the county of residence of the person or in the circuit court of Cole County.

24. If any provision of this section is found by a court of competent jurisdiction to be unconstitutional or unconstitutionally enacted, the remaining provisions of this section shall be and remain valid.

25. This section is enacted notwithstanding any other provision of law including, but not limited to, sections 115.650 to 115.660.

26. The provisions of this section shall apply only to an election that occurs during the year 2020 to avoid the risk of contracting or transmitting severe acute respiratory syndrome coronavirus 2.

The department shall notify the candidate of the outstanding tax owed and give the candidate thirty days to remit any such outstanding taxes owed which are not the subject of dispute between the department and the candidate. If the candidate fails to remit such amounts in full within thirty days, the candidate shall be disqualified from participating in the current election and barred from refiling for an entire election cycle even if the individual pays all of the outstanding taxes that were the subject of the complaint.

(4) Any person who files as a candidate for election to a public office that performs county functions in a city not within a county shall provide appropriate copies of paid tax receipts or no tax due statements for each tax listed in subdivision (1) of this subsection that indicates the person has paid all taxes due and is not delinquent in any tax. If available, the election authority shall utilize online databases to verify the candidate's taxes instead of the paper copies provided by the candidate. The election authority shall review

such documentation and the affirmation of tax payments required under subdivision (2) of this subsection. The election authority may file a complaint with the department of revenue if there appears to be any delinquency. In addition to the above review, the election authority shall verify there is no ethics complaint filed under section 105.472 with the Missouri ethics commission for this person. If such a complaint has been filed against such a person, the election authority shall not allow the person's name to be placed on a ballot until the ethics complaint has been resolved. The Chair reminded members to confine their comments to the question at hand.

Representative Chipman offered **House Amendment No. 3**.

House Amendment No. 3

AMEND Senate Committee Substitute for Senate Bill No. 631, Page 1, Section A, Line 2, by inserting after all of said section and line the following:

"27.010. The attorney general for the state of Missouri shall be elected at each general election at which a governor and other state officers are elected, and his term shall begin at 12:00 noon on the second Monday in January next succeeding his election, and shall continue for four years, or until his successor is elected and qualified. The attorney general shall ~~[reside at the seat of government and]~~ keep his office in the supreme court building, and receive an annual salary of sixty-five thousand dollars plus any salary adjustment provided pursuant to section 105.005, payable out of the state treasury. The salary shall constitute the total compensation for all duties to be performed by him and there shall be no further payments made to or accepted by him for the performance of any duty now required of him under any existing law. The attorney general shall devote his full time to his office, and, except in the performance of his official duties, shall not engage in the practice of law."; and

Further amend said bill, Page 2, Section 36.155, Line 21, by inserting after all of said section and line the following:

"51.050. No person shall be elected or appointed clerk of the county commission unless such person be a citizen of the United States, ~~[over the age of twenty-one years]~~ **twenty-one years of age or older**, and shall have resided within the state one whole year, and within the county for which the person is elected one year just prior to such person's election; and every clerk shall after the election continue to reside within the county for which such person is clerk.

55.060. No person shall be elected or appointed county auditor of a county of the first class not having a charter form of government or of a county of the second class unless he **or she** is a citizen of the United States ~~[above the age of twenty-one years]~~, **twenty-one years of age or older**, and has resided within the state for one whole year and within the county for which he **or she** is elected or appointed for three months immediately preceding the election or his **or her** appointment. He **or she** shall also be a person familiar with the theory and practice of accounting by education, training, and experience and able to perform the duties imposed upon the county auditor by the provisions of this chapter. The county auditor shall, after his **or her** appointment or election, reside in the county for which he **or she** is auditor.

58.030. No person shall be elected or appointed to the office of coroner unless he **or she** be a citizen of the United States, ~~[over the age of twenty-one years]~~ **twenty-one years of age or older**, and shall have resided within the state one whole year, and within the county for which he **or she** is elected, six months next preceding the election.

60.010. 1. At the regular general election in the year 1948, and every four years thereafter, the voters of each county of this state in counties of the second, third, and fourth classification shall elect a registered land surveyor as county surveyor, who shall hold office for four years and until a successor is duly elected, commissioned and qualified. The person elected shall be commissioned by the governor.

2. An elected surveyor shall have resided within the county for which the person is elected six months immediately prior to election and shall after election continue to reside within the county for which the person is surveyor. An appointed surveyor need not reside within the county for which the person is surveyor.

3. Notwithstanding the provisions of subsection 1 of this section, or any other law to the contrary, the county commission of any county of the third or fourth classification may appoint a surveyor following the deadline for filing for the office of surveyor, if no qualified candidate files for the office in the general election in which the office would have been on the ballot, provided that the notice required by section 115.345 has been published in at least one newspaper of general circulation in the county. The appointed surveyor shall serve at the pleasure of the county commission, however, an appointed surveyor shall forfeit said office once a qualified individual, who has been duly elected at a regularly scheduled general election where the office of surveyor is on the ballot and who has been commissioned by the governor, takes office. The county commission shall fix appropriate compensation, which need not be equal to that of an elected surveyor.

77.230. A candidate for such appointed public office shall provide the appointing authority thereof with a signed and notarized affidavit stating that all state income taxes and property taxes, both personal property and real property, have been paid or the fact that no taxes were owed for the two fiscal years immediately prior to the filing deadline for the requisite elective public office.

115.357. 1. Except as provided in subsections 3 and 4 of this section, each candidate for federal, state or county office shall, before filing his **or her** declaration of candidacy, pay to the treasurer of the state or county committee of the political party upon whose ticket he **or she** seeks nomination a certain sum of money as follows:

(2) To the treasurer of the county central committee, fifty dollars if he or she is a candidate for county office.

2. The required sum may be submitted by the candidate to the official accepting his **or her** declaration of candidacy. All sums so submitted shall be forwarded promptly by the official to the treasurer of the appropriate party committee.

3. Any person who cannot pay the fee required to file as a candidate may have the fee waived by filing a declaration of inability to pay and a petition with his **or her** declaration of candidacy. Each such declaration shall be in substantially the following form:

DECLARATION OF INABILITY TO PAY FILING FEE

If the candidate's declaration of candidacy is to be filed in person, the declaration of inability to pay shall be subscribed and sworn to by the candidate before the election official who witnesses the candidate's declaration of candidacy. If his **or her** declaration of candidacy is to be filed by certified mail pursuant to subsection 2 of section 115.355, the declaration of inability to pay shall be subscribed and sworn to by the candidate before the notary or other officer who witnesses the candidate's declaration of candidacy. With his **or her** declaration of inability to pay, the candidate shall submit a petition endorsing his **or her** candidacy. Except for the number of signatures required, each such petition shall, insofar as practicable, be in the form provided in sections 115.321 and 115.325. If the person filing declaration of indigence is to be a candidate for statewide office, his **or her** petition shall be signed by the number of registered voters in the state equal to at least one-half of one percent of the total number of votes cast in the state for the office at the last election in which a candidate ran for the office. If the person filing a declaration of indigence is to be a candidate for any other office, the petition shall be signed by the number of registered voters in the district or political subdivision which is equal to at least one percent of the total number of votes cast for the office at the last election in which a candidate ran for the office. The candidate's declaration of inability to pay and the petition shall be filed at the same time and in the same manner as his **or her** declaration of candidacy is filed. The petition shall be checked and its sufficiency determined in the same manner as new party and independent candidate petitions.

4. No filing fee shall be required of any person who proposes to be an independent candidate, the candidate of a new party or a candidate for presidential elector.

5. Except as provided in subsections 3 and 4 of this section, no candidate's name shall be printed on any official ballot until the required fee has been paid.

162.291. The voters of each seven-director district other than urban districts shall, at municipal elections, elect two directors who are citizens of the United States and resident taxpayers of the district, who have resided in this state for one year next preceding their election or appointment, and who are ~~[at least twenty-four years of age]~~ **twenty-one years of age or older**.

190.050. 1. After the ambulance district has been declared organized, the declaring county commission, except in counties of the second class having more than one hundred five thousand inhabitants located adjacent to a county of the first class having a charter form of government which has a population of over nine hundred thousand inhabitants, shall divide the district into six election districts as equal in population as possible, and shall by lot number the districts from one to six inclusive. The county commission shall cause an election to be held in the ambulance district within ninety days after the order establishing the ambulance district to elect ambulance district directors. Each voter shall vote for one director from the ambulance election district in which the voter resides. The directors elected from districts one and four shall serve for a term of one year, the directors elected from districts two and five shall serve for a term of two years, and the directors from districts three and six shall serve for a term of three years; thereafter, the terms of all directors shall be three years. All directors shall serve the term to which they were elected or appointed, and until their successors are elected and qualified, except in cases of resignation or disqualification. The county commission shall reapportion the ambulance districts within sixty days after the population of the county is reported to the governor for each decennial census of the United States. Notwithstanding any other provision of law, if the number of candidates for the office of director is no greater than the number of directors to be elected, no election shall be held, and the candidates shall assume the responsibilities of their offices at the same time and in the same manner as if they have been elected.

2. In all counties of the second class having more than one hundred five thousand inhabitants located adjacent to a county of the first class having a charter form of government which has a population of over nine hundred thousand inhabitants, the voters shall vote for six directors elected at large from within the district for a term of three years. Those directors holding office in any district in such a county on August 13, 1976, shall continue to hold office until the expiration of their terms, and their successors shall be elected from the district at large for a term of three years. In any district formed in such counties after August 13, 1976, the governing body of the county shall cause an election to be held in that district within ninety days after the order establishing the ambulance district to elect ambulance district directors. Each voter shall vote for six directors. The two candidates receiving the highest number of votes at such election shall be elected for a term of three years, the two candidates receiving the third and fourth highest number of votes shall be elected for a term of two years, the two candidates receiving the fifth and sixth highest number of votes shall be elected for a term of one year; thereafter, the term of all directors shall be three years.

3. A candidate for director of the ambulance district shall, at the time of filing, be a citizen of the United States, a qualified voter of the election district as provided in subsection 1 of this section, a resident of the district for two years next preceding the election, and shall be ~~[at least twenty-four years of age]~~ **twenty-one years of age or older**. In an established district which is located within the jurisdiction of more than one election authority, the

candidate shall file his or her declaration of candidacy with the secretary of the board. In all other districts, a candidate shall file a declaration of candidacy with the county clerk of the county in which he or she resides. A candidate shall file a statement under oath that he or she possesses the required qualifications. No candidate's name shall be printed on any official ballot unless the candidate has filed a written declaration of candidacy pursuant to subsection 5 of section 115.127. If the time between the county commission's call for a special election and the date of the election is not sufficient to allow compliance with subsection 5 of section 115.127, the county commission shall, at the time it calls the special election, set the closing date for filing declarations of candidacy.

204.610. 1. There shall be five trustees, appointed or elected as provided for in the circuit court decree or amended decree of incorporation for a reorganized common sewer district, who shall reside within the boundaries of the district. Each trustee shall be a voter of the district and shall have resided in said district for twelve months immediately prior to the trustee's election or appointment. A trustee shall be ~~[at least twenty-five years of age]~~ **twenty-one years of age or older** and shall not be delinquent in the payment of taxes at the time of the trustee's election or appointment. Regardless of whether or not the trustees are elected or appointed, in the event the district extends into any county bordering the county in which the greater portion of the district lies, the presiding commissioner or other chief executive officer of the adjoining county shall be an additional member of the board of trustees, or the governing body of such bordering county may appoint a citizen from such county to serve as an additional member of the board of trustees. Said additional trustee shall meet the qualifications set forth in this section for a trustee.

2. The trustees shall receive no compensation for their services but may be compensated for reasonable expenses normally incurred in the performance of their duties. The board of trustees may employ and fix the compensation of such staff as may be necessary to discharge the business and purposes of the district, including clerks, attorneys, administrative assistants, and any other necessary personnel. The board of trustees may employ and fix the duties and compensation of an administrator for the district. The administrator shall be the chief executive officer of the district subject to the supervision and direction of the board of trustees. The administrator of the district may, with the approval of the board of trustees, retain consulting engineers for the district under such terms and conditions as may be necessary to discharge the business and purposes of the district.

3. Except as provided in subsection 1 of this section, the term of office of a trustee shall be five years. The remaining trustees shall appoint a person qualified under this section to fill any vacancy on the board. The initial trustees appointed by the circuit court shall serve until the first Tuesday after the first Monday in June or until the first Tuesday after the first Monday in April, depending upon the resolution of the trustees. In the event that the trustees are elected, said elections shall be conducted by the appropriate election authority under chapter 115. Otherwise, trustees shall be appointed by the county commission in accordance with the qualifications set forth in subsection 1 of this section.

4. Notwithstanding any other provision of law, if there is only one candidate for the post of trustee, then no election shall be held, and the candidate shall assume the responsibilities of office at the same time and in the same manner as if elected. If there is no candidate for the post of trustee, then no election shall be held for that post and it shall be considered vacant, to be filled under the provisions of subsection 3 of this section.

247.060. 1. The management of the business and affairs of the district is hereby vested in a board of directors, who shall have all the powers conferred upon the district except as herein otherwise provided. It shall be composed of five members, each of whom shall be a voter of the district and shall have resided in said district one whole year immediately prior to his or her election. A member shall be ~~[at least twenty-five years of age]~~ **twenty-one years of age or older** and shall not be delinquent in the payment of taxes at the time of his **or her** election. Except as provided in subsection 2 of this section, the term of office of a member of the board shall be three years. The remaining members of the board shall appoint a qualified person to fill any vacancy on the board. If no qualified person who lives in the subdistrict for which there is a vacancy is willing to serve on the board, the board may appoint an otherwise qualified person who lives in the district but not in the subdistrict in which the vacancy exists to fill such vacancy.

2. After notification by certified mail that he or she has two consecutive unexcused absences, any member of the board failing to attend the meetings of the board for three consecutive regular meetings, unless excused by the board for reasons satisfactory to the board, shall be deemed to have vacated the seat, and the secretary of the board shall certify that fact to the board. The vacancy shall be filled as other vacancies occurring in the board.

3. The initial members of the board shall be appointed by the circuit court and one shall serve until the immediately following first Tuesday after the first Monday in April, two shall serve until the first Tuesday after the first Monday in April on the second year following their appointment and the remaining appointees shall serve until

the first Tuesday after the first Monday in April on the third year following their appointment. On the expiration of such terms and on the expiration of any subsequent term, elections shall be held as otherwise provided by law, and such elections shall be held in April pursuant to section 247.180.

4. In 2008, 2009, and 2010, directors elected in such years shall serve from the first Tuesday after the first Monday in June until the first Tuesday in April of the third year following the year of their election. All directors elected thereafter shall serve from the first Tuesday in April until the first Tuesday in April of the third year following the year of their election.

5. Each member of the board may receive an attendance fee not to exceed one hundred dollars for attending each regularly called board meeting, or special meeting, but shall not be paid for attending more than two meetings in any calendar month, except that in a county of the first classification, a member shall not be paid for attending more than four meetings in any calendar month. However, no board member shall be paid more than one attendance fee if such member attends more than one board meeting in a calendar week. In addition, the president of the board of directors may receive fifty dollars for attending each regularly or specially called board meeting, but shall not be paid the additional fee for attending more than two meetings in any calendar month. Each member of the board shall be reimbursed for his or her actual expenditures in the performance of his or her duties on behalf of the district.

6. In no event, however, shall a board member receive any attendance fees or additional compensation authorized in subsection 5 of this section until after such board member has completed a minimum of six hours training regarding the responsibilities of the board and its members concerning the basics of water treatment and distribution, budgeting and rates, water utility planning, the funding of capital improvements, the understanding of water utility financial statements, the Missouri sunshine law, and this chapter.

7. The circuit court of the county having jurisdiction over the district shall have jurisdiction over the members of the board of directors to suspend any member from exercising his or her office, whensoever it appears that he or she has abused his or her trust or become disqualified; to remove any member upon proof or conviction of gross misconduct or disqualification for his or her office; or to restrain and prevent any alienation of property of the district by members, in cases where it is threatened, or there is good reason to apprehend that it is intended to be made in fraud of the rights and interests of the district.

8. The jurisdiction conferred by this section shall be exercised as in ordinary cases upon petition, filed by or at the instance of any member of the board, or at the instance of any ten voters residing in the district who join in the petition, verified by the affidavit of at least one of them. The petition shall be heard in a summary manner after ten days' notice in writing to the member or officer complained of. An appeal shall lie from the judgment of the circuit court as in other causes, and shall be speedily determined; but an appeal does not operate under any condition as a supersedeas of a judgment of suspension or removal from office.

249.140. 1. Any candidate for the office of trustee in the district shall be an American citizen ~~[over the age of twenty-five years]~~ **twenty-one years of age or older** and shall have been a resident within the county within which the district is situated for more than four whole years next before the date of the election at which he is a candidate and shall be a voter of the district. Any person desiring to become a candidate for the office of trustee at the election held on the original incorporation of the district, as provided in section 249.070, shall file with the county commission or with the election commissioners a statement, under oath, that he possesses the qualifications required by sections 249.010 to 249.420 for trustee and shall pay a filing fee of five dollars, whereupon his **or her** name shall be placed on the ballot as candidate for trustee. Any person desiring to become a candidate for the office of trustee in any subsequent election shall file such statement, under oath, with and pay such filing fee to the secretary of the board of trustees, whereupon his **or her** name shall be placed on the ballot as candidate for the office of trustee.

2. At such initial election the candidate who receives the highest number of votes shall be elected for a six-year term as trustee; the candidate who receives the second highest number of votes shall be elected for a four-year term as trustee; the candidate who receives the third highest number of votes shall be elected for a two-year term as trustee.

3. After his **or her** election each trustee shall take and subscribe ~~[his]~~ **an** oath or affirmation before the clerk of the circuit court to the effect that he **or she** is qualified to act as trustee under the provisions of sections 249.010 to 249.420 and that he **or she** will perform his **or her** duties as such trustee to the best of his **or her** ability and impartially in the interest of the whole district.

321.130. A person, to be qualified to serve as a director, shall be a resident and voter of the district for at least one year before the election or appointment and ~~[be over the age of twenty-four years]~~ **shall be twenty-one years of age or older**. In the event the person is no longer a resident of the district, the person's office shall be vacated, and the vacancy shall be filled as provided in section 321.200. Nominations and declarations of candidacy

shall be filed at the headquarters of the fire protection district by paying a filing fee equal to the amount of a candidate for county office as set forth under section 115.357, and filing a statement under oath that such person possesses the required qualifications. Thereafter, such candidate shall have the candidate's name placed on the ballot as a candidate for director.

483.010. No person shall be appointed or elected clerk of any court, unless he ~~be~~ **or she is** a citizen of the United States, ~~[above the age of twenty-one years]~~ **twenty-one years of age or older**, and shall have resided within the state one whole year, and within the geographical area over which the court has jurisdiction or, in the case of circuit clerks, within the county from which elected, three months before the appointment or election; and every clerk shall, after his **or her** appointment or election, reside in the geographical area over which the court he **or she** serves has jurisdiction or, in the case of circuit clerks, in the county for which he **or she** is clerk."; and

JOURNAL OF THE HOUSE

Second Regular Session, 100th GENERAL ASSEMBLY

SIXTY-FOURTH DAY, FRIDAY, MAY 15, 2020

The House met pursuant to adjournment.

Speaker Haahr in the Chair.

Prayer by Representative Ken Wilson.

Father, if ever we needed Your wisdom and guidance, it is now. As this legislative body begins this last day of this historic 100th session, and as we continue to face new and renewed challenges, we seek Your sovereign blessing on our State.

We pray, father, that You will continue to bless these men and women who have made and continue to make sacrifices each day as they carry out the job that they have been elected to do. You know each and every one of us. You know our motives, our hopes, and our fears. Father, wrap Your arms around each one in this chamber this day. Give them strength and speak to them and give them wisdom. That they may hear Your voice and seek Your guidance in all that they do and say.

May we always remember that You are concerned about what is said and done here, this day and every day to come.

And the House says, "Amen!"

The Pledge of Allegiance to the flag was recited.

The Speaker appointed the following to act as an Honorary Page for the Day, to serve without compensation: Ryan Valor.

The Journal of the sixty-third day was approved as printed by the following vote:

JOURNAL OF THE HOUSE

Second Regular Session, 100th GENERAL ASSEMBLY

FIFTY-FIFTH DAY, MONDAY, MAY 4, 2020

The House met pursuant to adjournment.

Speaker Pro Tem Wiemann in the Chair.

Prayer by Representative Ken Wilson.

Heavenly Father, it is our prayer that during these few minutes of prayer that they be filled with meaning, with peace and comfort to each member here this morning. Father, we ask for Your guidance for this day, because we know that we need only to concern ourselves with issues of this day. May your blessings of good health and safety be upon the members of this body. We pray for the family members at home as they continue to maintain a home and life. We pray for understanding and guidance, as we have so many things to do and so little time to do them in. Help us, Father, to make wise choices and proper use of our time. May this brief time of prayer find each member, in their own way, reaching out to You for Your help and guidance in all that we do this day. Hear our prayers this day.

The Pledge of Allegiance to the flag was recited.

The Journal of the fifty-second day was approved as printed.

The Journal of the fifty-third day was approved as corrected.

The Journal of the fifty-fourth day was approved as printed by the following vote:

4. Notwithstanding any provision of law to the contrary, in addition to the benefits available pursuant to subsections 2 and 3 of this section, for the duration of the project period, the state tax liability of the qualified company shall not exceed such qualified company's state tax liability for the tax year prior to the tax year in which the qualified company's project period for an eligible project begins. The department of revenue shall promulgate rules and regulations to implement the provisions of this subsection. Any rule or

portion of a rule, as that term is defined in section 536.010, that is created under the authority delegated in this section shall become effective only if it complies with and is subject to all of the provisions of chapter 536 and, if applicable, section 536.028. This section and chapter 536 are nonseverable and if any of the powers vested with the general assembly pursuant to chapter 536 to review, to delay the effective date, or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after August 28, 2020, shall be invalid and void.

5. In addition to the benefits available pursuant to subsections 2 to 4 of this section, improvements to real property, as such term is defined in section 137.010, made during the project period for an eligible project at a project facility determined by the local governing body to be located in a blighted area may, upon approval of an authorizing resolution by the governing authority having jurisdiction of the area in which the improvements are made, be exempt, in whole or in part, from assessment and payment of ad valorem taxes of one or more affected political subdivisions. Such authorizing resolution shall specify the percent of the exemption to be granted, the political subdivisions to which such exemption is to apply, the duration of the exemption to be granted, provided the exemption shall not apply after the end of the project period, and any other terms, conditions or stipulations otherwise required. A copy of the resolution shall be provided to the department within thirty calendar days following adoption of the resolution by the governing authority.

6. A qualified company that intends to seek benefits pursuant to this section shall submit to the department a notice of intent. The department shall respond within thirty days to a notice of intent with a proposal of benefits or a written response refusing to provide such a proposal and stating the reasons for such refusal, provided that the department may withhold approval or provide a contingent approval until it is satisfied that proper documentation of eligibility has been provided. A qualified company that has been refused a proposal of benefits may resubmit a notice of intent for the eligible project. Failure to respond on behalf of the department shall result in the notice of intent being deemed approved.

7. In evaluating a qualified company's notice of intent pursuant to this section, the department shall consider the following factors:

- (1) The significance of the qualified company's need for program benefits;
- (2) The amount of projected net fiscal benefit to the state of the project and the period in which the state would realize such net fiscal benefit;
- (3) The overall size and quality of the proposed project, including the number of new jobs, new capital investment, proposed wages, growth potential of the qualified company, the potential multiplier effect of the project, and similar factors;
- (4) The financial stability and creditworthiness of the qualified company;
- (5) The level of economic distress in the area;
- (6) An evaluation of the competitiveness of alternative locations for the project facility, as applicable; and
- (7) Any other factor required by the department.

8. Upon approval of a notice of intent and issuance of a proposal of benefits, the department and the qualified company shall enter into a written agreement covering the applicable project period. The agreement shall specify, at a minimum:

- (1) The committed number of new jobs and new capital investment for each year during the project period;
- (2) Clawback provisions, as may be required by the department;
- (3) Financial guarantee provisions as may be required by the department; and
- (4) Any other provisions the department may require.

9. A qualified company receiving benefits pursuant to this section shall provide an annual report to the department of the number of jobs, new capital investment, and such other information as may be required by the department to document the basis for program benefits by no later than ninety days prior to the end of the qualified company's tax year immediately following the tax year for which the benefits provided pursuant to this section are attributed. If the department determines the qualifying company fails to satisfy the provisions of the notice of intent, the qualified company shall not receive any benefits for the balance of the project period. Failure to timely file the annual report required pursuant to this subsection shall result in the recapture of withholding taxes retained by the qualified company during such year. Qualified companies approved for benefits pursuant to this section shall provide to the department, upon request, any and all information and records reasonably required to monitor compliance with program requirements.

10. Any qualified company that is awarded benefits pursuant to this section that knowingly hires individuals who are not allowed to work legally in the United States shall immediately forfeit such benefits and shall repay the state and local taxing jurisdictions, as applicable, an amount equal to any state or local tax benefits awarded pursuant to this section.

11. Notwithstanding any provision of law to the contrary, no qualified company shall simultaneously receive benefits pursuant to any other program for the capital investment or new jobs created for which the qualified company is seeking benefits pursuant to this section.

12. The department shall adopt rules and regulations to carry out the provisions of this section. Any rule or portion of a rule, as that term is defined in section 536.010, that is created under the authority delegated in this section shall become effective only if it complies with and is subject to all of the provisions of chapter 536 and, if applicable, section 536.028. This section and chapter 536 are nonseverable and if any of the powers vested with the general assembly pursuant to chapter 536 to review, to delay the effective date, or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after August 28, 2020, shall be invalid and void.

13. Under section 23.253 of the Missouri sunset act:

(1) The provisions of the new program authorized under this section shall automatically sunset five years after the effective date of this section unless reauthorized by an act of the general assembly;

(2) If such program is reauthorized, the program authorized under this section shall automatically sunset ten years after the effective date of the reauthorization of this section;

(3) This section shall terminate on September first of the calendar year immediately following the calendar year in which the program authorized under this section is sunset; and

(4) Nothing in this subsection shall prevent a qualified company from receiving benefits awarded pursuant to this section during the project period."; and

Further amend said bill by amending the title, enacting clause, and intersectional references accordingly.

Representative Reedy offered **House Amendment No. 4.**

House Amendment No. 4

AMEND House Bill No. 1710, Page 2, Section 53.010, Line 24, by inserting after all of said section and line the following:

"137.084. 1. Notwithstanding the provisions of sections 137.075 and 137.080 to the contrary, a building or other structure that is used as commercial property, newly constructed and occupied on any parcel of real property, shall be assessed and taxed on such assessed valuation as of the first day of the month following the date of occupancy for the proportionate part of the remaining year at the tax rates established for that year, in all taxing jurisdictions located in the county adopting this section as provided in subsection 8 of this section. Newly constructed commercial property that has never been occupied shall not be assessed as improved real property until such occupancy or January first of the year following the year in which construction of the improvements is completed. The provisions of this subsection shall apply in any county in which the governing body has previously adopted or hereafter adopts the provisions of this subsection. For purposes of this section, the term "county" shall include any county and any city not within a county.

2. The assessor may consider a property commercially occupied upon personal verification or if any two of the following conditions have been met:

- (1) An occupancy permit has been issued for the property;**
- (2) A deed transferring ownership from one party to another has been filed with the recorder of deeds' office subsequent to the date of the first permanent utility service;**
- (3) A utility company providing service in the county has verified a transfer of service for property from one party to another;**
- (4) The person or persons occupying the newly constructed property have registered a change of address with any local, state, or federal governmental office or agency.**

3. In implementing the provisions of this section, the assessor may use occupancy permits, building permits, warranty deeds, utility connection documents including telephone connections, or other official documents as may be necessary to discover the existence of newly constructed properties. No utility company shall refuse to provide verification monthly to the assessor of a utility connection to a newly occupied commercial property.

4. In the event that the assessment under subsections 1 and 2 of this section is not completed until after the deadline for filing appeals in a given tax year, the owner of the newly constructed property who is aggrieved by the assessment of the property may appeal this assessment the following year to the county board of equalization in accordance with chapter 138 and may pay any taxes under protest in accordance with section 139.031; provided, however, that such payment under protest shall not be required as a condition of appealing to the county board of equalization. The collector shall impound such protested taxes and shall not disburse such taxes until resolution of the appeal.

5. The increase in assessed valuation resulting from the implementation of the provisions of this section shall be considered new construction and improvements under the provisions of this chapter.

6. In counties that adopt the provisions of subsections 1 to 7 of this section, an amount not to exceed ten percent of all ad valorem property tax collections on newly constructed and occupied commercial property allocable to each taxing authority within counties of the first classification having a population of nine hundred thousand or more, one-tenth of one percent of all ad valorem property tax collections allocable to each taxing authority within all other counties of the first classification and one-fifth of one percent of all ad valorem property tax collections allocable to each taxing authority within counties of the second, third and fourth classifications and any county of the first classification having a population of at least eighty-two thousand inhabitants, but less than eighty-two thousand one hundred inhabitants, in addition to the amount prescribed by section 137.720 shall be deposited into the assessment fund of the county for collection costs.

7. For purposes of calculating the tax due on such newly constructed commercial property, the assessor or the board of equalization shall place the full amount of the assessed valuation on the tax book upon the first day of the month following occupancy. Such assessed valuation shall be taxed for each month of the year following such date at its new assessed valuation, and for each month of the year preceding such date at its previous valuation. The percentage derived from dividing the number of months at which the property is taxed at its new valuation by twelve shall be applied to the total assessed valuation of the new construction and improvements, and such percentage shall be included in the next year's base for the purposes of calculating the next year's tax levy rollback. The untaxed percentage shall be considered as new construction and improvements in the following year and shall be exempt from the rollback provisions.

8. The provisions of subsections 1 to 7 of this section shall be effective in any county in which the governing body of such county elects to adopt a proposal to implement such provisions. Such subsections shall become effective in such county on January first of the year following the election.

9. In any county that adopts the provisions of subsections 1 to 7 of this section prior to June first in any year under subsection 8 of this section, the assessor of such county shall, upon application of the property owner, remove on a pro rata basis from the tax book for the current year any commercial real property improvements destroyed by a natural disaster if such property is unoccupied and uninhabitable due to such destruction. On or after the first day of July, the board of equalization shall perform such duties. Any person claiming such destroyed property shall provide a list of such destroyed property to the county assessor. The assessor shall have available a supply of appropriate forms on which the claim shall be made. The assessor may verify all such destroyed property listed to ensure that the person made a correct statement. Any person who completes such a list and, with intent to defraud, includes property on the list that was not destroyed by a natural disaster shall, in addition to any other penalties provided by law, be assessed double the value of any property fraudulently listed. The list shall be filed by the assessor, after he or she has provided a copy of the list to the county collector and the board of equalization, in the office of the county clerk who, after entering the filing thereof, shall preserve and safely keep them. If the assessor, subsequent to such destruction, considers such property occupied as provided in subsection 2 of this section, the assessor shall consider such property new construction and improvements and shall assess such property accordingly as provided in subsection 1 of this section. For the purposes of this section, the term "natural disaster" means any disaster due to natural causes such as tornado, fire, flood, or earthquake.

10. HCS SCS SB 599, relating to financial instruments, was taken up by Representative Bondon.

On motion of Representative Bondon, the title of **HCS SCS SB 599** was agreed to.

Representative Pike offered **House Amendment No. 1**.

House Amendment No. 1

AMEND House Committee Substitute for Senate Committee Substitute for Senate Bill No. 599, Page 7, Section 30.758, Line 54, by inserting after all of said line the following:

"70.705. 1. The "Members Deposit Fund" is hereby created. It shall be the fund in which shall be accumulated the contributions made by members to the system, and from which shall be made transfers and refunds of members' contributions as provided in sections 70.600 to 70.755.

2. Except as provided otherwise in this section, the contributions of a member to the system shall be four percent of his compensations after the date he has completed sufficient employment for six months of credited service. Such contributions shall be made notwithstanding that the minimum salary or wages provided by law for any member shall thereby be changed. Each member shall be deemed to consent and agree to the deductions made and provided for herein. Payment of a member's compensation less such deductions shall be a full and complete discharge and acquittance of all claims and demands whatsoever for services rendered by him to a political subdivision, except as to benefits provided by this system.

3. The officer or officers responsible for making up the payrolls for each political subdivision shall cause the contributions provided for in this section to be deducted from the compensation of each member in the employ of the political subdivision, on each and every payroll, for each and every payroll period after the date he has

completed sufficient employment for six months of credited service to the date his membership terminates. When deducted, each of these amounts shall be paid by the political subdivision to the system; the payments shall be made in the manner and shall be accompanied by such supporting data as the board shall from time to time prescribe. When paid to the system, each of the amounts shall be credited to the members deposit fund account of the member from whose compensations the contributions were deducted.

4. In addition to the contributions deducted from the compensations of a member, as heretofore provided, a member shall deposit in the members deposit fund, by a single contribution or by an increased rate of contributions, as approved by the board, the amount or amounts he may have withdrawn therefrom and not repaid thereto, together with regular interest from the date of withdrawal to the date of repayment. In no case shall a member be given credit for service rendered prior to the date he withdrew his accumulated contributions until he returns to the members deposit fund all amounts due the fund by him.

5. Upon the retirement of a member, or upon his death if an allowance becomes payable on account of his death, his accumulated contributions shall be transferred to the benefit reserve fund.

6. Each political subdivision, by majority vote of its governing body, may elect with respect to its members **an alternate contribution amount of two percent or six percent of compensation or to eliminate future member contributions otherwise provided for in this section. Should a political subdivision elect one benefit program for members whose political subdivision employment is concurrently covered by federal Social Security and a different benefit program for members whose political subdivision employment is not concurrently covered by federal Social Security, as provided in section 70.655, the political subdivision may also, by majority vote of its governing body, make one election concerning member contributions provided for in this section for members whose political subdivision employment is concurrently covered by federal Social Security and one election concerning member contributions provided for in this section for members whose political subdivision employment is not concurrently covered by federal Social Security.** The clerk or secretary of the political subdivision shall certify the election concerning member contributions to the board within ten days after such vote. The effective date of the political subdivision's member contribution election is the first day of the calendar month specified by such governing body, or the first day of the calendar month next following receipt by the board of the certification of such election, or the effective date of the political subdivision's becoming an employer, whichever is the latest. Such election concerning member contributions may be changed from time to time by such vote, but not more often than once in two years. Except as provided in section 70.707, if such election is to eliminate member contributions, then such election shall apply only to future member compensations and shall not change the status of any member contributions made before such election. If the effect of such election is to require member contributions, then such election shall apply only to future member compensations and shall not change any member contribution requirements existing before such election. Should an employer change its member contribution requirements as provided in this section, the employer contribution requirements shall be correspondingly changed effective the same date as the member contribution change. The limitation on increases in an employer's contribution provided by subsection 6 of section 70.730 shall not apply to any contribution increase resulting from an employer electing to eliminate member contributions."; and

WHEREAS, I issued Executive Orders 20-04, 20-05, 20-06, and 20-08 during the state of emergency to provide greater flexibility to the State and its residents and provide necessary resources to address the COVID-19 public health threat; and

WHEREAS, Executive Order 20-04 was issued on March 18, 2020, ordering the temporary suspension of certain statutory and regulatory provisions related to telemedicine, motor carriers, and teaching certifications, and vested state agencies and executive boards and commissions with authority to waive or suspend statutory or regulatory requirements, subject to my approval, where strict compliance would hinder the State's response to COVID-19, and to ease licensing requirements to eliminate barriers to the provision of health care services and other professions; and

WHEREAS, Executive Order 20-05 was issued on March 23, 2020, ordering the temporary suspension of prohibitions on the sale of unprepared foods by restaurants; and

JOURNAL OF THE HOUSE

Second Regular Session, 100th GENERAL ASSEMBLY

FIFTY-SIXTH DAY, TUESDAY, MAY 5, 2020

The House met pursuant to adjournment.

Speaker Haahr in the Chair.

Prayer by Representative Jered Taylor.

Lord, we humbly come before You and give You praise and thanks for the many blessings in our life. Thank You for giving us the opportunity to serve You and the people of the state of Missouri.

We ask that You give us wisdom. Your word tell us in James 1:5-6, "Now if any of you lacks wisdom, he should ask God, who gives to all generously and without criticizing, and it will be given to him. But let him ask in faith without doubting."

Lord, we ask for wisdom to make decisions that are right in Your eyes. We want to be used by You. We realize there are still many important issues that we face.

Lord, teach us humility and forgiveness. We pray that You mend broken relationships so that we can come together to move this state forward. Thank You for loving us and sending Your Son to be the sacrifice for our sins. Let us use that as an example of how to love one another and serve You.

In Your name we pray.

And the house says, "Amen!"

The Pledge of Allegiance to the flag was recited.

The Journal of the fifty-fifth day was approved as printed by the following vote:

House Amendment No. 1

AMEND House Committee Substitute for Senate Substitute for Senate Bill No. 600, Page 59, Section 321.552, Line 69, by inserting after said section and line the following:

"407.100. 1. Whenever it appears to the attorney general that a person has engaged in, is engaging in, or is about to engage in any method, act, use, practice or solicitation, or any combination thereof, declared to be unlawful by this chapter, the attorney general may seek and obtain, in an action in a circuit court, an injunction prohibiting such person from continuing such methods, acts, uses, practices, or solicitations, or any combination thereof, or engaging therein, or doing anything in furtherance thereof.

2. In any action under subsection 1 of this section, and pursuant to the provisions of the Missouri Rules of Civil Procedure, the attorney general may seek and obtain temporary restraining orders, preliminary injunctions, temporary receivers, and the sequestering of any funds or accounts if the court finds that funds or property may be hidden or removed from the state or that such orders or injunctions are otherwise necessary.

3. If the court finds that the person has engaged in, is engaging in, or is about to engage in any method, act, use, practice or solicitation, or any combination thereof, declared to be unlawful by this chapter, it may make such orders or judgments as may be necessary to prevent such person from employing or continuing to employ, or to prevent the recurrence of, any prohibited methods, acts, uses, practices or solicitations, or any combination thereof, declared to be unlawful by this chapter.

4. The court, in its discretion, may enter an order of restitution, payable to the state, as may be necessary to restore to any person who has suffered any ascertainable loss, including, but not limited to, any moneys or property, real or personal, which may have been acquired by means of any method, act, use, practice or solicitation, or any combination thereof, declared to be unlawful by this chapter. It shall be the duty of the attorney general to distribute such funds to those persons injured. Such funds may or may not be interest-bearing accounts, but any interest which accrues to any such account shall be sent at least annually by the attorney general to the director of revenue to be deposited in the state treasury to the credit of the state general revenue fund.

5. The court, in its discretion, may appoint a receiver to ensure the conformance to any orders issued under subsection 3 of this section or to ensure the payment of any damages ordered under subsection 4 of this section.

6. The court may award to the state a civil penalty of not more than one thousand dollars per violation, **unless such violation is related to a state of emergency declared by the governor, in which case the court may award to the state a civil penalty of not more than two thousand dollars per violation**; except that, if the person who would be liable for such penalty shows, by a preponderance of the evidence, that a violation resulted from a bona fide error notwithstanding the maintenance of procedures reasonably adopted to avoid the error, no civil penalties shall be imposed.

7. Any action under this section may be brought in the county in which the defendant resides, in which the violation alleged to have been committed occurred, or in which the defendant has his principal place of business.

8. The attorney general is authorized to enter into consent judgments or consent injunctions with or without admissions of violations of this chapter. Violation of any such consent judgment or consent injunction shall be treated as a violation under section 407.110."; and

House Amendment No. 4

AMEND House Committee Substitute for Senate Substitute for Senate Bill No. 600, Page 2, Section A, Line 20, by inserting after all of said section and line the following:

"1.410. 1. Sections 1.410 to 1.485 shall be known and may be cited as the "Second Amendment Preservation Act".

2. The general assembly finds and declares that:

(1) The general assembly of the state of Missouri is firmly resolved to support and defend the Constitution of the United States against every aggression, whether foreign or domestic, and is duty bound to oppose every infraction of those principles that constitute the basis of the Union of the States because only a faithful observance of those principles can secure the union's existence and the public happiness;

(2) Acting through the Constitution of the United States, the people of the several states created the federal government to be their agent in the exercise of a few defined powers, while reserving for the state governments the power to legislate on matters concerning the lives, liberties, and properties of citizens in the ordinary course of affairs;

(3) The limitation of the federal government's power is affirmed under Amendment X of the Constitution of the United States, which defines the total scope of federal power as being that which has been delegated by the people of the several states to the federal government, and all power not delegated to the federal government in the Constitution of the United States is reserved to the states respectively or to the people themselves;

(4) If the federal government assumes powers that the people did not grant it in the Constitution of the United States, its acts are unauthoritative, void, and of no force;

(5) The several states of the United States respect the proper role of the federal government but reject the proposition that such respect requires unlimited submission. If the government, created by a compact among the states, was the exclusive or final judge of the extent of the powers granted to it by the states through the Constitution of the United States, the federal government's discretion, and not the Constitution of the United States, would necessarily become the measure of those powers. To the contrary, as in all other cases of compacts among powers having no common judge, each party has an equal right to judge for itself as to whether infractions of the compact have occurred, as well as to determine the mode and measure of redress. Although the several states have granted supremacy to laws and treaties made under the powers granted in the Constitution of the United States, such supremacy does not extend to various federal statutes, executive orders, administrative orders, court orders, rules, regulations, or other actions which collect data or restrict or prohibit the manufacture, ownership, and use of firearms, firearm accessories, or ammunition exclusively within the borders of Missouri; such statutes, executive orders, administrative orders, court orders, rules, regulations, and other actions exceed the powers granted to the federal government except to the extent they are necessary and proper for governing and regulating the United States Armed Forces or for organizing, arming, and disciplining militia forces actively employed in the service of the United States Armed Forces;

(6) The people of the several states have given Congress the power "to regulate commerce with foreign nations, and among the several states", but "regulating commerce" does not include the power to limit citizens' right to keep and bear arms in defense of their families, neighbors, persons, or property, or to dictate what sort of arms and accessories law-abiding Missourians may buy, sell, exchange, or otherwise possess within the borders of this state;

(7) The people of the several states have also granted Congress the power "to lay and collect taxes, duties, imports, and excises, to pay the debts, and provide for the common defense and general welfare of the United States" and "to make all laws which shall be necessary and proper for carrying into execution the powers vested by the Constitution of the United States in the government of the United States, or in any department or office thereof". These constitutional provisions merely identify the means by which the federal government may execute its limited powers and shall not be construed to grant unlimited power because to do so would be to destroy the carefully constructed equilibrium between the federal and state governments. Consequently, the general assembly rejects any claim that the taxing and spending powers of Congress may be used to diminish in any way the right of the people to keep and bear arms;

(8) The people of Missouri have vested the general assembly with the authority to regulate the manufacture, possession, exchange, and use of firearms within the borders of this state, subject only to the limits imposed by Amendment II of the Constitution of the United States and the Constitution of Missouri; and

(9) The general assembly of the state of Missouri strongly promotes responsible gun ownership, including parental supervision of minors in the proper use, storage, and ownership of all firearms; the prompt reporting of stolen firearms; and the proper enforcement of all state gun laws. The general assembly of the state of Missouri hereby condemns any unlawful transfer of firearms and the use of any firearm in any criminal or unlawful activity.

1.420. The following federal acts, laws, executive orders, administrative orders, court orders, rules, and regulations shall be considered infringements on the people's right to keep and bear arms, as guaranteed by Amendment II of the Constitution of the United States and Article I, Section 23 of the Constitution of Missouri, within the borders of this state including, but not limited to:

(1) Any tax, levy, fee, or stamp imposed on firearms, firearm accessories, or ammunition not common to all other goods and services and that might reasonably be expected to create a chilling effect on the purchase or ownership of those items by law-abiding citizens;

(2) Any registering or tracking of firearms, firearm accessories, or ammunition that might reasonably be expected to create a chilling effect on the purchase or ownership of those items by law-abiding citizens;

(3) Any registering or tracking of the owners of firearms, firearm accessories, or ammunition that might reasonably be expected to create a chilling effect on the purchase or ownership of those items by law-abiding citizens;

(4) Any act forbidding the possession, ownership, or use or transfer of a firearm, firearm accessory, or ammunition by law-abiding citizens; and

(5) Any act ordering the confiscation of firearms, firearm accessories, or ammunition from law-abiding citizens.

1.430. All federal acts, laws, executive orders, administrative orders, court orders, rules, and regulations, regardless if enacted before or after the provisions of sections 1.410 to 1.485, that infringe on the people's right to keep and bear arms as guaranteed by Amendment II of the Constitution of the United States and Article I, Section 23 of the Constitution of Missouri shall be invalid in this state, shall not be recognized by this state, shall be specifically rejected by this state, and shall be considered null, void, and of no effect in this state.

1.440. It shall be the duty of the courts and law enforcement agencies of this state to protect the rights of law-abiding citizens to keep and bear arms within the borders of this state and to protect these rights from the infringements defined under section 1.420.

1.450. No person, including any public officer or employee of this state or any political subdivision of this state, shall have the authority to enforce or attempt to enforce any federal acts, laws, executive orders, administrative orders, court orders, rules, regulations, statutes, or ordinances infringing on the right to keep and bear arms as described under section 1.410.

1.460. 1. Any entity or person who acts knowingly, as defined under section 562.016, to violate the provisions of section 1.450 or otherwise knowingly deprives a citizen of Missouri of the rights or privileges ensured by Amendment II of the Constitution of the United States or Article I, Section 23 of the Constitution of Missouri, while acting under the color of any state or federal law, shall be liable to the injured party in an action at law, suit in equity, or other proper proceeding for redress.

2. In such actions, the court may award the prevailing party, other than the state of Missouri or any political subdivision of the state, reasonable attorney's fees and costs.

3. Sovereign, official, or qualified immunity shall not be an affirmative defense in such actions.

1.470. 1. Any person acting as an official, agent, employee, or deputy of the government of the United States, or otherwise acting under the color of federal law within the borders of this state, who knowingly, as defined under section 562.016:

(1) Enforces or attempts to enforce any of the infringements identified in section 1.420; or

(2) Gives material aid and support to the efforts of others who enforce or attempt to enforce any of the infringements identified in section 1.420

shall be permanently ineligible to serve as a law enforcement officer or to supervise law enforcement officers for the state or any political subdivision of the state.

2. Neither the state nor any political subdivision of the state shall employ as a law enforcement officer or supervisor of law enforcement officers any person who is ineligible to serve in such capacity under this section.

3. Any person residing or conducting business in a jurisdiction who believes that a law enforcement officer or supervisor of law enforcement officers of such jurisdiction has taken action that would render that officer or supervisor ineligible under this section to serve in such capacity shall have standing to pursue an action for declaratory judgment in the circuit court of the county in which the action allegedly occurred, or in the circuit court of Cole County, with respect to the employment eligibility of the law enforcement officer or the supervisor of law enforcement officers under this section.

4. If a court determines that a law enforcement officer or supervisor of law enforcement officers has taken any action that would render him or her ineligible to serve in that capacity under this section:

(1) The law enforcement officer or supervisor of law enforcement officers shall immediately be terminated from his or her position; and

(2) The jurisdiction that had employed the ineligible law enforcement officer or supervisor of law enforcement officers shall be required to pay the court costs and attorney's fees associated with the declaratory judgment action that resulted in the finding of ineligibility.

5. Nothing in this section shall preclude a person's right of appeal or remediation, as provided under chapter 590.

1.480. For the purposes of sections 1.410 to 1.485, the term "law-abiding citizen" shall mean a person who is not otherwise precluded under state law from possessing a firearm and shall not be construed to include anyone who is not legally present in the United States or the state of Missouri.

1.485. If any provision of sections 1.410 to 1.485 or the application thereof to any person or circumstance is held invalid, such determination shall not affect the provisions or applications of sections 1.410 to 1.485, which may be given effect without the invalid provision or application, and the provisions of sections 1.410 to 1.485 are severable."; and

Further amend said bill, Page 112, Section 650.005, Line 59, by inserting after all of said section and line the following:

~~"[1.320. The general assembly of the state of Missouri strongly promotes responsible gun ownership, including parental supervision of minors in the proper use, storage, and ownership of all firearms, the prompt reporting of stolen firearms, and the proper enforcement of all state gun laws. The general assembly of the state of Missouri hereby condemns any unlawful transfer of firearms and the use of any firearm in any criminal or unlawful activity.];"~~ and

2. No rule or portion of a rule promulgated under the authority of this chapter shall become effective unless it has been promulgated pursuant to the provisions of ~~[section 536.024]~~ **chapter 536**.

213.040. 1. It shall be an unlawful housing practice:

(1) To refuse to sell or rent after the making of a bona fide offer, to refuse to negotiate for the sale or rental of, to deny or otherwise make unavailable, a dwelling to any person because of race, color, religion, national origin, ancestry, sex, **sexual orientation, gender identity**, disability, or familial status;

(3) To make, print, or publish, or cause to be made, printed, or published any notice, statement or advertisement, with respect to the sale or rental of a dwelling that indicates any preference, limitation, or discrimination because of race, color, religion, national origin, ancestry, sex, **sexual orientation, gender identity**, disability, or familial status, or an intention to make any such preference, limitation, or discrimination;

(4) To represent to any person because of race, color, religion, national origin, ancestry, sex, **sexual orientation, gender identity**, disability, or familial status that any dwelling is not available for inspection, sale, or rental when such dwelling is in fact so available;

(6) To discriminate in the sale or rental of, or to otherwise make unavailable or deny, a dwelling to any buyer or renter because of a disability of:

(b) A person residing in or intending to reside in that dwelling after it is so sold, rented, or made available; or

(c) Any person associated with that person.

2. For purposes of this section and sections 213.045 and 213.050, discrimination includes:

(1) A refusal to permit, at the expense of the person with the disability, reasonable modifications of existing premises occupied or to be occupied by such person if such modifications may be necessary to afford such person full enjoyment of the premises, except that, in the case of a rental, the landlord may, where it is reasonable to do so, condition permission for a modification on the renter's agreeing to restore the interior of the premises to the condition that existed before the modification, reasonable wear and tear excepted;

(2) A refusal to make reasonable accommodations in rules, policies, practices, or services, when such accommodations may be necessary to afford such person equal opportunity to use and enjoy a dwelling; or

(3) In connection with the design and construction of covered multifamily dwellings for first occupancy after March 13, 1991, a failure to design and construct those dwellings in such a manner that:

(a) The public use and common use portions of such dwellings are readily accessible to and usable by persons with a disability;

(b) All the doors designed to allow passage into and within all premises within such dwellings are sufficiently wide to allow passage by persons with a disability in wheelchairs; and

(c) All premises within such dwellings contain the following features of adaptive design:

- a. An accessible route into and through the dwelling;
- b. Light switches, electrical outlets, thermostats, and other environmental controls in accessible locations;
- c. Reinforcements in bathroom walls to allow later installation of grab bars; and
- d. Usable kitchens and bathrooms such that an individual in a wheelchair can maneuver about the space.

3. As used in subdivision (3) of subsection 2 of this section, the term “covered multifamily dwelling” means:

- (1) Buildings consisting of four or more units if such buildings have one or more elevators; and
- (2) Ground floor units in other buildings consisting of four or more units.

4. Compliance with the appropriate requirements of the American National Standard for Buildings and Facilities providing accessibility and usability for people with physical disabilities, commonly cited as “ANSI A117.1”, suffices to satisfy the requirements of paragraph (a) of subdivision (3) of subsection 2 of this section.

5. Where a unit of general local government has incorporated into its laws the requirements set forth in subdivision (3) of subsection 2 of this section, compliance with such laws shall be deemed to satisfy the requirements of that subdivision. Such compliance shall be subject to the following provisions:

(1) A unit of general local government may review and approve newly constructed covered multifamily dwellings for the purpose of making determinations as to whether the design and construction requirements of subdivision (3) of subsection 2 of this section are met;

(2) The commission shall encourage, but may not require, the units of local government to include in their existing procedures for the review and approval of newly constructed covered multifamily dwellings, determinations as to whether the design and construction of such dwellings are consistent with subdivision (3) of subsection 2 of this section, and shall provide technical assistance to units of local government and other persons to implement the requirements of subdivision (3) of subsection 2 of this section;

(3) Nothing in this chapter shall be construed to require the commission to review or approve the plans, designs or construction of all covered dwellings, to determine whether the design and construction of such dwellings are consistent with the requirements of subdivision (3) of subsection 2 of this section.

6. Nothing in this chapter shall be construed to invalidate or limit any law of the state or political subdivision of the state, or other jurisdiction in which this chapter shall be effective, that requires dwellings to be designed and constructed in a manner that affords persons with disabilities greater access than is required by this chapter.

7. Nothing in this section and sections 213.045 and 213.050 requires that a dwelling be made available to an individual whose tenancy would constitute a direct threat to the health or safety of other individuals or whose tenancy would result in substantial physical damage to the property of others.

8. Nothing in this section and sections 213.045 and 213.050 limits the applicability of any reasonable local or state restriction regarding the maximum number of occupants permitted to occupy a dwelling, nor does any provision in this section and sections 213.045 and 213.050 regarding familial status apply with respect to housing for older persons.

9. As used in this section and sections 213.045 and 213.050, “housing for older persons” means housing:

(1) Provided under any state or federal program that the commission determines is specifically designed and operated to assist elderly persons, as defined in the state or federal program;

(2) Intended for, and solely occupied by, persons sixty-two years of age or older; or

(3) Intended and operated for occupancy by at least one person fifty-five years of age or older per unit. In determining whether housing qualifies as housing for older persons under this subsection, the commission shall develop regulations which require at least the following factors:

(a) The existence of significant facilities and services specifically designed to meet the physical or social needs of older persons, or if the provision of such facilities and services is not practicable, that such housing is necessary to provide important housing opportunities for older persons; and

(b) That at least eighty percent of the units are occupied by at least one person fifty-five years of age or older per unit; and

(c) The publication of, and adherence to, policies and procedures which demonstrate an intent by the owner or manager to provide housing for persons fifty-five years of age or older.

10. Housing shall not fail to meet the requirements for housing for older persons by reason of:

(1) Persons residing in such housing as of August 28, 1992, who do not meet the age requirements of subdivision (2) or (3) of subsection 9 of this section, provided that new occupants of such housing meet the age requirements of subdivision (2) or (3) of subsection 9 of this section; or

(2) Unoccupied units, provided that such units are reserved for occupancy by persons who meet the age requirements of subdivision (2) or (3) of subsection 9 of this section.

11. Nothing in this section or section 213.045 or 213.050 shall prohibit conduct against a person because such person has been convicted by any court of competent jurisdiction of the illegal manufacture or distribution of a controlled substance, as defined by section 195.010.

12. Nothing in this chapter shall prohibit a religious organization, association, or society, or any nonprofit institution or organization operated, supervised or controlled by or in conjunction with a religious organization, association, or society, from limiting the sale, rental or occupancy of dwellings which it owns or operates for other than a commercial purpose to persons of the same religion, or from giving preference to such persons, unless membership in such religion is restricted on account of race, color, or national origin. Nor shall anything in this chapter prohibit a private club not in fact open to the public, which as an incident to its primary purpose or purposes provides lodging which it owns or operates for other than a commercial purpose, from limiting the rental or occupancy of such lodging to its members or from giving preference to its members.

13. Nothing in this chapter, other than the prohibitions against discriminatory advertising in subdivision (3) of subsection 1 of this section, shall apply to:

(1) The sale or rental of any single family house by a private individual owner, provided the following conditions are met:

(a) The private individual owner does not own or have any interest in more than three single family houses at any one time; and

(b) The house is sold or rented without the use of a real estate broker, agent or salesperson or the facilities of any person in the business of selling or renting dwellings and without publication, posting or mailing of any advertisement. If the owner selling the house does not reside in it at the time of the sale or was not the most recent resident of the house prior to such sale, the exemption in this section applies to only one such sale in any twenty-four-month period; or

(2) Rooms or units in dwellings containing living quarters occupied or intended to be occupied by no more than four families living independently of each other, if the owner actually maintains and occupies one of such living quarters as his or her residence.

213.045. It shall be unlawful for any bank, building and loan association, insurance company or other corporation, association, firm or enterprise whose business consists in whole or in part in the making of commercial real estate loans, to deny a loan or other financial assistance because of race, color, religion, national origin, ancestry, sex, **sexual orientation, gender identity**, disability or familial status to a person applying therefor for the purpose of purchasing, construction, improving, repairing, or maintaining a dwelling, or to discriminate against ~~him~~ **such person** in fixing of the amount, interest rate, duration or other terms or conditions of such loan or other financial assistance, because of the race, color, religion, national origin, ancestry, sex, **sexual orientation, gender identity**, disability, or familial status of such person or of any person associated with ~~him~~ **such person** in connection with such loan or other financial assistance, or of the present or prospective owners, lessees, tenants, or occupants, of the dwellings in relation to which such loan or other financial assistance is to be made or given.

213.050. It shall be unlawful to deny any person access to or membership or participation in any multiple listing service, real estate brokers' organization or other service organization, or facility relating to the business of selling or renting dwellings, because of race, color, religion, national origin, ancestry, sex, **sexual orientation, gender identity**, disability, or familial status.

213.055. 1. It shall be an unlawful employment practice:

(1) For an employer, because of the race, color, religion, national origin, sex, **sexual orientation, gender identity**, ancestry, age or disability of any individual:

(a) To fail or refuse to hire or to discharge any individual, or otherwise to discriminate against any individual with respect to ~~his~~ **such individual's** compensation, terms, conditions, or privileges of employment, because of such individual's race, color, religion, national origin, sex, **sexual orientation, gender identity**, ancestry, age or disability;

(b) To limit, segregate, or classify ~~his~~ employees or ~~his~~ employment applicants in any way which would deprive or tend to deprive any individual of employment opportunities or otherwise adversely affect ~~his~~ **such individual's** status as an employee, because of such individual's race, color, religion, national origin, sex, **sexual orientation, gender identity**, ancestry, age or disability;

(2) For a labor organization to exclude or to expel from its membership any individual or to discriminate in any way against any of its members or against any employer or any individual employed by an employer because of

race, color, religion, national origin, sex, **sexual orientation, gender identity**, ancestry, age or disability of any individual; or to limit, segregate, or classify its membership, or to classify or fail or refuse to refer for employment any individual, in any way which would deprive or tend to deprive any individual of employment opportunities, or would limit such employment opportunities or otherwise adversely affect **[his] such individual's** status as an employee or as an applicant for employment, because of such individual's race, color, religion, national origin, sex, **sexual orientation, gender identity**, ancestry, age or disability; or for any employer, labor organization, or joint labor-management committee controlling apprenticeship or other training or retraining, including on-the-job training programs to discriminate against any individual because of **[his] such individual's** race, color, religion, national origin, sex, **sexual orientation, gender identity**, ancestry, age or disability in admission to, or employment in, any program established to provide apprenticeship or other training;

(3) For any employer or employment agency to print or circulate or cause to be printed or circulated any statement, advertisement or publication, or to use any form of application for employment or to make any inquiry in connection with prospective employment, which expresses, directly or indirectly, any limitation, specification, or discrimination, because of race, color, religion, national origin, sex, **sexual orientation, gender identity**, ancestry, age or disability unless based upon a bona fide occupational qualification or for an employment agency to fail or refuse to refer for employment, or otherwise to discriminate against, any individual because of his or her race, color, religion, national origin, sex, **sexual orientation, gender identity**, ancestry, age as it relates to employment, or disability, or to classify or refer for employment any individual because of his or her race, color, religion, national origin, sex, **sexual orientation, gender identity**, ancestry, age or disability.

2. 2. All law enforcement agencies making misdemeanor and felony arrests as determined by section 43.506 shall furnish without undue delay, to the central repository, fingerprints, photograph, and if available, any other unique biometric identification collected, charges, appropriate charge codes, and descriptions of all persons who are arrested for such offenses on standard fingerprint forms supplied or approved by the highway patrol or electronically in a format and manner approved by the highway patrol and in compliance with the standards set by the Federal Bureau of Investigation in its Automated Fingerprint Identification System or its successor program. All such agencies shall also notify the central repository of all decisions not to refer such arrests for prosecution. An agency making such arrests may enter into arrangements with other law enforcement agencies for the purpose of furnishing without undue delay such fingerprints, photograph, and if available, any other unique biometric identification collected, charges, appropriate charge codes, and descriptions to the central repository upon its behalf. **All such agencies shall also notify the central repository of any firearm reported stolen and the serial number of the firearm.**

3. In instances where an individual less than seventeen years of age and not currently certified as an adult is taken into custody for an offense which would be a felony if committed by an adult, the arresting officer shall take fingerprints for the central repository. These fingerprints shall be taken on fingerprint cards supplied by or approved by the highway patrol or transmitted electronically in a format and manner approved by the highway patrol and in compliance with the standards set by the Federal Bureau of Investigation in its Automated Fingerprint Identification System or its successor program. The fingerprint cards shall be so constructed that the name of the juvenile should not be made available to the central repository. The individual's name and the unique number associated with the fingerprints and other pertinent information shall be provided to the court of jurisdiction by the agency taking the juvenile into custody. The juvenile's fingerprints and other information shall be forwarded to the central repository and the courts without undue delay. The fingerprint information from the card shall be captured and stored in the automated fingerprint identification system operated by the central repository. In the event the fingerprints are found to match other tenprints or unsolved latent prints, the central repository shall notify the submitting agency who shall notify the court of jurisdiction as per local agreement. Under section 211.031, in instances where a juvenile over fifteen and one-half years of age is alleged to have violated a state or municipal traffic ordinance or regulation, which does not constitute a felony, and the juvenile court does not have jurisdiction, the juvenile shall not be fingerprinted unless certified as an adult.

4. Upon certification of the individual as an adult, the certifying court shall order a law enforcement agency to immediately fingerprint and photograph the individual and certification papers will be forwarded to the appropriate law enforcement agency with the order for fingerprinting. The law enforcement agency shall submit such fingerprints, photograph, and certification papers to the central repository within fifteen days and shall furnish the offense cycle number associated with the fingerprints to the prosecuting attorney or the circuit attorney of a city not within a county and to the clerk of the court ordering the subject fingerprinted. If the juvenile is acquitted of the crime and is no longer certified as an adult, the prosecuting attorney shall notify within fifteen days the central repository of the change of status of the juvenile. Records of a child who has been fingerprinted and photographed after being taken into custody shall be closed records as provided under section 610.100 if a petition has not been filed within thirty days of the date that the child was taken into custody; and if a petition for the child has not been filed within one year of the date the child was taken into custody, any records relating to the child concerning the alleged offense may be expunged under the procedures in sections 610.122 to 610.126.

5. The prosecuting attorney of each county or the circuit attorney of a city not within a county or the municipal prosecuting attorney shall notify the central repository on standard forms supplied by the highway patrol or in a manner approved by the highway patrol of his or her decision to not file a criminal charge on any charge referred to such prosecuting attorney or circuit attorney for criminal charges. All records forwarded to the central repository and the courts by prosecutors or circuit attorneys as required by sections 43.500 to 43.530 shall include the state offense cycle number of the offense, the charge code for the offense, and the originating agency identifier number of the reporting prosecutor, using such numbers as assigned by the highway patrol.

6. The clerk of the courts of each county or city not within a county shall furnish, to the department of corrections or department of mental health, court judgment and sentence documents and the state offense cycle number and the charge code of the offense which resulted in the commitment or assignment of an offender to the jurisdiction of the department of corrections or the department of mental health if the person is committed pursuant to chapter 552. This information shall be reported to the department of corrections or the department of mental health at the time of commitment or assignment. If the offender was already in the custody of the department of corrections or the department of mental health at the time of such subsequent conviction, the clerk shall furnish notice of such subsequent conviction to the appropriate department by certified mail, return receipt requested, or in a manner and format mutually agreed to, within fifteen days of such disposition.

8. Information and fingerprints, photograph and if available, any other unique biometric identification collected, forwarded to the central repository, normally obtained from a person at the time of the arrest, may be obtained at any time the subject is in the criminal justice system or committed to the department of mental health. A law enforcement agency or the department of corrections may fingerprint, photograph, and capture any other unique biometric identification of the person unless collecting other unique biometric identification of the person is not financially feasible for the law enforcement agency, and obtain the necessary information at any time the subject is in custody. If at the time of any court appearance, the defendant has not been fingerprinted and photographed for an offense in which a fingerprint and photograph is required by statute to be collected, maintained, or disseminated by the central repository, the court shall order a law enforcement agency or court marshal to fingerprint and photograph immediately the defendant. The order for fingerprints shall contain the offense, charge code, date of offense, and any other information necessary to complete the fingerprint card. The law enforcement agency or court marshal shall submit such fingerprints, photograph, and if available, any other unique biometric identification collected, to the central repository without undue delay and within thirty days and shall furnish the offense cycle number associated with the fingerprints to the prosecuting attorney or the circuit attorney of a city not within a county and to the court clerk of the court ordering the subject fingerprinted.

9. All records forwarded to the central repository by the department as required by sections 43.500 to 43.651 shall include the offense cycle number of the offense, and the originating agency identifier number of the department using such numbers as assigned by the highway patrol.

43.665. The highway patrol shall, subject to appropriation, maintain a web page that shall be open to the public and shall include a stolen firearm search capability. The stolen firearm search shall make it possible for any person using the internet to search for the serial number of a firearm and determine whether the firearm has been reported stolen. The highway patrol shall not be required to provide any other information regarding a stolen firearm."; and
